Because of Winn-Dixie HarperCollins

Published around the world to great acclaim. A tender, beautifully told, award-winning novel by New Zealand's most loved writer for children. Frankie Parsons is twelve going on old man: an apparently sensible, talented boy with a drumbeat of worrying questions steadily gaining volume in his head. Are the smoke alarm batteries flat? Does the cat, and therefore the rest of the family, have worms? Is the kidney-shaped spot on his chest actually a galloping cancer? Most of the significant people in Frankie's world - his father, his brother and sister, his great-aunts, his best friend Gigs - seem gloriously untroubled by worry. Only Ma takes seriously his catalogue of persistent anxieties; only Ma listens patiently to his 10pm queries. But of course, it is Ma who is the cause of the most worrying question of all, the one that Frankie can never bring himself to ask. Then the new girl arrives at school and has questions of her own: relentless, unavoidable questions. So begins the unravelling of Frankie Parson's carefully controlled world. So begins the painful business of fronting up to the unpalatable: the ultimate 10pm question. The 10pm Question is an award-winning novel which defies all age categories. It does so with a sparkling wit and an operatic cast of characters so delightful and maddening they become dear to us.

Ten years ago, Kate Braestrup and her husband Drew were enjoying the life they shared together. They had four young children, and Drew, a Maine state trooper, would soon begin training to become a minister as well. Then early one morning Drew left for work and everything changed. On the very roads that he protected every day, an oncoming driver lost control, and Kate lost her husband. Stunned and grieving, Kate decided to continue her husband's dream and became a minister herself. And in that capacity she found a most unusual mission: serving as the minister on search and rescue missions in the Maine woods, giving comfort to people whose loved ones are missing, and to the wardens who sometimes have to deal with awful outcomes. Whether she is with the parents of a 6-year-old girl who had wandered into the woods, with wardens as they search for a snowmobile rider trapped under the ice, or assisting a man whose sister left an infant seat and a suicide note in her car by the side of the road, Braestrup provides solace, understanding, and spiritual guidance when it's needed most. Here if You Need Me is the story of Kate Braestrup's remarkable journey from grief to faith to happiness. NEW YORK TIMES BESTSELLER • "A meditation on sense-making when there's no sense to be made, on letting go when we can't hold on, and on being unafraid even when we're terrified."—Lucy Kalanithi "Belongs on the shelf alongside other terrific books about this difficult subject, like Paul Kalanithi's When Breath Becomes Air and Atul Gawande's Being Mortal."—Bill Gates NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE Kate Bowler is a professor at Duke Divinity School with a modest Christian upbringing, but she specializes in the study of the prosperity gospel, a creed that sees fortune as a blessing from God and misfortune as a mark of God's disapproval. At thirty-five, everything in her life seems to point toward "blessing." She is thriving in her job, married to her high school sweetheart, and loves life with her newborn son. Then she is diagnosed with stage IV colon cancer. The prospect of her own mortality forces Kate to realize that she has been tacitly subscribing to the prosperity gospel, living with the conviction that she can control the shape of her life with "a surge of determination." Even as this type of Christianity celebrates the American can-do spirit, it implies that if you "can't do" and succumb to illness or misfortune, you are a failure. Kate is very sick, and no amount of positive thinking will shrink her tumors. What does it mean to die, she wonders, in a society that insists everything happens for a reason? Kate is stripped of this certainty only to discover that without it, life is hard but beautiful in a way it never has been before. Frank and funny, dark and wise, Kate Bowler pulls the reader deeply into her life in an account she populates affectionately with a colorful, often hilarious retinue of friends, mega-church preachers, relatives, and doctors. Everything Happens for a Reason tells her story, offering up her irreverent, hard-won observations on dying and the ways it has taught her to live. Praise for Everything Happens for a Reason "I fell hard and fast for Kate Bowler. Her writing is naked, elegant, and gripping—she's like a Christian Joan Didion. I left Kate's story feeling more present, more grateful, and a hell of a lot

less alone. And what else is art for?"—Glennon Doyle, #1 New York Times bestselling author of *Love Warrior* and president of Together Rising

Meet filmmaker Barney Kettle, who liked to invent stories but found a real one under his nose. Barney Kettle knew he would be a very famous film director one day, he just didn't know when that day would arrive. He was already an actual director - he'd made four fifteen-minute films - but so far only his schoolmates and the residents of the High Street had viewed them. Global fame was a little way off. It would come, though. Barney was certain about that ... So begins the manuscript written from the hospital bed of an unnamed man. He has written it over many months as he recovers from serious injuries sustained in a city-wide catastrophe. He has written so he can remember the street where he lived, home to a cavalcade of interesting people, singular shops, and curious stories. He has written so he can remember the summer before he was injured, the last days of a vanished world. Above all, he has written so he can remember the inimitable Barney Kettle, filmmaker, part-time dictator, questing brain, theatrical friend; a boy who loved to invent stories but found a real one under his nose; a boy who explored his neighbourhood with camera in hand and stumbled on a mystery that changed everything ... A beautiful story: big-hearted, richly entertaining, powerful. 2016 Storylines Notable Junior Fiction Award and winner of the Esther Glen Award at the 2016 NZ Book Awards for Children and Young Adults.

The 10pm Question John Wiley & Sons

"A must-read—a gorgeous literary novel that asks us to imagine all the possible versions of ourselves that might exist."—J. Courtney Sullivan, New York Times bestselling author of *Saints for All Occasions* The residents of a sleepy mountain town are rocked by troubling visions of an alternate reality in this dazzling debut that combines the family-driven suspense of Celeste Ng's *Little Fires Everywhere* with the inventive storytelling of *The Immortalists*. In the quiet haven of Clearing, Oregon, four neighbors find their lives upended when they begin to see themselves in parallel realities. Ginny, a devoted surgeon whose work often takes precedence over her family, has a baffling vision of a beautiful co-worker in Ginny's own bed and begins to doubt the solidity of her marriage. Ginny's husband, Mark, a wildlife

scientist, sees a vision that suggests impending devastation and grows increasingly paranoid, threatening the safety of his wife and son.

Samara, a young woman desperately mourning the recent death of her mother and questioning why her father seems to be coping with such ease, witnesses an apparition of her mother healthy and vibrant and wonders about the secrets her parents may have kept from her. Cass, a brilliant scholar struggling with the demands of new motherhood, catches a glimpse of herself pregnant again, just as she's on the brink of returning to the project that could define her career. At first the visions are relatively benign, but they grow increasingly disturbing—and, in some cases, frightening. When a natural disaster threatens Clearing, it becomes obvious that the visions were not what they first seemed and that the town will never be the same. Startling, deeply imagined, and compulsively readable, *Kate Hope Day's* debut novel is about the choices we make that shape our lives and determine our destinies—the moments that alter us so profoundly that it feels as if we've entered another reality. Praise for *If, Then* "Hope Day has a lot of sly, stealthy fun with time-bending and parallel universes, but she also has serious things to say on urban paranoia, climate change and the atomized nature of modern life."—Daily Mail "If, Then has the narrative propulsion of a television show . . . [It's] a whirlwind of a story."—Chicago Review of Books "Effortlessly meshing the dreamlike and the realistic, [Kate Hope] Day's well-crafted mix of literary and speculative fiction is an enthralling meditation on the interconnectedness of all things."—Publishers Weekly (starred review)
