Count Me In READ BOOKS
Bible study notes and commentary on the Old Testament book of Judges, with explanation and practical applications. Designed for diligent Bible students, including teachers and preachers. Written from the conservative viewpoint of faith in the Bible as the absolute, inerrant, verbally inspired word of God. Topics discussed include: * Sin and punishment of the nation of Israel * God's mercy on those who repent * Lives of Gideon, Jephthah, Deborah, Barak, Samson, and other judges * Danger of idolatry and immorality

Paradoxes of the Popular Createspace Independent Publishing Platform
Steeped in authentic cultural traditions and spiritual beliefs, this rich and wonderful historical novel follows the times and trials of a family band of the Schi'tsu'umsh Indians, now called the Coeur d'Alene Tribe in northern Idaho. Through a boy named Sun Bear and his sister, Rainbow Girl, the band's oral stories are told as it struggles to hold onto what is precious and sacred about life.
Gender Parity and Selective Mobility Among India's Professional Elite University of Chicago Press
This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 edition. Excerpt: ... (6) Columns for Discount on Purchases and Discount on Notes on the same side of the Cash Book; (c) Columns for Discount on Sales and Cash Sales on the debit side of the Cash Book; (d) Departmental columns in the Sales Book and in the Purchase Book. Controlling Accounts.--The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers' and creditors' accounts in the Ledger. The customers' accounts are then segregated in another book called the Sales Ledger or Customers' Ledger, while the creditors' accounts are kept in the Purchase or Creditors' Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the Accounts Payable account of the General Ledger." The Balance Sheet.--In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical...

Hotpots make the perfect, simple family-style meal. Meat, veggies, seafood and other ingredients burbling inside the pot, together with a flavorful stock makes the perfect get-together meal. As a part of the Asian food tradition, hotpots are quite famous around the area. Taking its roots from Mongolia, the Chinese have since then taken and developed the basics of hotpot cooking, molding and melding it to their own cooking traditions. The Chinese have made the hotpot truly their own

by using local ingredients that are indigent in the particular region they are from. For example, the Chongqing version makes use of spicy Sichuan peppers while the Manchurian version often tastes a bit sour with the addition of suan cai or Chinese sauerkraut. Have a taste of classic Chinese hotpot dishes with “ Chinese Hotpots: Simple and Delicious Authentic Chinese Hot Pot Recipes! ” This book will feature 35 simple and easy-to-follow Chinese hotpot recipes, including tips and a bit of history about this unique Chinese dish.

"Chinkl!," "Jap!," "Where are you from?," "Do you eat dog?," "Why don't you go back to where you came from!," "Do you know Kung-Fu?." From the racist to the innocuous, issues of culture, ethnicity, and discrimination are prevalent themes for Asian minorities in the United States. The Asian desire to be "American" and fit into mainstream society in the U.S. can be challenging as reminders that they are "perpetual foreigners" can be seen in jokes, teasing, and at times outright racism. In addition, many Asians struggle with internal pressure to confine to cultural or family values that may be at odds with their own individual desires. In this poetry collection, Sam Louie touch on themes of feeling ostracized, different, or "not good enough" by drawing on both personal and clinical experiences. In addition, issues related to addiction, mental health, and Christianity are also explored. Sam Louie is a psychotherapist with a private practice specializing in multicultural issues and addictions. He holds a Master's degree in Clinical Psychology and is also an Emmy-Award Winning former television journalist who has produced and reported on stories related to culture, psychology, and mental health.
An Activist's Life Vintage
Because of their enormous size, elephants have long been irresistible for kings as symbols of their eminence. In early civilizations—such as Egypt, Mesopotamia, the Indus Civilization, and China—kings used elephants for royal sacrifice, spectacular hunts, public display of live captives, or the conspicuous consumption of ivory—all of them tending toward the elephant ’ s extinction. The kings of India, however, as Thomas R. Trautmann shows in this study, found a use for elephants that actually helped preserve their habitat and numbers in the wild: war. Trautmann traces the history of the war elephant in India and the spread of the institution to the west—where elephants took part in some of the greatest wars of antiquity—and Southeast Asia (but not China, significantly), a history that spans 3,000 years and a considerable part of the globe, from Spain to Java. He shows that because elephants eat such massive quantities of food, it was uneconomic to raise them from birth. Rather, in a unique form of domestication, Indian kings captured wild adults and trained them, one by one, through millennia. Kings were thus compelled to protect wild elephants from hunters and elephant forests from being cut down. By taking a wide-angle view of human-elephant relations, Trautmann throws into relief the structure of India ’ s environmental history and the reasons for the persistence of wild elephants in its forests. One Family's Journey and the Chinese American Dream John Wiley & Sons
The world is simpler than it seems. Everything that happens occurs because of cause and effect. Eliminate the cause of relationship problems, poverty, health issues, and disharmony-and you change the effect. Too often, though, we look for external causes, when the true cause lies within our own all-powerful and divine subconscious minds. The universe is made up of interconnected energy-and what are our thoughts if not pure energy? Change the workings of your inner mind, and you can quite literally change your life. In Sixth Sense, noted holistic success coach Eugene N. Nwosu provides a set of deceptively simple tools designed to help you "rewire" your subconscious mind, change your life, and acquire the enlightenment and wisdom vital for true balance, equilibrium, and success. Nwosu' s practical affirmations help harness the mind's ability to operate in harmony with the unchanging rules of the infinite, divine universe. Simpler and easier to incorporate into everyday life than The Secret and its complexities, Sixth Sense frees you from the limitations of entrenched thought patterns, creating instead full engagement in your passions and dreams. Once properly aligned with the universe, you will succeed-all the time. Poetry Book Sumon Publishers
Legacy poems This book represents a legacy in poems - moral, ethical and practical education in verses. In Robin Wyatt Dunn's words: Osuoha's language reads like a stilted nursery rhyme, doubly insisting both on the rights of the white settler to determine the destiny of her community (the book is dedicated to God and is scattered throughout with various Christian homilies), yet its deeper intention is profoundly anti-colonial, and a

sharp critic of the state: Osuoha observes: The world violates covenants And desecrates every altar Yet they all are communicants And none is a defaulter Here, everything is fake And anyhow, they fail brake Drop not your guard. These poems are a mix of compassion and angst, a homely mother reciting her rhymes who is concealing her deep mistrust and rage at the history which has raped her language and culture, insisted on its rights to do so, and continues to oppress her country and environment. But, as she observes, it is not ultimately the white settler who is to blame, but the world: we are all implicated in this suffering and desecration. Each poem in beautiful rhyme representing a letter addressed to her unborn child and safely placed in a file from a caring and protective mother is a skillfully crafted piece of work by the Nigerian poet Ngozi Olivia Osuoha. The poems act as codes of conduct for childhood, adolescence and adulthood and can be collectively taken as a guide for facing the ups and downs of life. Original, captivating, heart touching and soul stirring Letter to My Unborn will certainly leave imprints of permanent ink in the readers' mind long after it has been read. This is truly a poetry collection of all-time, a shining star on each book lover's shelf. - Vatsala Radhakeesoon author of Depth of the River
The Accidental Asian PublicAffairs
Defeated by Mao Zedong, Chiang Kai-shek ’ s Nationalists fled to Taiwan to establish a rival state, thereby creating the Two Chinas dilemma that vexes international diplomacy to this day. Hsiao-ting Lin challenges this conventional narrative, showing the many ways the ad hoc creation of this not fully sovereign state was accidental and serendipitous.

The Enforcement of Morals Prabhat Prakashan
Explores the place of Asian Americans in contemorary American politics and society, the nature of race, and the price of assimilation
Year of the Tiger Stanford University Press
The debut novel from critically-acclaimed and New York Times – bestselling author of On Such a Full Sea and My Year Abroad. In Native Speaker, author Chang-rae Lee introduces readers to Henry Park. Park has spent his entire life trying to become a true American—a native speaker. But even as the essence of his adopted country continues to elude him, his Korean heritage seems to drift further and further away. Park's harsh Korean upbringing has taught him to hide his emotions, to remember everything he learns, and most of all to feel an overwhelming sense of alienation. In other words, it has shaped him as a natural spy. But the very attributes that help him to excel in his profession put a strain on his marriage to his American wife and stand in the way of his coming to terms with his young son's death. When he is assigned to spy on a rising Korean-American politician, his very identity is tested, and he must figure out who he is amid not only the conflicts within himself but also within the ethnic and political tensions of the New York City streets. Native Speaker is a story of cultural alienation. It is about fathers and sons, about the desire to connect with the world rather than stand apart from it, about loyalty and betrayal, about the alien in all of us and who we finally are. Civic Sermons on Love, Responsibility, and Democracy Balboa Press
Is this the America you want? If not, here's how to claim the power to change your country. We are in an age of epic political turbulence in America. Old hierarchies and institutions are collapsing. From the election of Donald Trump to the upending of the major political parties to the spread of grassroots movements like Black Lives Matter and \$15 Now, people across the country and across the political spectrum are reclaiming power. Are you ready for this age of bottom-up citizen power? Do you understand what power truly is, how it flows, who has it, and how you can claim and exercise it? Eric Liu, who has spent a career practicing and teaching civic power, lays out the answers in this incisive, inspiring, and provocative book. Using examples from the left and

the right, past and present, he reveals the core laws of power. He shows that all of us can generate power-and then, step by step, he shows us how. The strategies of reform and revolution he lays out will help every reader make sense of our world today. If you want to be more than a spectator in this new era, you need to read this book.

Crowd Politics in Bangladesh Simon and Schuster
Born out of mid-century social movements, Asian American studies is now an established field of transnational inquiry, diasporic engagement, and rights activism. These histories serve as initial moorings for Flashpoints for Asian American Studies, a collection which considers the contemporary possibilities of and limitations inherent in Asian American studies as historically entrenched, politically embedded, and institutionally situated interdiscipline.

How I Met, Loved, and Lost Legendary Holocaust Refugee Maria Altmann Amagi
Spanning the fields of book history, travel literature, map history, and visual culture, Printing Landmarks provides a new perspective on Tokugawa-period culture. Robert Goree draws on diverse archival and scholarly sources to explore why meisho zue enjoyed widespread and enduring popularity.

Career Strategies for Asians Ballantine Books
Few places are as politically precarious as Bangladesh, even fewer as crowded. Its 57,000 or so square miles are some of the world's most inhabited. Often described as a definitive case of the bankruptcy of postcolonial governance, it is also one of the poorest among the most densely populated nations. In spite of an overriding anxiety of exhaustion, there are a few important caveats to the familiar feelings of despair—a growing economy, and an uneven, yet robust, nationalist sentiment—which, together, generate revealing paradoxes. In this book, Nusrat Sabina Chowdhury offers insight into what she calls "the paradoxes of the popular," or the constitutive contradictions of popular politics. The focus here is on mass protests, long considered the primary medium of meaningful change in this part of the world. Chowdhury writes provocatively about political life in Bangladesh in a rich ethnography that studies some of the most consequential protests of the last decade, spanning both rural and urban Bangladesh. By making the crowd its starting point and analytical locus, this book tacks between multiple sites of public political gatherings and pays attention to the ephemeral and often accidental configurations of the crowd. Ultimately, Chowdhury makes an original case for the crowd as a defining feature and a foundational force of democratic practices in South Asia and beyond.

Simple and Delicious Authentic Chinese Hot Pot Recipes Heinemann International Incorporated

When Simon Tam started an Asian American dance rock band called The Slants, he didn't realize that he was starting an entire movement around freedom of expression and discussions on identity. The band flipped stereotypes with their bombastic live shows and community activism. But when Simon applied to register a trademark on the band's name, the government dragged him all the way to the Supreme Court of the United States. Slanted is the story of an indomitable spirit who so believes in the idea of justice that he's willing to risk everything along the way for the dignity of self-identity. Simon shares a deeply personal account that will take you from anime conventions to the Supreme Court, all in the name of justice. The story provides a raw look at our legal system with unflinching honesty and offers timely insights on freedom of speech, how to connect with others we disagree with, and the power of music. Gripping, funny, enlightening, and ultimately uplifting, Slanted proves that no obstacle is too difficult to conquer --as long as you have a little heart and a lot of rock n' roll. It's an irrepressible story that is fresh, alive, and defines what it means to be American.

Things Fall Apart Penguin
Book for recipes journal There are so many people on this great big planet that absolutely love cooking! Are you one of them? Some people are motivated by the taste of the end product and some people love the process and the patience involved in creating a masterpiece! And then there are many people who are passionate about both. If you happen to be a wizard in the kitchen and love to keep all your favorite recipes together in one easy to find place, then our Recipe Planner will be exactly what you need! You will have ample space to record the following: * The recipe name * The various ingredients needed * The Directions * The Prep Time , Cooking Time * Any additional notes that may make the end result extra special Our Favorite Recipe Planner is divided up into color coded divisions or categories to help you to find what you need super easily! Just follow the color and you will find the correct section. With so many wonderful recipes out there, you may want to consider purchasing two of our Recipe Planners! Keep one for yourself and give the other as a gift to a friend or family member that loves cooking just as much as you do! Happy cooking!
