I do love celebrities romances from time to time, especially when the famous star is the hero. I think it's the combination of movie star and normal girl almost like a fairytale. I really liked Ashley in this story, she wasn't ditzy or gushing all over the movie star and acted really mature for her age which I liked.

I have read Emily Evans' books before but Accidental Movie Star did not seem up to par. Firstly, the title and synopsis appeared a bit misleading to me. I expected Ashley, an ordinary girl, to become a famous movie star after her latent talent for acting was discovered.
