“ [A] landmark book . . .

Solnit illustrates how the  
uprisings that begin on the  
streets can upend the status

---

quo and topple authoritarian regimes ” (Vice). A book as powerful and influential as Rebecca Solnit ’ s *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental,

cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an

unforgettable new edition of this classic book. “ One of the best books of the 21st century. ” —The Guardian “ No writer has better understood the mix of fear and possibility, peril and exuberance that ’ s marked this new millennium. ” —Bill McKibben, New York Times – bestselling author of *Falter* “ An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways. ” —The New Yorker

How do we live well? The first sentence of *Grace and Gravity* raises the fundamental question that constantly occupies our minds-and of all those who lived before us. Paradoxically, the impossibility of answering this question opens up the very room needed to find ways of living well. It is the gap where all disciplines fall short, where architecture does not fit its inhabitants, where economy is not based on shortage, where religion cannot be explained by its followers, and where technology works far beyond its own principles. According to Lars Spuybroek, the prize-winning former architect, this marks the point where the “paradoxical machine” of grace reveals its powers, a point where we “cannot say if we are moving or being moved”. Following the trail of grace leads him to a new form of analysis that transcends the age-old opposition between appearances and technology. Linking up a dazzling and often delightful variety of sources-monkeys, paintings, lamp posts, octopuses, tattoos, bleeding fingers, rose windows, robots, smart phones, spirits, saints, and fossils-with profound meditations on living, death, consciousness, and existence, *Grace and Gravity* offers an eye-opening provocation to a wide range of art historians, architects, theologians, anthropologists, artists, media theorists and philosophers.

The Vision Machine DigiCat

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive

---

portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is

also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril

is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with *Fear and Rage*. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

In Liberty Defined, congressman and #1 New York Times bestselling author Ron Paul returns with his most provocative, comprehensive, and compelling arguments for personal freedom to date. The term "Liberty" is so commonly used in our country that it has become a mere cliché. But do we know what it means? What it promises? How it factors into our daily lives? And most importantly, can we recognize tyranny when it is sold to us	disguised as a form of liberty? Dr. Paul writes that to believe in liberty is not to believe in any particular social and economic outcome. It is to trust in the spontaneous order that emerges when the state does not intervene in human volition and human cooperation. It permits people to work out their problems for themselves, build lives for themselves, take risks and accept responsibility for the results, and make their own decisions. It is the	seed of America. This is a comprehensive guide to Dr. Paul's position on fifty of the most important issues of our times, from Abortion to Zionism. Accessible, easy to digest, and fearless in its discussion of controversial topics, LIBERTY DEFINED sheds new light on a word that is losing its shape. <u>The Woodward Trilogy</u> Polity With piercing wit and brutal insight, Tom Engelhardt tours the

Radical Hope is a collection of letters—to ancestors, to children five generations from now, to strangers in grocery lines, to any and all who feel weary and discouraged—written by award-winning novelists, poets, political thinkers, and activists. Provocative and inspiring, Radical Hope offers readers a kaleidoscopic view of the love and courage needed to navigate this time of upheaval, uncertainty, and

fear, in view of the recent US presidential election.

Including letters by Junot Díaz, Alicia Garza, Roxana Robinson, Lisa See, Jewelle Gomez, Hari Kunzru, Faith Adiele, Parnaz Foroutan, Chip Livingston, Mohja Kahf, Achy Obejas, Viet Thanh Nguyen, Cherríe Moraga, Kate Schatz, Boris Fishman, Karen Joy Fowler, Elmaz Abinader, Aya de León, Jane Smiley, Luis Alberto Urrea, Mona Eltahawy, Jeff Chang, Claire Messud, Meredith Russo, Reyna Grande, Katie Kitamura, iO Tillett Wright, Francisco

Goldman, Celeste Ng, Peter Orner, and Cristina García.

**Future Shock** University of Chicago Press

This book explores the interweaving of several of Derrida's characteristic concerns with themes that Paul explores in Romans. It argues that the central concern of Romans is with the question of justice, a justice that must be thought outside of law on the basis of grace or gift. The many perplexities that arise from thus trying to think justice outside of law are clarified by reading Derrida on such themes as justice and law, gift and exchange, duty and debt, hospitality,

---

cosmopolitanism, and pardon. This interweaving of Paul and Derrida shows that Paul may be read as a thinker who wrestles with real problems that are of concern to anyone who thinks. It also shows that Derrida, far from being the enemy of theological reflection, is himself a necessary companion to the thinking of the biblical theologian. Against the grain of what passes for common wisdom this book argues that both Derrida and Paul are indispensable guides to a new way of thinking about justice.

*Reading Derrida / Thinking Paul* Bloomsbury Publishing  
I commend this well

researched and well written book. Congratulations to Dr Tom Holland and the publisher for this valuable and timely contribution on Romans. --Michael A. Milton, PhD, Presbyterian minister, Chancellor and CEO and the James M. Baird Jr. Chair of Pastoral Theology, Reformed Theological Seminary Tom's commentary invites readers to break away from fixed ideas and journey to new places. It is informed, scholarly, rich in exegetical insights, yet easy to understand. Utilizing

historical and contextual hermeneutics Tom argues for a reading of Romans that is tied to the Old Testament Scriptures, rooted in Isaiah, is Christ centered and communally focused. I highly recommend it for pilgrims seeking to know God more. --Lawson Murray, President, Scripture Union Canada, 1885 Clement Road, Pickering, Ontario Tom Holland's study demonstrates how a deeper understanding of the Old Testament, and particularly of its prophesied new exodus, can illumine Paul's

---

theology of the person and work of Christ in profound ways. Here one will find scholarship that is not only solid but faithful, thorough and yet accessible--in short, scholarship in service of the church. --L. Michael Morales, PhD, Professor of Biblical Studies, Greenville Presbyterian Theological Seminary Tom Holland is Senior Research Fellow in Biblical Studies at the Wales Evangelical School of Theology. He has a DipTh from Cambridge, a BD from London and a PhD from the University of Wales. Before

entering academia he founded and pastored two churches in Hertfordshire England. He has written several international acclaimed books on the Bible and teaches and preaches in Universities, seminaries and churches around the world. He is married to Barbara and they have three daughters and five grandchildren.

The 1934 State of the Union Address was given by the 32nd president of the United States, Franklin D. Roosevelt. It

was the first State of the Union address to be given in January. Excerpt: "Now that we are definitely in the process of recovery, lines have been rightly drawn between those to whom this recovery means a return to old methods—and the number of these people is small—and those for whom recovery means a reform of many old methods, a permanent readjustment of many of our ways of thinking and therefore of many of our social and economic

---

arrangements... "

*Security, Technology and Global Politics* Wipf and Stock Publishers

In the spring of 1789, within weeks of the establishment of the new federal government based on the U.S. Constitution, the Senate and House of Representatives fell into dispute regarding how to address the president. Congress, the press, and individuals debated more than thirty titles, many of which had royal associations and some of which were clearly

monarchical. For Fear of an Elective King is Kathleen Bartoloni-Tuazon's rich account of the title controversy and its meanings. The short, intense legislative phase and the prolonged, equally intense public phase animated and shaped the new nation's broadening political community. Rather than simply reflecting an obsession with etiquette, the question challenged Americans to find an acceptable balance between power and the people's sovereignty while assuring

the country's place in the Atlantic world. Bartoloni-Tuazon argues that the resolution of the controversy in favor of the modest title of "President" established the importance of recognition of the people's views by the president and evidence of modesty in the presidency, an approach to leadership that fledged the presidency's power by not flaunting it. How the country titled the president reflected the views of everyday people, as well as the recognition by social and political elites of the irony

---

that authority rested with acquiescence to egalitarian principles. The controversy's outcome affirmed the republican character of the country's new president and government, even as the conflict was the opening volley in increasingly partisan struggles over executive power. As such, the dispute is as relevant today as in 1789.

New York Times Bestseller

What are the consequences if the people given control over our government have no idea how it works? "The election

happened," remembers Elizabeth Sherwood-Randall, then deputy secretary of the Department of Energy. "And then there was radio silence." Across all departments, similar stories were playing out: Trump appointees were few and far between; those that did show up were shockingly uninformed about the functions of their new workplace. Some even threw away the briefing books that had been prepared for them. Michael Lewis's brilliant narrative takes us into the engine rooms of a government under attack by its own leaders. In Agriculture the funding of vital programs like food stamps and school

lunches is being slashed. The Commerce Department may not have enough staff to conduct the 2020 Census properly. Over at Energy, where international nuclear risk is managed, it's not clear there will be enough inspectors to track and locate black market uranium before terrorists do. Willful ignorance plays a role in these looming disasters. If your ambition is to maximize short-term gains without regard to the long-term cost, you are better off not knowing those costs. If you want to preserve your personal immunity to the hard problems, it's better never to really understand those problems. There is

---

upside to ignorance, and downside to knowledge. Knowledge makes life messier. It makes it a bit more difficult for a person who wishes to shrink the world to a worldview. If there are dangerous fools in this book, there are also heroes, unsung, of course. They are the linchpins of the system—those public servants whose knowledge, dedication, and proactivity keep the machinery running. Michael Lewis finds them, and he asks them what keeps them up at night.

*The Fifth Risk* The Administration of Fear  
The record-breaking

phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, *The Historian* is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign

of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. "Part thriller, part history, part romance...Kostova has a keen sense of storytelling

---

and she has a marvelous tale to tell.” —Baltimore Sun

*Hope for the Nations*

Bloomsbury Publishing USA

The critical condition and historical motivation behind Time Studies The concept of time in the post-millennial age is undergoing a radical rethinking within the humanities. Time: A Vocabulary of the Present newly theorizes our experiences of time in relation to developments in post-1945 cultural theory and arts practices. Wide ranging and theoretically provocative, the volume introduces readers to

cutting-edge temporal conceptualizations and investigates what exactly constitutes the scope of time studies. Featuring twenty essays that reveal what we talk about when we talk about time today, especially in the areas of history, measurement, and culture, each essay pairs two keywords to explore the tension and nuances between them, from “past/future” and “anticipation/unexpected” to “extinction/adaptation” and “serial/simultaneous.” Moving beyond the truisms of postmodernism, the collection newly theorizes the meanings of temporality in relationship to aesthetic, cultural,

technological, and economic developments in the postwar period. This book thus assumes that time—not space, as the postmoderns had it—is central to the contemporary period, and that through it we can come to terms with what contemporaneity can be for human beings caught up in the historical present. In the end, Time reveals that the present is a cultural matrix in which overlapping temporalities condition and compete for our attention. Thus each pair of terms presents two temporalities, yielding a generative account of the time, or times, in which we live.

The Administration of

Fear Scripture Truth  
“I’m really concerned about the state of the world. It feels like things are falling apart.” “I’m worried about my family’s future.” “How can I stand firm in my faith in today’s culture?” Our times are turbulent ones, and questions and worries like these can haunt us and keep us awake at night. Yet is it possible that, ultimately, there is actually nothing to fear? Barry C. Black is the spiritual “leader of leaders” for the

US Senate—shepherding those on the front lines of the decisions that shape our culture. Now, Chaplain Black shows all of us how to thrive in the midst of today’s turbulence and confusion by following eight principles that Jesus gave his disciples prior to sending them into a dangerous world. These teachings are as relevant today as when Jesus first spoke them two thousand years ago. Containing Scriptural insights and powerful prayers to help

you seek God’s guidance and blessing, Nothing to Fear will illuminate the way to live boldly, bravely, and faithfully in the face of today’s perils.

Discover the inside story of life inside President Trump’s White House as only #1 internationally bestselling author Bob Woodward can tell it with this collection of Woodward’s most revealing and unprecedented works including Fear, Rage, and Peril. With authoritative reporting, internationally

---

bestselling author Bob Woodward offers an exposing and riveting account of President Trump's term in office—from the beginning to the final transfer of power to President Biden's administration. In vivid detail, Woodward paints the most intimate portrait of a sitting president ever published in this complete trilogy following the Trump presidency. This collection includes: *Fear: An "explosive"* (The Washington Post) and *"devastating"* (The New Yorker) look at the harrowing life inside President Donald Trump's White House and precisely how he makes decisions on major foreign and

domestic policies. *Fear* is the inside story on President Trump as only Bob Woodward can tell it, drawing from hundreds of hours of interviews with firsthand sources, meeting notes, personal diaries, files, and documents. *Rage: An unprecedented and intimate tour de force of reporting on the Trump presidency facing a global pandemic, economic disaster, and racial unrest.* In dramatic detail, Woodward has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. *Peril: The book covers the end of the Trump presidency and the*

early months of the Biden presidency.

### The Great Indian Novel

Simon and Schuster

NEW YORK TIMES

BESTSELLER • The

classic work that predicted the anxieties of a world upended by rapidly emerging

technologies—and now provides a road map to solving many of our most pressing crises.

"Explosive . . . brilliantly formulated." —The Wall Street Journal  
Future Shock is the classic that

---

changed our view of tomorrow. Its startling insights into accelerating change led a president to ask his advisers for a special report, inspired composers to write symphonies and rock music, gave a powerful new concept to social science, and added a phrase to our language. Published in over fifty countries, *Future Shock* is the most important study of change and adaptation in our time. In many ways, *Future Shock* is about the

present. It is about what is happening today to people and groups who are overwhelmed by change. Change affects our products, communities, organizations—even our patterns of friendship and love. But *Future Shock* also illuminates the world of tomorrow by exploding countless clichés about today. It vividly describes the emerging global civilization: the rise of new businesses, subcultures, lifestyles, and human relationships—all of them

temporary. *Future Shock* will intrigue, provoke, frighten, encourage, and, above all, change everyone who reads it.
