When his cover is blown, former Berlin bull and unwilling SS officer Bernie Gunther must re-enter a cat-and-mouse game that continues to shadow his life a decade after Germany's defeat in World War 2... The French Riviera, 1956: Bernie's old and dangerous adversary Erich Mielke, deputy head of the East German Stasi, has turned up in Nice—and he's not on holiday. Mielke is calling in a debt and wants Bernie to travel to London to poison a female agent they've both had dealings with. But Bernie isn't keen on assassinating anyone. In an attempt to dodge his Stasi handler—former Kripo comrade Friedrich Korsch—Bernie bolts for the German border. Traveling by night and hiding by day, he has plenty of time to recall the last case he and Korsch

worked together... Obersalzberg, Germany, 1939: A low-level bureaucrat has been found dead at Hitler's mountaintop retreat in Bavaria. Bernie and Korsch have one week to find the killer before the leader of the Third Reich arrives to celebrate his fiftieth birthday. Bernie knows it would mean disaster if Hitler discovers a shocking murder has been committed on the terrace of his own home. But Obersalzberg is also home to an elite Nazi community, meaning an even bigger disaster for Bernie if his investigation takes aim at one of the party's higher-ups... 1939 and 1956: two different eras about to converge in an explosion Bernie Gunther will never forget.

From the popular host of The Astral Hustle, an accessible guide to hacking your mind--and life--to feel more fully present and alive, even if you're not the "the meditating type." Through his popular podcast The Astral Hustle and online meditation course Release into Now, Cory Allen has helped thousands of people better cope with the stress of daily life through meditation, mindfulness,

---

and mental clarity. With concise advice and profound simplicity, he manages to cut through the jargon and speak to people where they are, giving them the tools to live in "the wow of now." In this accessible and supportive guide, Allen walks readers through the basics of mindfulness--not as something you should do, but as a tool to achieve greater peace of mind, dial down anxiety and stress, and truly feel like yourself. Informed by a lifelong personal journey, as well as insights gathered through podcast interviews with leaders in mindfulness, neuroscience, and philosophy, *Now Is the Way* is a simple user's manual for living the life you want, one present moment at a time.

Many people want to grow fruit on a small scale but lack the insight to be successful orchardists. Growing tree fruits and berries is something virtually anyone with space and passionate desire can do - given wise guidance and a personal commitment to observe the teachings of the trees. A holistic grower knows that producing fruit is not about manipulating nature but more importantly, fostering nature. Orchardng then becomes a fascinating adventure sure to provide your family with all sorts of mouth-watering fruit. *The Holistic Orchard* demystifies the basic skills everybody should know about the inner-workings of the orchard ecosystem, as well as orchard design, soil biology, and organic health management. Detailed insights on grafting, planting, pruning, and choosing the right varieties for your climate are also included, along with a step-by-step instructional calendar to guide growers through the entire orchard year. The extensive profiles of pome fruits (apples, pears, asian pears, quinces), stone fruits (cherries, peaches, nectarines, apricots, plums), and berries (raspberries, blackberries, blueberries,

gooseberries, currants, and elderberries) will quickly have you savoring the prospects. Phillips completely changed the conversation about healthy orcharding with his first bestselling book, *The Apple Grower*, and now he takes that dialogue even further, drawing connections between home orcharding and permaculture; the importance of native pollinators; the world of understory plantings with shade-tolerant berry bushes and other insectary plants; detailed information on cover crops and biodiversity; and the newest research on safe, homegrown solutions to pest and disease challenges. All along the way, Phillips' expertise and enthusiasm for healthy growing shines through, as does his ability to put the usual horticultural facts into an integrated ecology perspective. This book will inspire beginners as well as provide deeper answers for experienced fruit growers looking for scientific organic approaches. Exciting times lie ahead for those who now have every reason in the world to confidently plant that very first fruit tree!

The Civil War is finally over, and it has been more than two years since Corrie Belle Hollister left her home and family in Miracle Springs, California, to travel across the country at President Lincoln's invitation. Her writing skills and reporting experience have made their own contribution to the Union's success, and now she is on her way home . . . back to the community where she grew to maturity, back to the family she loves. But Corrie is returning a different young woman than the one who left with her journal tucked into her suitcase and the dream of being a writer tucked into her heart. She feels restless as she tries to settle back into the pace of a small town, and the latest letter from Christopher only creates more questions. Perhaps the most relentless among them: Where will she find a home for her heart?

· In Portland, Oregon, the wives of several prominent businessmen have disappeared without a trace, leaving behind only a black rose and a note with a simple message: "Gone, But Not Forgotten." · An identical series of disappearances occurred in Hunter's Point, New York, ten years ago—but the killer was caught, the case was closed and the special "rose killer" task force was disbanded. · Betsy Tannenbaum, a Portland wife and mother who has gained national recognition as a feminist defense attorney, is retained by multimillionaire Portland developer Martin Darius—for no apparent reason. · Nancy Gordon, a homicide detective for the Hunter's Point Police Department and an original member of the "rose killer" task force, hasn't slept a full night in ten years, haunted by nightmares of a sadistic killer who, she swears, is still out there. . . . Alan Page, the Portland district attorney, trying to make sense of the sudden series of disappearances, opens his front door one evening to find Nancy Gordon on his doorstep—determined to tell him a story he won't soon forget. · Across the country, in Washington, D.C., the President of the United States has just selected United States Senator Raymond Colby to be the next Chief Justice of the Supreme Court. In a private meeting, Colby assures the President there are no skeletons in his closet. Complex, utterly compelling, and brilliantly executed, GONE, BUT NOT FORGOTTEN is a book that truly lives up to its extraordinary advance praise: Once begun it

Hazardous waste management is a complex, interdisciplinary field that continues to grow and change as global conditions change.

Mastering this evolving and multifaceted field of study requires knowledge of the sources and generation of hazardous wastes, the scientific and engineering principles necessary to eliminate the threats they pose to people and the environment, the laws regulating their disposal, and the best or most cost-effective methods for dealing with them. Written for students with some background in engineering, this comprehensive, highly acclaimed text does not only provide detailed instructions on how to solve hazardous waste problems but also guides students to think about ways to approach these problems. Each richly detailed, self-contained chapter ends with a set of discussion topics and problems. Case studies, with equations and design examples, are provided throughout the book to give students the chance to evaluate the effectiveness of different treatment and containment technologies.

The complete, uncut version of Robert A. Heinlein's all-time masterpiece, the brilliant novel that grew from a cult favorite to a bestseller to a science fiction classic. Raised by Martians on Mars, Valentine Michael Smith is a human who has never seen another member of his species. Sent to Earth, he is a stranger who must learn what it is to be a man. But his own beliefs and his powers far exceed the limits of humankind, and as he teaches them about grokking and water-sharing, he also inspires a transformation that will alter Earth's inhabitants forever...

*Brood X* Doubleday

A troubled woman, bent on revenge, implicates her husband, his family, and a Southern community in an unsolvable murder. After nearly fifteen years in a childless marriage, Michael Brace and his

---

beautiful wife, Suzanne, live separate lives under the same roof. Suzanne suffers crippling headaches and is haunted by childhood memories of her father, visions of violence, and the bloodlines of mental illness. Michael, meanwhile, sleeps on the couch, hiding in the shadows of his wealthy family and thinking about the novel he's always wanted to write. In a tangled desire for revenge against her father, her husband, his family, and everything she cannot reconcile, Suzanne Brace sets in motion a patient, complicated plan of deception, sacrifice, and death. But as with all plans – even those executed to perfection – there are waves of fatal consequence. With spare prose and shrewd insight, Hollon explores the intertwined relationships of family and community in the face of an unthinkable crime, and illuminates the fine line between destruction and salvation.
