Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

A History of the Republic Boxtree

American Pageant Plus Study Guide 12th Edition Plus American Spirit Volume 1 and 2 10th Edition Plus Oates Portrait of America Volumes 1 and 2 8th Edition CRC Press

The unique, audience-centered approach of this top-selling book

emphasizes that success in public speaking depends on how listeners interpret the message. "Public Speaking: An Audience-Centered Approach" brings theory and practice together. Its distinctive and popular approach emphasizes the importance of analyzing and considering the audience at every point in the speech making process. This model of public speaking is the foundation of the book, and it guides the reader through the step-by-step process of public speaking, focusing their attention on the dynamics of diverse audiences, and narrowing the gap between practice and the real world. The seventh edition includes a new emphasis on helping speakers manage communication apprehension. The updated edition of "The Interviewing Guidebook" focuses on integral skills needed for successful information-gathering and the employment interview, including the resume and letters that are part of the interview process. Preparation worksheets, exercises, guides to online help, and scenarios for applying these skills make this brief and user-friendly book extremely practical for anyone preparing for an interview.

American Pageant CRC Press
"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass
The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects

the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The *Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past

informs the problems and opportunities that we confront today. *Analyzing Shifting Discourses on Nationhood, Citizenship, Gender, and Religion* Houghton Mifflin College Division
Introduction to Intelligence Studies provides a comprehensive overview of intelligence and security issues confronting the United States today. Since the attacks of 9/11, the United States Intelligence Community has undergone an extensive overhaul. This textbook provides a comprehensive overview of intelligence and security issues, defining critical terms and reviewing the history of intelligence as practiced in the United States. Designed in a practical sequence, the book begins with the basics of intelligence, progresses through its history, describes best practices, and explores the way the intelligence community looks and operates today. The authors examine the 'pillars' of the American intelligence system—collection, analysis, counterintelligence, and covert operations—and demonstrate how these work together to provide 'decision advantage'. The book offers equal treatment to the functions of the intelligence world—balancing coverage on intelligence collection, counterintelligence, information management, critical thinking, and decision-making. It also covers such vital issues as laws and ethics, writing and briefing for the intelligence community, and the emerging threats and challenges that intelligence professionals will face in the

future. This revised and updated second edition addresses issues such as the growing influence of Russia and China, the emergence of the Islamic State, and the effects the Snowden and Manning leaks have had on the intelligence community. This book will be essential reading for students of intelligence studies, US national security, and IR in general.

Reader's Guide to American History W. W. Norton & Company
Since the attacks of 9/11, billions

of dollars and countless resources have been committed and expended in the attempt to make the nation more secure. Introduction to Homeland Security: Second Edition is written by a team of homeland security and justice professionals on the cutting edge of the field. The text is a comprehensive examination of current and future challenges and explores how the United States has chosen to confront these threats with both its military and civilian agencies. Topics include: A history of homeland security in the United States The mission of the various agencies in the Department of Homeland Security and Department of Defense The foundations of emergency management: mitigation/prevention, preparedness, response, and recovery Inter-agency planning and cooperation and private partnership A survey of the most significant natural disasters and accidents, explored through case studies International and domestic terrorism and threat groups The impact of transportation and border security issues and the violence occurring in the Southwest Globalization and the role of intelligence in homeland security Future challenges in the field of homeland security Each chapter begins with objectives and ends with a summary, key terms, and discussion questions. Ample references encourage further study and research. The book is a premier text for criminal justice, homeland security, national security, and intelligence programs in universities and an ideal reference for professionals

as well as policy and research institutes.

A History of the Republic, Volume II Routledge

This book examines the discourses on nation-building, civic identity, minorities, and the formation of religious identities in school textbooks worldwide. It offers up-to-date, practical, and scholarly information on qualitative and mixed-method textbook analysis, as well as the broader context of critical comparative textbook and curriculum analyses in and across selected countries. The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social, political, and economic groups affect textbook production and the curricular aims in different educational systems worldwide. Chapters address the role of school textbooks in developing nationhood, the creation of citizenship through school textbooks, the complexity of gender in normative discourses, and the intersection of religion and culture in school textbooks.
