Acclaimed artist and Caldecott-winning picture book creator Faith Ringgold shares an inspiring look at America's lineage in this stunning ode to our country--past, present, and

future. America is a land of diversity. Whether driven by dreams and hope, or escaping poverty or persecution, our ancestors--and the faces of America today--represent people from every reach of the globe. And each person brought with them a unique gift--of art and music; of determination and grit; of ideas and strength--that forever shaped the country we all call home. Vividly evoked in Faith Ringgold's sumptuous colors and patterns, *WE CAME TO AMERICA* is an ode to every

American who came before us, and a tribute to the children who will carry its message into our future.

The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken

commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. **THEY CALLED US ENEMY** is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices,

his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

Jessica Lander takes the reader on a powerful and urgent journey to understand what it takes for immigrant students to become Americans. A compelling read for everyone who cares about America ' s future, Making Americans brims with innovative ideas for educators and policy makers across the country. Lander brings to life the history of America ' s efforts to educate immigrants through rich stories, including these:

- The California families who overturned school segregation for Mexican American children
- The Texas families who risked deportation to establish the right for undocumented children to attend public schools

She visits innovative classrooms

across the country that work with immigrant-origin students, such as these: -A school in Georgia for refugee girls who have been kept from school by violence, poverty, and natural disaster -Five schools in Aurora, Colorado, that came together to collaborate with community groups, businesses, a hospital, and families to support newcomer children. -A North Carolina school district of more than 100 schools who rethought how they teach their immigrant-origin students She shares inspiring stories of how seven of her own immigrant students created new homes in America, including the following:

- The boy who escaped Baghdad and found a home in his school 's ROTC program
- The daughter of Cambodian genocide survivors who dreamed of becoming a computer scientist
- The orphaned boy who escaped violence in the Democratic Republic of the Congo and created a new community here

Making Americans is an exploration of immigrant education across the country told through key historical moments, current experiments to improve immigrant education, and profiles of immigrant students.
