The Great American Dust Bowl National Geographic Books

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public

doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

\*\*\*2019 NATIONAL BOOK AWARD FINALIST\*\*\* Winner of the Arab American Book Award in Fiction Finalist for the Kirkus Prize in Fiction Finalist for the California Book Award Longlisted for the Aspen Words Literary Prize A Los Angeles Times bestseller Named a Best Book of the Year by The Washington Post, Time, NPR, Minneapolis Star Tribune, Dallas Morning News, The Guardian, Variety, and Kirkus Reviews Late one spring night in California, Driss Guerraoui—father, husband, business owner, Moroccan immigrant—is hit and killed by a speeding car. The aftermath of his death brings together a diverse cast of characters: Guerraoui's daughter Nora, a jazz composer returning to the small town in the Mojave she thought she'd left for good; her mother, Maryam, who still pines for her life in the old country; Efraín, an undocumented witness whose fear of deportation prevents him from coming forward; Jeremy, an old friend of Nora's and an Iraqi War veteran; Coleman, a detective who is slowly discovering her son's secrets; Anderson, a neighbor trying to reconnect with his family; and the murdered man himself. As the characters—deeply divided by race, religion, and class—tell their stories, each in their own voice, connections among them emerge. Driss's family confronts its secrets, a town faces its hypocrisies, and love—messy and unpredictable—is born. Timely, riveting, and unforgettable, *The Other Americans* is at

once a family saga, a murder mystery, and a love story informed by the treacherous fault lines of American culture.

Origin Teachers College Press

"Author Ken Mochizuki reads his award-winning book. There is some soft background music, and a few gentle sound effects, but the power of the words need little embellishment...This treasure of a book is well-treated in this format." - School Library Journal  
They Called Us Enemy - Expanded Edition Simon and Schuster

The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed

---

guard. **THEY CALLED US ENEMY** is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

Martin Luther King Jr. (Spanish Version) Guided Reading 6-Pack Holt McDougal

A Native American Thanksgiving address, offered to Mother Earth in gratitude for her bounty and for the variety of her creatures.

The United States has always been a nation of immigrants, shaped by successive waves of new arrivals. This comprehensive guide, edited and written by an interdisciplinary group of prominent scholars, provides an authoritative account of the most recent surge of immigrants. Based on the latest U.S. Census data and scholarly research, *The New Americans* is an essential reference for anyone curious about the changing face of America.

Many Nations Nomad Press

From former US Congressman and CIA Officer Will Hurd, a “how-to guide with a prescription for getting the nation on the right footing” (*Politico*) and “a clarion call for a major political pivot” (*San Antonio Report*) rooted in the timeless ideals of bipartisanship, inclusivity, and democratic values. “Hurd has the biography and the charisma and the God-given political chops to put the Republican Party—and the rest of the country—on notice.” —*THE ATLANTIC* It’s getting harder to get big things done in America. The gears of our democracy have been mucked up by political nonsense. To meet the era-defining challenges of the 21st century, our country needs a reboot. In *American Reboot*, Hurd, called “the future of the GOP” by *Politico*, provides a “detailed blueprint” (Robert M. Gates, Secretary of Defense, 2006–2011) for America grounded by what Hurd calls pragmatic idealism—a concept forged from enduring American values to achieve what is actually achievable. Hurd takes on five seismic problems facing a country in crisis: the Republican Party’s failure to present a principled vision for the future; the lack of honest leadership in

---

Washington, DC; income inequality that threatens the livelihood of millions of Americans; US economic and military dominance that is no longer guaranteed; and how technological change in the next thirty years will make the advancements of the last thirty years look trivial. Hurd has seen these challenges up close. A child of interracial parents in South Texas, Hurd survived the back alleys of dangerous places as a CIA officer. He carried that experience into three terms in Congress, where he was, for a time, the House 's only Black Republican, representing a seventy-one percent Latino swing district in Texas that runs along 820 miles of the US-Mexico border. As a cyber security executive and innovation crusader, Hurd has worked with entrepreneurs on the cutting edge of technology to anticipate the shockwaves of the future. Hurd, who the Houston Chronicles calls " a refreshing contract to the panderers, petty demagogues, and political provocateurs who reign these days," draws on his remarkable experience to present " a call to Americans to consider the most contentious issues of our times more holistically " (The Atlantic). He outlines how the Republican party can look like America by appealing to the middle, not the edges. He maps out how leaders should inspire rather than fearmonger. He forges a domestic policy based on the idea that prosperity should be a product of empowering people, not the government. He articulates a foreign policy where our enemies fear us and our friends love us. And lastly, he charts a forceful path forward for America ' s technological future. We all know we can do better. It ' s time to hit " ctrl alt del " and start the American Reboot.

The Very First Americans Colchis Books

"Illuminate[s] the lives behind the current debates about Latino immigration." —The New York Times Book Review When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk

everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it ' s not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henr í quez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. The Book of Unknown Americans is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year Estadounidenses asombrosos: George Washington (Amazing Americans...) Guided Reading 6-Pack Scholastic Inc. AN INSTANT NEW YORK TIMES BESTSELLER! From celebrated anthropologist Jennifer Raff comes the untold story—and fascinating mystery—of how humans migrated to the Americas. ORIGIN is the story of who the first peoples in the Americas were, how and why they made the crossing, how they dispersed south, and how they lived based on a new and powerful kind of evidence: their complete genomes. ORIGIN provides an overview of these new histories throughout North and South America, and a glimpse into how the tools of genetics reveal details about human history and evolution. 20,000 years ago, people crossed a great land bridge from Siberia into Western Alaska and then dispersed southward into what is now called the Americas. Until we venture out to other worlds, this remains the last time our species has populated an entirely new place, and this event has been a subject of deep

---

fascination and controversy. No written records—and scant archaeological evidence—exist to tell us what happened or how it took place. Many different models have been proposed to explain how the Americas were peopled and what happened in the thousands of years that followed. A study of both past and present, ORIGIN explores how genetics is currently being used to construct narratives that profoundly impact Indigenous peoples of the Americas. It serves as a primer for anyone interested in how genetics has become entangled with identity in the way that society addresses the question "Who is indigenous?"

### Caddo Holt McDougal

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

### The Other Americans Turtleback Books
