Secrets of the Millionaire Mind Simon and Schuster

In this long-awaited first book, founder of Lifespring, ARC International and Extraordinary People Robert White looks at why some people live fulfilled, successful lives; while for others,

contentment and real success always seem to be just out of reach. How is it that some people know what they want and go for it, while others flounder and struggle and never seem to discover their real goals and purpose in life? Why are some people able to live extraordinary and joyful lives while, for others, life seems repetitive, flat, a giant yawn, an exercise in high drama or run by fear? Robert White does not pretend to have all the answers. However, after over thirty years founding and leading companies that have graduated over one million participants from high-impact personal and organizational effectiveness seminars, he's in a good position to help you explore what works - and doesn't work - in your life.

If money were about math, none of us would be carrying any debt. The numbers are simple. What ’ s complicated is what we do with money. We use money to soothe our feelings and buy respect, to show how much we care or how little. We don ’ t simply earn, save, and spend money: we flirt with it, crave it, and scorn it; we punish and reward ourselves with it. Without realizing it, we give money meaning it doesn ’ t really have—what former psychiatrist and current business coach David Krueger calls our “ money story. ” And in the process of playing out that money story, we often sacrifice the most important things in our life: our health, freedom, relationships, and

happiness. What is your money story? Do you consistently spend more than you have? Do you follow the herd in your investments—even though you know the herd is usually wrong? Have you neglected to save for the future, even when you have the means? Do you feel controlled or shackled by debt? Is your money somehow never “ enough ” ? Is money, or the lack of it, always on your mind? *The Secret Language of Money* is a guided tour to the subconscious meanings we give money, the conflicted ways our brains deal with money, the reasons we tend to make the same money mistakes over and over—and most importantly, how you can change all that. A brilliant blend of cutting-edge science and real-world application, *The Secret Language of Money* helps you rewrite your money story and find that elusive balance of wealth, health, and joy we all seek.

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you ' ll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You ' ll begin to understand the hidden, untapped power that ' s within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve

health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

Living an Extraordinary Life Simon and Schuster

In this original and groundbreaking book, Dr Andrew Newberg and Mark Robert Waldman turn their attention to the pinnacle of the human experience: enlightenment. Through his brain-scan studies on Brazilian psychic mediums, Sufi mystics, Buddhist meditators, Franciscan nuns, Pentecostals, and participants in secular spirituality rituals, Newberg has found the specific neurological mechanisms responsible for an enlightenment experience - and how we can activate those circuits in our own brains. In his survey of more than one thousand people who have experienced enlightenment, Newberg has also discovered that in the aftermath they have had profound, positive life changes. Enlightenment offers us the possibility to become permanently less stress-prone, to break bad habits, to improve our collaboration and creativity skills, and to lead happier, more satisfying lives. Relaying the story of his own transformational experience as well as including the stories of others who try to describe an event that is truly indescribable, Newberg brings us a new paradigm for deep and lasting change.
