Writing with warmth and humor, Connie Schultz reveals the rigors, joys, and absolute madness of a new marriage at midlife and campaigning with her husband, Sherrod Brown, now the junior senator from Ohio. She describes the chain of events leading up to Sherrod's decision to run for the Senate (he would not enter the fray without his wife's unequivocal support), and her own decision to step down from writing her Pulitzer Prize-winning column during the course of one of the nation's most intensely watched races. She writes about the moment her friends in the press became not so friendly, the constant campaign demands on her marriage and family life, and a personal tragedy that came out of the blue. Schultz also shares insight into the challenges of political life: dealing with audacious bloggers, ruthless adversaries, and political divas; battling expectations of a political wife; and the shock of having staffers young enough to be her children suddenly directing her every move. Connie Schultz is passionate and outspoken about her opinions—in other words, every political consultant's nightmare, and every reader's dream. "[Schultz is] a Pulitzer Prize-winning journalist with a mordant wit. . . . The [campaign memoir] genre takes on new life." —The Washington Post Book World "With her characteristic wit and reportorial thoroughness, [Schultz] describes the behind-the-scenes chaos, frustration and excitement of a political campaign and the impact it has on a candidate's family." —Minneapolis Star Tribune "Witty and anecdotal, whether read by a Democrat or a Republican." —Deseret Morning News "Frank and feisty . . . a spunky tribute to the survival of one woman's spirit under conditions in which it might have been squelched." —The Columbus Dispatch

Educational Review IdeaPress Publishing

This book is a cross-linguistic study of the syntax of yes-no questions and their answers, drawing on data from a wide range of languages with particular focus on English, Finnish, Swedish, Thai, and Chinese. There are broadly two types of answer to yes-no questions: those that employ particles such as 'yes' and 'no' (as found in English) and those that echo a part of the question, usually the finite verb, with or without negation (as found in Finnish). The latter are uncontroversially derived by ellipsis, while the former have been claimed to be clause substitutes. Anders Holmberg argues instead that even answers that employ particles are complete sentences, derived by ellipsis from full sentential expressions, and that the two types share essential syntactic properties. The book also examines the related cross-linguistic and intralinguistic variation observed in answers to negative questions such as 'does he not drink coffee?', whereby 'yes' in one language appears to correspond to 'no' in another. The book illustrates how a seemingly trivial phenomenon can have the most wide-ranging consequences for theories of language, and will be of interest not only to theoretical linguists but also to students and scholars of typological and descriptive linguistics.

The Abuelo Code Bedtime Is Whenever the Answer Is Always Yes I Always Have Your Back Simon and Schuster

There have been thousands of books written about prayer and millions of sermons preached about it, yet people continue to wonder: Why doesn't God answer me when I cry out to him? In light of all the problems we face in life, we want to know why God is often so "silent" when we pray to him. Anthony DeStefano, author of the bestselling *A Travel Guide to Heaven*, knew there had to be an answer to this mystery, so he set out on a quest to find prayers that God says yes to all the time. The result is an extraordinary new book that has the ability to dramatically change the lives of readers of all faiths. Each short, powerful prayer in *Ten Prayers God Always Says Yes To* addresses a particular problem people commonly face in life—from accepting the existence of God to trying to make ends meet; from getting through terrible suffering to coping with everyday stress; from overcoming fear to finding your God-given destiny. Presented with a certainty and vigor that are sure to pique the interest of even those who are not spiritually inclined, these prayers will help readers find solutions to life's most difficult situations and provide meaningful and inspiring answers to the vexing questions we have about the purpose of our time on earth. In a world awash with superficial self-help books and deceptive gimmicks, *Ten Prayers God Always Says Yes To* is the real thing. Using hundreds of scriptural references to support his claims, DeStefano writes in a simple, straightforward, and uplifting manner that makes the most profound theological matters understandable to all. In the words of the author, "This is a spiritual treasure chest that is available to everyone....This book is about prayers that work—really, truly work."
