UPDATE: Got my PASS Letter!" —Sean Primeaux "Tried everything 4 times before reading this book and PASSED!" "I had failed this exam 4 times prior to getting this book... I had zero clue as to what I was doing wrong. I read Ballast, Kaplan and random things on the forum but for the life of me couldn't pin point where I was missing it until I read THIS BOOK! Gang did an excellent job... I remember going through the ramp and reading Gang's book and saying Ohhhh like 4 or 5 times. I read his book several times until I became comfortable with the information. I went in on test day and it was a breeze. I remember walking out of there thinking I couldn't believe I struggled so much before. The tips in here are priceless! I strongly recommend this book..." —hendea1 "Add this to your ARE study" "This was a very helpful practice exam and discussion. Also the introduction and test taking tips are very helpful for new candidates just starting the ARE process." —Bgrueb01 "Essential Study Tool" "I have read the book and found it to be a great study guide for myself. Mr. Gang Chen does such a great job of helping you get into the right frame of mind for the content of the exam. Mr. Chen breaks down the points on what should be studied and how to improve your chances of a pass with his knowledge and tips for the exam and practice vignettes. I highly recommend this book to anyone... it is an invaluable tool in the preparation for the exam as Mr. Chen provides a vast amount of knowledge in a very clear, concise, and logical matter." —Luke Giaccio "Wish I had this book earlier" "...The questions are written like the NCARB questions, with various types... check all that apply, fill in the blank, best answer, etc. The answer key helpfully describes why the correct answer is correct, and why the incorrect answers are not. Take it from my experience, at half the cost of other mock exams, this is a must buy if you want to pass..." —Domiane Forte ("Vitruvian Duck") "This book did exactly like the others said." "This book did exactly like the others said. It is immensely helpful with the explanation... There are so many codes to incorporate, but Chen simplifies it into a methodical process. Bought it and just found out I passed. I would recommend." —Dustin "It was the reason I passed." "This book was a huge help. I passed the AREs recently and I felt this book gave me really good explanations for each answer. It was the reason I passed." —Amazon Customer "Great Practice Exam" "... For me, it was difficult to not be overwhelmed by the amount of content covered by the Exam. This Mock Exam is the perfect tool to keep you focused on the content that matters and to evaluate what you know and what you need to study. It definitely helped me pass the exam!!" —Michael Harvey ("Harv") "One of the best practice exams" "Excellent study guide with study tips, general test info, and recommended study resources. Hands down one of the best practice exams that I have come across for this exam. Most importantly, the practice exam includes in depth explanations of answers. Definitely recommended." —Taylor Cupp "Great Supplement!!" "This publication was very helpful in my preparation for my BS exam. It contained a mock exam, followed by the answers and brief explanations to the answers. I would recommend this as an additional study material for this exam." —Cynthia Zorrilla-Caneros ("czcante") "Fantastic!" "When I first began to prepare for this exam; the number of content areas seemed overwhelming and daunting at best. However, this guide clearly dissected each content area into small management components. Of all the study guides currently available for this test - this exam not only included numerous resources (web links, you tube clips, etc.), but also the sample test was extremely helpful. The sample test incorporated a nice balance of diagrams, calculations and general concepts - this book allowed me to highlight any "weak" content areas I had prior to the real exam. In short - this is an awesome book!" —Rachel Casey (RC) ArchiteG®, Green Associate Exam Guide®, GA Study®, and GreenExamEducation® are registered trademarks owned by Gang Chen. NEW 2021 edition, fully updated and matching page numbers of the current (blue) state text. Questions and answers in four separate tests-plus detailed explanations for each right and wrong answer, keyed to the page of the latest official Study Guide-help coach students for the difficult exam. This unofficial resource at last takes notary prep to the next level by revealing the tricks of questions and formats, tactics for the test, and the law behind it. Louisiana civil law notaries have unmatched functions, responsibilities, and opportunities-but the exam has a 20% pass rate. Candidates need all the help they can get. The best prep classes and study groups recommend multiple practice questions to understand the format, content, and coverage of the actual exams the Secretary of State administers each year. Yet even the best workbooks and study aids are costly but barebones in the answers they

provide. Their questions help, but students are left matching answers to page numbers. There's no guidance on why they're right-and even less about why other good options aren't "best." This book fills that void with 130 questions and detailed clarifications, plus tactics illustrated by specific formats and options. Explanations are keyed in detail to the 2021 Study Guide (usable on any 2021 exam). Professor Childress, author of a best-selling supplemental guidebook decoding the state study guide and teacher of Tulane's academic course in notary law, explains every twist he can think of that the examiners may try. Whether as a recommended supplement to a prep class, as spelled-out lagniappe to available workbooks, or as a new tool for self-study, this book should become standard fare for anyone contemplating becoming a commissioned notary. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books, this is the trade paperback edition available at online and other bookstores.
