This is the first longer-format, middle-grade collection from #1 New York Times-bestselling author-illustrator Calef Brown. Moving away from the picture book format offers Calef the opportunity to tackle a variety of themes and poetry styles as well as reach a slightly older audience. *Hypnotize a Tiger* is chock-full of Calef's zany black-and-white artwork and features his wonderfully inventive characters and worlds-from the "completely nonviolent and silent" Lou Gnome to Percival, the impetuous (and none-too-sensible) lad who believes he is invincible, to Hugh Jarm (who has a huge arm, natch!). It's a whimsical world: creative, fun, and inspiring!

Art and Intimacy in Modern Italy Prabhat

A much-needed corrective to the history of single authorship, this timely volume offers new insight into the lives and practices of the artist couples, friendships and communities that shaped postwar art in Italy. Bringing together a series of essays from international scholars across a variety of subject fields, the volume considers a range of

longstanding intimate working relationships. Questioning the extent to which exchange formed part of artistic production, and the nature of such partnerships, the contributors explore a variety of underexplored case studies that opens to new readings of Italian art informed by key contemporary issues surrounding gender and sexuality, modern Italian identities and transcultural exchange. In covering friendships, bi-racial, trans-cultural and familial relations, the volume adds much needed perspectives to modern Italy's social and political histories, through case studies of well-known as well as overlooked figures and creative partnerships including Mario and Marisa Merz; the de Chirico brothers, William Demby and Lucia Drudi; and Antonia and Ugo Mulas. Three sections guide the reader through different working and affective dynamics: Shadowy Presences, Ins and Outs; and Alliances. The volume explores practitioners in the visual arts, as well as art critics, institutional figures, screen and theatre writers, designers, and photographers. Rather than merely a descriptive or celebratory account of couples and partnerships in postwar Italian art, *Art and Intimacy in Modern Italy* asks what comes into view and what is left out when thinking about art history through this relational lens.

This is a book that will be of interest to those who teach, know, care, theorise, administer, set policies and discuss the arts in education. Each chapter in this book makes various references to actual arts teaching practices. Teaching and learning examples figure prominently. Concrete teaching incidents are covered throughout the book. Various actual classroom teaching situations are given. Highlighted, at particular points, are arts teaching practices that demonstrate how the arts drive up standards in education generally and why teaching expertise in the arts can be seen as central to this. Teaching practices and theories in the arts overlap in applied ways. Current teaching and curriculum issues are debated. Teaching

explanations expressing the actions, character and skills of an art, the knowledge claims, the truth relationships, ideas and conceptions in student focused contingent ways are discussed. Explored are learner-like, student-teacher dialogues, everyday shared common experiences of art, and the reverent pleasures and insights that correspondingly relate to how things are worked, felt and examined by students. Familiar, ordinary, cherished, touching, sensitive and dignified comprehensions are portrayed. In capacity strengthening ways, the book attends to the elevated, consensual, continuous, broad, united, narrow, enlarged, diverse, open, freed, lively, inventive, imaginative, deeper and richer horizons that exemplify how the arts in education, as a common good, contribute

to society. This text argues persuasively why we should be teaching arts education more comprehensively in a public system of education and how we should be doing it.

The Pleasures of the Damned features selected later poetry of Charles Bukowski, America’s most influential poet. To his legions of fans, Charles Bukowski was—and remains—a counterculture icon. A hard-drinking wild man of literature, a stubborn outsider to the poetry world, he struck a chord with generations of readers, writing raw, tough poetry about booze, work, and women, that spoke to his fans as

“real” and, like the work of the Beats, even dangerous. *The Pleasures of the Damned* is a selection of the best works of Bukowski’s later years, edited by John Martin of Black Sparrow Press, including the last of his new, never-before-published poems.

A Dictionary of Thoughts MIT Press Read Catherine Blyth’s posts on the Penguin Blog. Reclaim the pleasures and possibilities of great conversation with this sparkling guide from the witty pen of an Englishwoman wise to its art

Every day we use cell phones and

computers to communicate, but it's easy to forget that we possess a communication technology that has been in research and development for thousands of years. Catherine Blyth points out the sorry state of disrepair that conversation has fallen into—and then, taking examples from history, literature, philosophy, anthropology, and popular culture, she gives us the tools to rebuild. *The Art of Conversation* isn't about etiquette, elocution, or knowing how to hold your teacup with your little finger crooked just so. It's about something simple and profound: connecting. Conversation costs nothing, but can bring you the world, because it transcends the ability to talk to anyone. What transforms encounters into adventures is how we listen, laugh, flirt, and flatter. Blyth celebrates techniques for reading and changing minds, whether you're in a bar or a boardroom. As Alexander Pope nearly wrote, "True ease in talking comes from art, not

chance, as those move easiest who have learned to dance." When you have read *The Art of Conversation*, you'll not only know the steps, but hear the music like never before. *Still Writing* Henry Holt and Company BYR Paperbacks

Set in the Maremma region of Southern Tuscany, this novel tells the story of two families against the backdrop of a rapidly transforming country. The Biagini are local ranchers, while the wealthy Sanfilippi belong to Rome's upper middle-class. When Sauro, an ambitious rancher, and Filippo, a hedonistic politician, become business partners, the stories of their families become irrevocably intertwined. As an influx of new money pours into the town, political allegiances, family loyalties, moral codes, and sexual identities all begin to shift. Sauro and Filippo, their wives Miriam and Giulia, and their sons, are the prototypes of the new Italy, ostensibly emancipated from traditional mores, but at the same time, insecure and blinkered. Fifteen-year-old Annamaria, fragile and anxious,

struggles to find her place among them. Luckily, a parallel world is taking shape nearby: the Tarot Garden, the monumental sculpture garden created by the French-American artist Niki de Saint Phalle. It is in this magical place, through her conversations with the artist, that Annamaria will slowly find a sense of identity and belonging.

celebrated author and illustrator Ashley
Bryan comes a deeply moving picture
book memoir about serving in the
segregated army during World War II,
and how love and the pursuit of art
sustained him. In May of 1942, at the
age of eighteen, Ashley Bryan was
drafted to fight in World War II. For the
next three years, he would face the
horrors of war as a black soldier in a
segregated army. He endured the
terrible lies white officers told about the
black soldiers to isolate them from
anyone who showed kindness—including
each other. He received worse
treatment than even Nazi POWs. He

was assigned the grimmest, most horrific tasks, like burying fallen soldiers...but was told to remove the black soldiers first because the media didn't want them in their newsreels. And he waited and wanted so desperately to go home, watching every white soldier get safe passage back to the United States before black soldiers were even a thought. For the next forty years, Ashley would keep his time in the war a secret. But now, he tells his story. The story of the kind people who supported him. The story of the bright moments that guided him through the dark. And the story of his passion for art that would save him time and time again. Filled with never-before-seen artwork and handwritten

letters and diary entries, this illuminating and moving memoir by Newbery Honor-winning illustrator Ashley Bryan is both a lesson in history and a testament to hope.

Traces how the German middle class created a unique form of domestic culture that fused consumption with high culture in fashionable forms of entertainment. Entertainment, defined as occasions for creating pleasure, added an important dimension to the lifestyle and self-definition of the German middle class around the turn of the nineteenth century. Modern forms of culture and consumption appearing around this time not only enhanced pleasure in physical sensations but also enabled imaginary sensations in the absence of actual stimuli. Desiring, rather than having, became an important mode of cultural consumption, linking products and practices with self-image,

serving to express social identity in an increasingly more anonymous society--a society where the modern freedom of choice brought with it a loss of tradition and the stability attached to it. Fabricating Pleasure traces the creation of this unique form of domestic culture, showing how the bourgeoisie of late-eighteenth- and early-nineteenth-century Germany fused consumption with high culture. Author Karin Wurst illuminates the sociohistorical context and the emergence of the modern middle class, its differentiation, and its conception of culture. In her thoughtful analysis, Wurst reconstructs the roles of Empfindsamkeit (sensibility) and the new love paradigm, examining the change in mentality they fostered through the reconceptualization of pleasure and entertainment. The book also discusses the relationship between print culture (using Bertuch's *Journal des Luxus und der Moden* as its prime example) and an increase in social mobility. From art and music to fashion and travel, Wurst places these popular forms of entertainment and pleasurable diversion in their social and historical contexts and also shows how they have remarkable bearing on present-day debates on cultural literacy.

Unforbidden Pleasures Atheneum/Caitlyn Dlouhy Books
An investigation into the strange and troublesome relationship to pleasure that

defines the human being, drawing on the disparate perspectives of Deleuze and Lacan. Is pleasure a rotten idea, mired in negativity and lack, which should be abandoned in favor of a new concept of desire? Or is desire itself fundamentally a matter of lack, absence, and loss? This is one of the crucial issues dividing the work of Gilles Deleuze and Jacques Lacan, two of the most formidable figures of postwar French thought. Though the encounter with psychoanalysis deeply marked Deleuze's work, we are yet to have a critical account of the very different postures he adopted toward psychoanalysis, and especially Lacanian theory, throughout his career. In *The Trouble with Pleasure*, Aaron Schuster tackles this tangled relationship head on. The result is neither a Lacanian reading of

Deleuze nor a Deleuzian reading of Lacan but rather a systematic and comparative analysis that identifies concerns common to both thinkers and their ultimately incompatible ways of addressing them. Schuster focuses on drive and desire—the strange, convoluted relationship of human beings to the forces that move them from within—“the trouble with pleasure.” Along the way, Schuster offers his own engaging and surprising conceptual analyses and inventive examples. In the “Critique of Pure Complaint” he provides a philosophy of complaining, ranging from Freud's theory of neurosis to Spinoza's intellectual complaint of God and the Deleuzian great complaint. Schuster goes on to elaborate, among other things, a theory of love as “mutually compatible symptoms”; an original

philosophical history of pleasure, including a hypothetical Heideggerian treatise and a Platonic theory of true pleasure; and an exploration of the 1920s “literature of the death drive,” including Thomas Mann, Italo Svevo, and Blaise Cendrars.
