Just invest little mature to open this on-line broadcast The Audacity To Win Inside Story And Lessons Of Barack Obamas Historic Victory David Plouffe as without difficulty as evaluation them wherever you are now.

A Promised Land Orbit

The inside story of the historic 2020 presidential election and Joe Biden's harrowing ride to victory, from the #1 New York Times bestselling authors of *Shattered*, the definitive account of Hillary Clinton's 2016 campaign. Almost no one thought Joe Biden could make it back to the White House—not Donald Trump, not the two dozen Democratic rivals who sought to take down a weak front-runner, not the mega-donors and key endorsers who feared he could not beat Bernie Sanders, not even Barack Obama. The story of Biden's cathartic victory in the 2020 election is the story of a Democratic Party at odds with itself, torn between the single-minded goal of removing Donald Trump and the push for a bold progressive agenda that threatened to alienate as many voters as it drew. In *Lucky*, #1 New York Times bestselling authors Jonathan Allen and Amie Parnes use their unparalleled access to key players inside the Democratic and Republican campaigns to unfold how Biden's nail-biting run for the presidency vexed his own party as much as it did Trump. Having premised his path on unlocking the Black vote in South Carolina, Biden nearly imploded before he got there after a relentless string of misfires left him freefalling in polls and nearly broke. Allen and Parnes brilliantly detail the remarkable string of chance events that saved him, from the botched Iowa caucus tally that concealed his terrible result, to the pandemic lockdown that kept him off the stump, where he was often at his worst. More powerfully, *Lucky* unfolds the pitched struggle within Biden's general election campaign to downplay the very issues that many Democrats believed would drive voters to the polls, especially in the wake of Trump's response to nationwide protests following the murder of George Floyd. Even Biden's victory did not salve his party's wounds; instead, it revealed a surprising, complicated portrait of American voters and crushed Democrats' belief in the inevitability of a blue wave. A thrilling masterpiece of political reporting, *Lucky* is essential reading for understanding the most important election in American history and the future that will come of it.

All Boys Aren't Blue Sterling Publishing Company, Inc.

In this "timeless and original" sci-fi thriller (New York Times), a hardboiled baseball scout must solve the murder of his brother in a world transformed by body modification, perfect for readers of William Gibson and Max Barry. An Esquire Pick for the Top 50 Sci-Fi Books of All Time A New York Times Best Sci-Fi and Fantasy Novel of 2021 "A breathlessly paced techno-thriller characterized by stunning, spiky worldbuilding." — Esquire In the future you can have any body you want—as long as you can afford it. But in a New York ravaged by climate change and repeat pandemics, Kobo is barely scraping by. He scouts the latest in gene-edited talent for Big Pharma-owned baseball teams, but his own cybernetics are a decade out of date and twin sister loan sharks are banging down his door. Things couldn't get much worse. Then his brother—Monsanto Mets slugger J.J. Zunz—is murdered at home plate. Determined to find the killer, Kobo plunges into a world of genetically modified CEOs, philosophical Neanderthals, and back-alley body modification, only to quickly find he's in a game far bigger and more corrupt than he imagined. To keep himself together while the world is falling apart, he'll have to navigate a time where both body and soul are sold to the highest bidder. Diamond-sharp and savagely wry, *The Body Scout* is a timely science fiction thriller debut set in an all-too-possible future. "I devoured it." —Jonathan Lethem "Completely weird and still completely real. Delightful—I couldn't put it down." —Shea Serrano

The Election Game and How to Win It Penguin Books

The heart of *Believer* is devoted to David Axelrod's 20-year friendship with Obama, a warm partnership that inspired both men. As senior adviser to the president, Axelrod served during one of the most challenging periods in national history and worked at Obama's side as he battled an economic disaster, navigated America through two wars, and fought to reform health care, the financial sector and the grid-locked political institutions. This is a powerful and inspiring memoir filled with charm and candour from one of the best political strategists in recent history.

The Audacity of Inez Burns Viking Adult

All is not well north of the tension line. A series of unsettling nighttime incidents have left the islanders uncertain whether to be nervous or annoyed. Are they victims of an elaborate teenage prank, or is there a malevolent stranger lurking on the island? Meanwhile, out-of-state owners of a new goat farm seem to consider themselves the self-proclaimed leaders of the island; Pali, the ferry captain, is troubled by his own unique version of writer's block; and Ben, the captain's ten year-old son, appears to be hiding something. But it is only when the imperturbable Lars Olafsen announces his retirement, and Stella declares her candidacy for office, that the islanders realize trouble is brewing. Fiona must decide whether it is time to leave the island for good, or to make another reckless gamble. Book two in the award-winning *North of the Tension Line* series, *The Audacity of Goats* is the continuing tale of Fiona Campbell, and her reluctant adventures among the pleasures, mysteries, and exasperations of small town life

Audacity Penguin

THE VIVID, SCANDAL-FILLED STORY OF A SHREWD, RAGS-TO-RICHES MILLIONAIRESS AND THE RUTHLESS POLITICIAN WHO PURSUED HER, TOLD AGAINST THE EFFERVESCENT BACKDROP OF AMERICA'S GOLDEN CITY—SAN FRANCISCO. San

Francisco, until the mid-1940s, was a city that lived by its own rules, fast and loose. Formed by the gold rush and destroyed by the 1906 earthquake, it served as a pleasure palace for the legions of men who sought their fortunes in the California foothills. For the women who followed, their only choice was to support, serve, or submit. Inez Burns was different. She put everyone to shame with her dazzling, calculated, stone-cold ambition. Born in the slums of San Francisco to a cigar-rolling alcoholic, Inez transformed herself into one of California's richest women, becoming a notorious powerbroker, grand dame, and iconoclast. A stunning beauty with perfumed charm, she rose from manicurist to murderess to millionaire, seducing one man after another, bearing children out of wedlock, and bribing politicians and cops along the way to secure her place in the San Francisco firmament. Inez ruled with incandescent flair. She owned five hundred hats and a closet full of furs, had two small toes surgically removed to fit into stylish high heels, and had two ribs excised to accentuate her hourglass figure. Her presence was defined by couture dresses from Paris, red-carpet strutting at the San Francisco Opera, and a black Pierce-Arrow that delivered her everywhere. She threw outrageous parties on her sprawling, eight-hundred-acre horse ranch, a compound with servants, cooks, horse groomers, and trainers, where politicians, judges, attorneys, Hollywood moguls, and entertainers gamboled over silver fizzes. Inez was adored by the desperate women who sought her out—and loathed by the power-hungry men who plotted to destroy her. During a time when women risked their lives with predatory practitioners lurking in back alleys, Inez and her team of women, clad in crisp, white nurse's uniforms, worked night and day in her elegantly appointed clinic, performing fifty thousand of the safest, most hygienic abortions available during a time when even the richest wives, Hollywood stars, and mistresses had few options when they found themselves with an unwanted pregnancy. Inez's illegal business bestowed upon her power and influence—until a determined politician by the name of Edmund G. (Pat) Brown—the father of current California Governor Jerry Brown—used Inez to catapult his nascent career to national prominence. In *The Audacity of Inez Burns*, Stephen G. Bloom, the author of the bestselling *Postville*, reveals a jagged slice of lost American history. From Inez's riveting tale of glamour and tragedy, he has created a brilliant, compulsively readable portrait of an unforgettable woman during a moment when America's pendulum swung from compassion to criminality by punishing those who permitted women to control their own destinies.

The Audacity of Hope Penguin

A NEW YORK TIMES BESTSELLER As seen on CBS This Morning, PBS NewsHour, The Daily Show with Trevor Noah, Pod Save America and more A voter's playbook on making a difference in the 2020 election and beyond from the most recognized and most successful political strategist in the country If you've asked yourself the question, what more can I do to make sure Donald Trump does not continue to occupy the Oval Office on January 20, 2021?—then this book is for you. A playbook for the common citizen, *A Citizen's Guide to Beating Donald Trump* addresses the many things individuals can do in 2020 every day, without having to leave their jobs, move to Iowa, or spend every waking moment on the election. In *A Citizen's Guide to Beating Donald Trump*, Plouffe's message is simple: the only way change happens, especially on scale, is one human being talking to another. It won't happen magically, it won't happen because of debates and conventions, it won't happen because of ads. It will happen because citizens take action. And Plouffe is here to help, with specific strategies and tailored talking points to make sure your time and energy aren't wasted. He lays out why different activities the average citizen can take can make a difference to getting to 270 electoral votes, how people can go about doing them and examples of where it's worked in the past. There are at least 65 million Americans who are likely committed to voting against Trump. It is entirely in our control to grow that number and make sure the support materializes in actual votes. Plouffe arms us with advice on how to defend against misinformation online, how to create and spread content, how to register and get out the vote early, how to make a difference in the battlegrounds and how to stay involved after the big election. Filled with stories from the last sixteen years, both successes and failures, as well as political strategies that have evolved in the wake of the breakthrough campaign that Plouffe masterminded, *A Citizen's Guide to Beating Donald Trump* is a pragmatic, specific, and very motivational guide for the path forward.

A Citizen's Guide to Beating Donald Trump Oxford University Press

Torie Clarke, renowned and respected in political and business circles as one of the nation's most gifted communicators, offers a complete guide to the new age of transparency. Clarke's

message is refreshing and straightforward: No more spin. Always a dubious proposition, spin has become increasingly vulnerable as information sources have proliferated; spin is simply no longer viable. Or put another way, "You can put lipstick on a pig, but it's still a pig." Distilling her twenty-five years of experience and wisdom into eight concise rules, Clarke counsels that politicians and executives need to tell the truth early, often, and in plain language. Clarke's experience is incomparable: She was the Pentagon's communications chief during the early years of George W. Bush's presidency and, prior to that, a high-ranking adviser to the first President Bush and to Senator John McCain. She illustrates her lessons with riveting behind-the-scenes accounts of some of our country's crucial moments over the last two decades -- for instance, as Assistant Secretary of Defense for Public Affairs under Defense Secretary Donald Rumsfeld, she was at the Pentagon on September 11, 2001, and she recounts her experience that day as Rumsfeld's office strove to inform, instruct, and reassure the public. Clarke shows that a policy of transparency not only protects you, but that you even stand to gain from it -- because once you figure out that you can't put lipstick on a pig, you've actually learned something far more powerful: not to create a pig in the first place. Her lessons for getting your message out include: Tell your own story -- especially if it's bad news -- on your own terms, before someone else tells it on theirs. It will allow you to survive controversy and will also enhance your reputation. It's about one thing. Be ready and able to explain yourself to the proverbial man on the street in a clear, simple sentence or two. Admit your mistakes, because the truth will out. Entertaining, approachable, and full of crucial insight and practical guidance, Lipstick on a Pig will be indispensable for business leaders, public figures, and anyone working in media relations. With humor and savvy, Clarke's vision offers truly new opportunities for communications in the Information Age.

Lucky The Audacity to Win

The inside story of a brilliant campaign, with lessons on how the Democrats can secure victory in the future--from the author of A Citizen's Guide to Beating Donald Trump. Since David Plouffe helped design the plan that brought candidate Obama to the White House, the lessons of that plan have become only more relevant. Today, conservative forces led by figures like Sarah Palin and Glenn Beck threaten to derail the tremendous promise of Democrats' recent gains, making the next election--and the ones beyond it--even more crucial. Plouffe explains the secrets to winning elections in contemporary politics, and shows how Democrats can build on the historic campaign of 2008 to keep the country on the right path. Featuring a new chapter on the challenges of 2010, The Audacity to Win is political writing at its boldest and most essential.

The Audacity of Hope by Barack Obama (Summary) New Word City

"An engaging, beautifully synthesized page-turner" (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton's most personal memoir yet, about the 2016 presidential election. In this "candid and blackly funny" (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. "At her most emotionally raw" (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet--the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this "feminist manifesto" (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a "bracing... guide to our political arena" (The Washington Post), What Happened lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

What Matters Now Farrar, Straus and Giroux (BYR)

This is not a book about one thing. It's not a 250-paged dissertation on leadership, teams or motivation. Instead, it's an agenda for building organizations that can flourish in a world of diminished hopes, relentless change and ferocious competition. This is not a book about doing better. It's not a manual for people who want to tinker at the margins. Instead, it's an impassioned plea to reinvent management as we know it--to rethink the fundamental assumptions we have about capitalism, organizational life, and the meaning of work. Leaders today confront a world where the unprecedented is the norm. Wherever one looks, one sees the exceptional and

the extraordinary: Business newspapers decrying the state of capitalism. Once-innovative companies struggling to save themselves. Next gen employees shunning blue chips for social start-ups. Corporate miscreants getting pilloried in the blogosphere. Entry barriers tumbling in what were once oligopolistic strongholds. Hundred year-old business models being rendered irrelevant overnight. Newbie organizations crowdsourcing their most creativework. National governments lurching towards bankruptcy. Investors angrily confronting greedy CEOs and complacent boards. Newly omnipotent customers eagerly wielding their power. Social media dramatically transforming the way human beings connect, learn and collaborate. Obviously, there are lots of things that matter now. But in a world of fractured certainties and battered trust, some things matter more than others. While the challenges facing organizations are limitless; leadership bandwidth isn't. That's why you have to be clear about what really matters now. What are the fundamental, make-or-break issues that will determine whether your organization thrives or dives in the years ahead? Hamel identifies five issues that are paramount: values, innovation, adaptability, passion and ideology. In doing so he presents an essential agenda for leaders everywhere who are eager to... move from defense to offense reverse the tide of commoditization defeat bureaucracy astonish their customers foster extraordinary contribution capture the moral high ground outrun change build a company that's truly fit for the future Concise and to the point, the book will inspire you to rethink your business, your company and how you lead.

Ripples of Hope Simon and Schuster

Since David Plouffe helped design the plan that brought candidate Obama to the White House, the lessons of that plan have become only more relevant. Today, conservative forces led by figures like Sarah Palin and Glenn Beck threaten to derail the tremendous promise of Democrats' recent gains, making the next election--and the ones beyond it--even more crucial. In this update to his bestselling book, The Audacity to Win, Plouffe shows how Democrats can build on the historic campaign of 2008 to keep winning elections and keep the country on the right path. Featuring an insider's breakdown of recent and future challenges, including the epic struggle and triumph of passing the health care bill, 2010 and Beyond offers a perfect prescription for the Left as it works to build a better nation for generations to come.

That storyline drives Hell of a Book and is the scaffolding of something much larger and more urgent: Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, Hell of a Book is the novel Mott has been writing in his head for the last ten years. And in its final twists, it truly becomes its title.

Stephen Colbert: Beyond Truthiness Simon and Schuster

#1 NEW YORK TIMES BESTSELLER! From Obama's former communications director and current co-host of Pod Save America comes a colorful account of how politics, the media, and the Internet changed during the Obama presidency and how Democrats can fight back in the Trump era. On November 9th, 2016, Dan Pfeiffer woke up like most of the world wondering WTF just happened. How had Donald Trump won the White House? How was it that a decent and thoughtful president had been succeeded by a buffoonish reality star, and what do we do now? Instead of throwing away his phone and moving to another country (which were his first and second thoughts), Pfeiffer decided to tell this surreal story, recounting how Barack Obama navigated the insane political forces that created Trump, explaining why everyone got 2016 wrong, and offering a path for where Democrats go from here. Pfeiffer was one of Obama's first hires when he decided to run for president, and was at his side through two presidential campaigns and six years in the White House. Using never-before-heard stories and behind-the-scenes anecdotes, YES WE (STILL) CAN examines how Obama succeeded despite Twitter trolls, Fox News (and their fake news), and a Republican Party that lost its collective mind. An irreverent, no-BS take on the crazy politics of our time, YES WE (STILL) CAN is a must-read for everyone who is disturbed by Trump, misses Obama, and is marching, calling, and hoping for a better future for the country.

Yes We (Still) Can HarperCollins

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire,

and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Based on his keynote speech at the 2004 Democratic Convention, The Audacity of Hope helped catapult the then unknown Illinois senator into the national spotlight. Building off a sermon by his former pastor who used the same phrase, The Audacity of Hope laid out the ideas that would become the foundations of his 2008 presidential campaign. The book has 3 main points it tries to get across; that despite political differences all Americans share a core belief in community and in freedom, that a lot of our problems are due to politicians becoming more beholden to their donors than to their constituents, and that wars like the one on terrorism can't be won using violence, since ultimately they're wars of ideas.

Profiles in Audacity Crown

"A historical fiction novel in verse detailing the life of Clara Lemlich and her struggle for women's labor rights in the early 20th century in New York."--

Game Change LP Twelve

The forty-fourth president's campaign manager reveals the strategies that he credits with Obama's successful primary and general elections, explaining how a combination of technology and grassroots organization is revolutionizing politics.

The Audacity to Win Harper Collins

THE #1 SUNDAY TIMES BESTSELLER A riveting, deeply personal account of history in the making-from the president who inspired us to believe in the power of democracy - and the perfect gift this Christmas! 'Gorgeously written, humorous, compelling, life affirming' Justin Webb, Mail on Sunday In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency-a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective-the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day. 'What is unexpected in A Promised Land is the former president's candour' David Olusoga, Observer

Author in Chief Hundreds of Heads Books, LLC

"An essential starting point for those assessing the Obama presidency." -Washington Monthly Two presidencies later, the time has never been better to revisit the legacy of Barack Obama. In Audacity, New York Magazine writer Jonathan Chait makes the unassailable case that, in the eyes of history, Obama will be viewed as one of America's best and most accomplished presidents. Over the course of eight years, Barack Obama has amassed an array of outstanding achievements. His administration saved the American economy from collapse, expanded health insurance to millions who previously could not afford it, negotiated an historic nuclear deal with

Iran, helped craft a groundbreaking international climate accord, reined in Wall Street and crafted a new vision of racial progress. He has done all of this despite a left that frequently disdained him as a sellout, and a hysterical right that did everything possible to destroy his agenda even when they agreed with what he was doing. Now, as the page turns to our next Commander in Chief, Jonathan Chait, acclaimed as one of the most incisive and meticulous political commentators in America, digs deep into Obama's record on major policy fronts-economics, the environment, domestic reform, health care, race, foreign policy, and civil rights-to demonstrate why history will judge our forty-fourth president as among the greatest in history. Audacity does not shy away from Obama's failures, most notably in foreign policy. Yet Chait convincingly shows that President Obama has accomplished what candidate Obama said he would, despite overwhelming opposition-and that the hopes of those who voted for him have not been dashed despite the smokescreen of extremist propaganda and the limits of short-term perspective.

Dreams from My Father National Geographic Books

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

_____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap

careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.
