Richard Thompson is renowned among cartoonists as an "artist's" cartoonist. Little known to all but those close to him is the extent of his art talent. This is the book that will enlighten the rest of us and delight us with the sheer beauty of his work. Divided into six sections, each beginning with an introductory conversation between Thompson and six well-known peers, including Bill Watterson, the book will present Thompson's illustration work, caricatures, and his creation, Richard's Poor Almanack. Each section is highly illustrated, many works in color, most of them large and printed one-to-a-page. The diversity of work

will help cast a wider net, well beyond Cul de Sac fans.

From 1985 to 1995, the syndicated comic strip Calvin and Hobbes followed the antics of a

precocious six-year-old boy and his sardonic stuffed tiger. At the height of its popularity, the strip ran in more than 2,400 newspapers and generated a fan base that continues to run in the millions. This critical analysis of Calvin and Hobbes explores Calvin ' s world and its deep reservoir of meanings. Close readings of individual strips highlight the profundity of Calvin ' s world with respect to a number of life ' s big questions, including the things that one values, friendship, God, death, and other struggles in life. By engaging with Calvin and Hobbes as more than " just " a comic strip, this work demonstrates how the imagination remains an invaluable resource for making sense of the world. Hailed by David Sedaris as "perfectly, relentlessly funny" and by Colson Whitehead as "sardonic without being cruel, tender without being sentimental," from the author of the new collection *Look Alive Out There*. Wry, hilarious, and profoundly genuine, this debut collection of literary essays is a celebration of fallibility and haplessness in all their glory. From despoiling an exhibit at the Natural History Museum to provoking the ire of her first boss to siccing the cops on her

mysterious neighbor, Crosley can do no right despite the best of intentions -- or perhaps because of them. Together, these essays create a startlingly funny and revealing portrait of a complex and utterly recognizable character who aims for the stars but hits the ceiling, and the inimitable city that has helped shape who she is. *I Was Told There'd Be Cake* introduces a strikingly original voice, chronicling the struggles and unexpected beauty of modern urban life.

NEW YORK TIMES BESTSELLER! Gavin Aung Than, an Australian graphic designer turned cartoonist, started the weekly *Zen Pencils* blog in February 2012. He describes his motivation for launching *Zen Pencils*: "I was working in the boring corporate graphic design industry for eight years before finally quitting at the end of 2011 to pursue my passion for illustration and cartooning. At my old job, when my boss wasn't looking, I would waste time reading Wikipedia pages, mainly biographies about people whose lives were a lot more interesting than mine. Their stories and quotes eventually inspired me to leave my job to focus on what I really

wanted to do. The idea of taking these inspiring quotes, combining them with my love of drawing and sharing them with others led to the creation of Zen Pencils." "Zen Pencils deftly blends the inspired thoughts of our great creative and moral thinkers with its own fresh visual wit. Because these work as pithy history lessons illuminating timeless human truths, it's no wonder Gavin's engaging comics go viral!"

—Michael Cavanaugh, Washington Post's Comic Riffs

"Sometimes all it takes is a clear, original vision and a talented hand. Gavin Aung Than and his genius of Zen Pencils gives us that together, and so much more." - — Chris Hadfield, retired astronaut and former Commander of the International Space Station

"If you read this book and don't get a lump in your throat and a stirring in your heart at least once, check your pulse. You're dead." —Philip Plait, The Bad Astronomer

"Gavin has the amazing ability to make words and ideas come alive. He teaches, inspires, and brings a whole new level of creativity to the quotes that hold a special place in our hearts."

—Brené Brown, Ph.D., LMSW Author of the No. 1 New York Times Bestseller, Daring Greatly

"Zen Pencils is a visual demonstration of joy and courage. Buy it for inspiration, and keep it for regular reminders of living bigger." — Chris Guillebeau, New York Times Bestselling Author of The \$100 Startup

When Richard Thompson, creator of the cartoon strip Cul de Sac, learned that he had Parkinson's disease, the entire cartoon

community was moved. From other cartoonists to fans, the urge to "do something" was overwhelming. Enter Chris Sparks, friend of and webmaster for Richard, who came up with the idea of joining the Team Fox effort. Having read two of Michael J. Fox's books, he knew about the foundation, which made him think of creating a Team Cul de Sac to honor Richard and to raise money for and awareness about PD. He set up the team with the foundation and began the quest to create a book that contributors would donate their original art to be included in the book and to be auctioned off later. All of the auction's and a portion of the book's profits will be donated to Team Fox. The response to Chris's call for art has been impressive. From indie cartoonists to noted syndicated, editorial, and magazine cartoonists to graphic novel artists, illustrators, and sheer Cul de Sac fans, the assortment of cartoon styles paying homage to Cul de Sac and Richard Thompson in Team Cul de Sac is truly inspiring.
