An NYRB Classics Original Basti is a beautifully written reckoning with the tragic history of Pakistan. Basti means settlement, a common place, and Intizar Husain's extraordinary novel begins with a mythic, even mystic, vision of harmony between old and young, man and woman, Muslim and Hindu. Then Zakir, the hero, wakes to the modern world. Crowds gather. Slogans echo. Cities burn. Whether hunkered down with family or furtively meeting to exchange news with friends in cafés, Zakir is alone in a country lost to the politics of loneliness.

Other surprises follow: Romania joins the Axis, and before long German soldiers overrun the capital. After being widely portrayed as a virulent racist and a traitor to his city, Professor Albert Corde, dean of the faculty of Journalism, is forced to leave Chicago. NATIONAL BESTSELLER LONGLISTED FOR THE 2021 BOOKER PRIZE NAMED A BEST BOOK OF THE YEAR BY THE GLOBE AND MAIL, CBC BOOKS AND THE DAILY TELEGRAPH "I've been telling everyone I know about Mary Lawson . . . Each of her novels is just a marvel" —Anne Tyler New York Times bestselling author Mary Lawson, acclaimed for digging into the "wilderness of the human heart", is back after almost a decade with a fresh and timely novel that is different in subject but just as emotional and atmospheric as her beloved earlier work. A Town Called Solace, the brilliant and emotionally radiant new novel from Mary Lawson, her first in nearly a decade, opens on a family in crisis. Sixteen-year-old Rose is missing. Angry and rebellious, she had a row with her mother, stormed out of the house and simply disappeared. Left behind is seven-year-old Clara, Rose's adoring little sister. Isolated by her parents' efforts to protect her from the truth, Clara is bewildered and distraught. Her sole comfort is Moses, the cat next door, whom she is looking after for his elderly owner, Mrs. Orchard, who went into hospital weeks ago and has still not returned. Enter Liam

Kane, mid-thirties, newly divorced, newly unemployed, newly arrived in this small northern town, who moves into Mrs. Orchard's house—where, in Clara's view, he emphatically does not belong. Within a matter of hours he receives a visit from the police. It seems he is suspected of a crime. At the end of her life, Elizabeth Orchard is also thinking about a crime, one committed thirty years previously that had tragic consequences for two families, and in particular for one small child. She desperately wants to make amends before she dies. Told through three distinct, compelling points of view, the novel cuts back and forth among these unforgettable characters to uncover the layers of grief, remorse, and love that connect them. A Town Called Solace is a masterful, suspenseful, darkly funny and deeply humane novel by one of our great storytellers.

Ivor Porter first came to Romania in 1939 as a teacher of English - to the exotic, semi-oriental Bucharest described by Olivia Manning. After the war had broken out, and Romania had been absorbed into the Axis sphere of influence, he - together with his fellow-expatriates - was forced to leave a colourful, turbulent country to which he had become increasingly attached; but he was to return in 1943 as a member of SOE, parachuted in to play his part in the plot to overthrow the pro-Nazi regime of Marshal Antonescu and install a government more sympathetic to the Allied cause. Operation Anonymous, and the successful coup that followed in 1944, may well have hastened the end of the war by several months by helping the Red Army to sweep through the Carpathians into Central Europe, and south to the frontiers of Greece, yet for the Romanians themselves Russia, rather than Germany, was the ancient enemy. Mixing the author's own experiences with detailed diplomatic and military history, Operation Autonomous opens up an important and neglected aspect of the war - and one that was to have momentous implications for the settlement of post-war Europe.

From one of the classic writers of post-war English literature comes a stunning novel of love, betrayal and redemption. Married but obstinately set in their separate ways, Hugh and Kristy Foster know nothing of Al-Bustan, a far-flung island in the Indian Ocean. Too late they discover how it seethes with unrest and intrigue. Yet now when they need each other, the sullen, muttering forest seems only to intensify their differences.

From the bestselling author of Irena's War comes a gripping novel of historical fiction based on one of the most extraordinary true stories of World War II—an uprising behind the walls of Auschwitz concentration camp. October 1944: In the long, narrow undressing rooms in Auschwitz-Birkenau, prisoner Jakub Bak toils under the scrutiny of SS guards. Like other members of the Sonderkommando, Jakub was selected on arrival for an unthinkable job: sorting through the clothes of the dead and moving their bodies from the gas chambers to the crematoriums. In this hell within a hell, Jakub clings to the promise he made to his murdered father—to live, at any cost—and to the moments he is able to spend in the company of Anna, imprisoned in the women's camp. Every morning, Anna marches miles to the union munitions factory where she works alongside other prisoners. Even Jakub doesn't know that she and a few other women have been taking the ultimate risk, smuggling trace amounts of gunpowder back in their clothing. A bold plan is brewing to revolt against the SS and liberate the camp. Jakub, pressured to join the resistance, knows that any uprising faces impossible odds. Added to this already stark choice is another desperate reality—the risk from informers who see their only chance of survival in betraying their fellow Jews. Powerfully moving and unflinching in its authenticity, Beyond the Wire tells of the women and men who, though outnumbered and outgunned, fought to free themselves, sparking a brilliant flash of light and hope amidst the darkest evil that humans can conceive. Praise for Irena's War "Shipman's humbling, spellbinding tale is a standout among recent works of Holocaust fiction." —Publishers Weekly (Starred Review)

Winner of the Booker Prize A historical novel set in the eighteenth century, Sacred Hunger is a stunning, engrossing exploration of power, domination, and greed in the British Empire as it entered fully into the slave trade and spread it throughout its colonies. Barry Unsworth follows the failing fortunes of William Kemp, a merchant pinning his last chance to a slave ship; his son who needs a fortune because he is in love with an upper-class woman; and his nephew who sails on the ship as its doctor because he has lost all he has loved. The voyage meets its demise when disease spreads among the slaves and the captain's drastic response provokes a mutiny. Joining together, the sailors and the slaves set up a secret, utopian society in the wilderness of Florida, only to await the vengeance of the single-minded, young Kemp.

In The Levant Trilogy Olivia Manning returns to the story of the young English couple Guy and Harriet Pringle, last seen, at the end of The Balkan Trilogy, departing from Athens ahead of the invading Nazi army. Now, in the spring of 1941, they arrive in Egypt as Rommel's forces slowly but surely approach Cairo across the Sahara from the west. Will the city fall? In the streets the people contemplate welcoming a new set of occupiers, while European refugees and well-heeled Anglo-Egyptians prepare to pack their bags. And at night, everyone who is anyone flocks to the city's famed hotels and seedy cabarets, seeking one last dance before the tanks roll in. Manning describes the Pringles' ever complicated marriage and their motley group of friends and foes with the same sharp eye that earned The Balkan Trilogy a devoted following. And she also traces the fortunes of a marvelously drawn new character, Simon Boulderstone, a twenty-year-old recruit who must grapple with the boredom, chaos, and fleeting exhilaration of war.

Olivia Manning's reputation as a difficult personality often threatens to obscure her reputation as a writer. Few twentieth century novelists can have inspired such consistent dislike. The publisher Dan Davin, for example, who was devoted to Manning's gregarious husband Reggie Smith, complained of her as a shrewish woman whose aim was to be as unpleasant to as many people as possible, while the legendary denizen of Fitzrovia, Julian Maclaren-Ross, recalled among his Stag's Head drinking circle the taciturn, undemonstrative and physically unattractive Olivia Manning who, from the vantage point of her bar-stool regarded the others with an expression of amusement, mingled with contempt. Fellow writer Inez Holden christened her "whiney" Manning; Anthony Powell, her otherwise generous editor at Punch, admitted her to be the world's worst grumbler and her publishers at Heinemann were forced to conclude that she was never an easy artist to handle. Even Kay Dick, her lifelong friend and correspondent, depicted Manning in her 1984 novel The Shelf as the spiteful gossip Sophie, who, with her wry fragility, delicate hands and penetrating voice . . . often reminded me of a goshawk about to bite.

Tomando como punto de partida la idea de que un análisis literario de la obra de Olivia Manning basado en su gran habilidad novelística en lugar de en su vida es posible, esta tesis explora cómo The Balkan Trilogy y The Levant Trilogy interactúan con algunos de los grandes debates del siglo veinte. Esta tesis investiga la narración de la Segunda Guerra Mundial de Manning y se centra en la figura del narrador de guerra, en la representación de lugar y espacio en el contexto de guerra y del fin del imperialismo británico, y en la representación de la sexualidad y género en tiempo de guerra desde un punto de vista literario en vez de autobiográfico. El capítulo introductorio ofrece una revisión de la crítica que Manning ha recibido hasta el momento. El capítulo dos analiza a Manning como escritora de la Segunda Guerra Mundial y examina las diferentes estrategias que ella utilizó para narrar la guerra. Se analizan los diferentes testigos de guerra en The Balkan Trilogy y The Levant Trilogy, masculinos y femeninos, combatientes y civiles, para ver quién relata la guerra más exhaustivamente. El capítulo tres ofrece un análisis de la representación de lugar y viaje en tiempo de guerra, y compara la interacción de diversos personajes con su entorno en las trilogías de la Segunda Guerra Mundial de Manning. Así mismo, en este capítulo se analiza la representación de Manning de Rumanía, Grecia y Egipto y de su gente nativa, teniendo en cuenta que estos países estaban (o habían estado) bajo la influencia del antiguo Imperio Británico. El capítulo cuatro explora las formas en las que la guerra altera los roles de género en la ficción de guerra de Manning. Se estudia cómo el ámbito público y el doméstico interactúan en The Balkan Trilogy y The Levant Trilogy. Para ello, se examina la representación de Manning de la sexualidad, matrimonio, hogar y maternidad para analizar las diferentes formas en las que éstas son alteradas por la guerra.

A Literary Reading of Olivia Manning's World War II Trilogies Csa Word

After enduring a vicious bear attack in the Russian Far East's Kamchatka Peninsula, a French anthropologist undergoes a physical and spiritual transformation that forces her to confront the tenuous distinction between animal and human. In the Eye of the Wild begins with an account of the French anthropologist Nastassja Martin's near fatal run-in with a Kamchatka bear in the mountains of Siberia. Martin's professional interest is animism; she addresses philosophical questions about the relation of humankind to nature, and in her work she seeks to partake as fully as she can in the lives of the indigenous peoples she studies. Her violent encounter with the bear, however, brings her face-to-face with something entirely beyond her ken—the untamed, the nonhuman, the animal, the wild. In the course of that encounter something in the balance of her world shifts. A change takes place that she must somehow reckon with. Left severely mutilated, dazed with pain, Martin undergoes multiple operations in a provincial Russian hospital, while also being grilled by the secret police. Back in France, she finds herself back on the operating table, a source of new trauma. She realizes that the only thing for her to do is to return to Kamchatka. She must discover what it means to have become, as the Even people call it, medka, a person who is half human, half bear. In the Eye of the Wild is a fascinating, mind-altering book about terror, pain, endurance, and self-transformation, comparable in its intensity of perception and originality of style to J. A. Baker's classic The Peregrine. Here Nastassja Martin takes us to the farthest limits of human being.
