With the sixteenth edition of Financial and Managerial Accounting: The Basis for Business Decisions, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts. In this revision, the authors have added to and refined the coverage of International Financial Reporting Standards (IFRS), particularly in Chapter 15 ("Global Business and Accounting"). Hallmarks of the text--including the solid Accounting Cycle Presentation, relevant

pedagogy, and high quality, end-of-chapter material--have been updated throughout the book. Accounting McGraw-Hill/Irwin The Study Guide enables the students to measure their progress by immediate feedback. It contains a summary of the highlights of each chapter, objective question and short exercises. The solutions are included at the end of each chapter. The Basis for Business Decisions Richard Irwin Clear. Accurate. Current. The new twelfth edition of Financial and Managerial Accounting: A Basis for Business Decisions unites this texts long-running standard of excellence with a thorough

revision reflecting contemporary concepts and issues in accounting. The managerial accounting section has been expanded making this book appropriate for the 50/50 split accounting principles courses that employ a corporate approach. The hallmarks of this text continue to be exceptional balance between the preparer and user points of view, excellent real-world examples that do not distract students from the text narrative, and clear writing style. This is a reflection of the authors and their well-known dedication to accounting education.
