Clear. Accurate. Current. The new twelfth edition of
Financial and Managerial Accounting: A Basis for
Business Decisions unites this texts long-running
standard of excellence with a thorough revision
reflecting contemporary concepts and issues in
accounting. The managerial accounting section has
been expanded making this book appropriate for the
50/50 split accounting principles courses that employ
a corporate approach. The hallmarks of this text
continue to be exceptional balance between the
preparer and user points of view, excellent real-world
examples that do not distract students from the text
narrative, and clear writing style. This is a reflection of
the authors and their well-known dedication to
accounting education.

With the sixteenth edition of Financial and
Managerial Accounting: The Basis for
Business Decisions, the Williams author team
continues to be a solid foundation for
students who are learning basic accounting
concepts. In this revision, the authors have

added to and refined the coverage of International Financial Reporting Standards (IFRS), particularly in Chapter 15 ("Global Business and Accounting"). Hallmarks of the text--including the solid Accounting Cycle Presentation, relevant pedagogy, and high quality, end-of-chapter material--have been updated throughout the book.
