The urban classic coming-of-age story about sex, drugs, and basketball Jim Carroll grew up to become a renowned poet and punk rocker. But in this memoir of the mid-1960s, set during his coming-of-age from 12 to 15, he was a rebellious teenager making a place and a name for himself on the unforgiving streets of New York City. During these years, he chronicled his experiences, and the result is a diary of unparalleled candor that conveys his alternately hilarious and terrifying teenage existence. Here is Carroll prowling New York City--playing basketball, hustling, stealing, getting high, getting hooked, and searching for something pure. *The Basketball Diaries* was the basis for the film of the same name starring Leonardo DiCaprio. "I met him in 1970, and already he was pretty much universally recognized as the best poet of his generation. . . . The work was sophisticated and elegant. He had beauty." -- Patti Smith

#### A Study Guide for Jim Carroll's "The Basketball Diaries" Blurb

The sensational sequel to the bestselling memoir *The Basketball Diaries* During the early 1970s, Jim Carroll was a young and rising star in the crazy and creative downtown scene in New York City. He worked at the Factory for Andy Warhol and discussed art, literature, and the cosmos with Robert Smithson, Allen Ginsberg, and Bob Dylan. He spent nights at Max 's Kansas City, listening to the Velvet Underground. And he did far too many drugs -- until his survival instinct impelled him to leave New York for a Northern California retreat. Intimate and revealing, the episodes in *Forced Entries*, Carroll 's diaries from that period, provide a sometimes hilarious, sometimes frightening glimpse of people who tested the limits of life and sanity. "Forced Entries captures the early-seventies period in New York better than anything I 've read in a long time." -- William S. Burroughs

When poet, musician, and diarist Jim Carroll died in September 2009, he was putting the finishing touches on a potent work of fiction. *The Petting Zoo* tells the story of Billy Wolfram, an enigmatic thirty- eight-year-old artist who has become a hot star in the late-1980s New York art scene. As the novel opens, Billy, after viewing a show of Vel á zquez paintings, is so humbled and awed by their spiritual power that he suffers an emotional breakdown and withdraws to his Chelsea loft. Through reference to over six hundred scenes from film and television—as well as a diverse and cross-disciplinary academic bibliography—*Masturbation in Pop Culture* investigates the role that masturbation serves within narratives while simultaneously mirroring our complicated relationship with the practice in real life and sparking discussions about a broad range of hot-button sexual subjects. From sitcoms to horror movies, teen comedies to erotic thrillers, autoeroticism is easily detected on screen. The portrayal, however, is not a simple one. Just as in real life a paradox exists where most of us masturbate and accept it as normal and natural, there simultaneously exists a silence about it; that we do it, but we don't talk about it; that we enjoy it but we laugh about it. The screen reflects this conflicted relationship. It is there—hundreds and hundreds of times—but it is routinely whispered about, mocked and presented as a punchline, and is inevitably portrayed as controversial at the very least. *Masturbation in Pop Culture* investigates the embarrassment and squeamishness, sexiness and inappropriateness of masturbation, showcasing and analyzing how our complex off screen relationship is mirrored in film and television.

### Divided Loyalties Penguin

In 1973, at the age of twenty-three, Jim Carroll burst upon the poetry scene with his first collection, *Living at the Movies*, a book of vivid and inventive verse that won him comparisons to everyone from Arthur Rimbaud to Frank O'Hara. Carroll's first new book of poetry in more than a decade, *Void of Course* presents work composed over the last two years. His major themes--love, friendship, desire, time and memory, and, above all, the ever-present city--emerge in an atmosphere where dream and reality mingle on equal terms.

These seventy-seven poems range from graphic, sensuous shorter pieces to edgy stream-of-consciousness prose poems to longer, more contemplative works such as "While She's Gone," an eerie tour de force of longing over a departed lover. *Void of Course* establishes that Carroll's power and purity of vision are stronger than ever.

Bill Clegg had a thriving business as a literary agent, a supportive partner, trusting colleagues, and loving friends when he walked away from his world and embarked on a two-month crack binge. He had been released from rehab nine months earlier, and his relapse would cost him his home, his money, his career, and very nearly his life. What is it that leads an exceptional young mind want to disappear? Clegg makes stunningly clear the attraction of the drug that had him in its thrall, capturing in scene after scene the drama, tension, and paranoid nightmare of a secret life--and the exhilarating bliss that came again and again until it was eclipsed almost entirely by doom. He also explores the shape of addiction, how its pattern--not its cause--can be traced to the past. Portrait of an Addict as a Young Man is an utterly compelling narrative--lyrical, irresistible, harsh, honest, and beautifully written--from which you simply cannot look away.

A Life Without Consequences is a semi-biographical novel from emerging author Steve Elliott. His novel traces the fate of Paul, a boy whose mother has died and who runs away from a violent father. The book follows Paul from living on the streets of Chicago to passing through juvenile institutions and a state system that is primarily programmed for failure. There, he meets Tanya and they fall in love but they are young and are separated after a failed attempt to escape the institution. Paul battles through the violent system all the while battling his own rapidly budding adolescence. But as he turns sixteen he starts to come to terms with his own path, not as an adult, but as a scared child. Paul's emotions that we think of as anger are actually the determination to take control of his future. As he starts to overcome the system that has housed him, we see him developing a voice and a future of his own, but one day Tanya reappears in his life and the real decisions have to be made. While the characters are fictional, they do not have to be they are representative of many and we realize the fragility of childhood and the burden on the children who have nowhere else to go.
