A comprehensive exploration of Paris through the texts and experiences of a vast and vibrant range of authors.

THE BELLY OF PARIS The Belly of Paris
Endore's classic werewolf novel - now back in paperback for the first time in over forty years -

helped define a genre and set a new standard in horror fiction The werewolf is one of the great iconic figures of horror in folklore, legend, film, and literature. And connoisseurs of horror fiction know that The Werewolf of Paris is a cornerstone work, a masterpiece of the genre that deservedly ranks with Mary Shelley's Frankenstein, Bram Stoker's Dracula, and Robert Louis Stevenson's The Strange Case of Dr. Jekyll and Mr. Hyde.

Endore's classic novel has not only withstood the test of time since it was first published in 1933, but it boldly used and portrayed elements of sexual compulsion in ways that had never been seen before, at least not in horror literature. In this gripping work of historical fiction, Endore's werewolf, an outcast named Bertrand Cailliet, travels across pre-Revolutionary France seeking to

calm the beast within. Stunning in its sexual frankness and eerie, fog-enshrouded visions, this novel was decidedly influential for the generations of horror and science fiction authors who came afterward.

Paris Oxford University Press

In July 1947, fresh out of college and long before he would win the Pulitzer Prize and become known as one of America's finest historians, Stanley Karnow

boarded a freighter bound for France, planning to stay for the summer. He stayed for ten years, first as a student and later as a correspondent for Time magazine. By the time he left, Karnow knew Paris so intimately that his French colleagues dubbed him "le plus parisien des Américains" --the most Parisian American. Now, Karnow returns to the France of his youth, perceptively and wittily illuminating a time and place like none other.

Karnow came to France at a time when the French were striving to return to the life they had enjoyed before the devastation of World War II. Yet even during food shortages, political upheavals, and the struggle to come to terms with a world in which France was no longer the mighty power it had been, Paris remained a city of style, passion, and romance. Paris in the Fifties transports us to Latin Quarter cafés and basement jazz clubs, to unheated apartments and glorious ballrooms. We meet such prominent political figures as Charles de Gaulle and Pierre Mendès-France, as well as Communist

hacks and the demagogic tax rebel Pierre Poujade. We get to know illustrious intellectuals, among them Jean-Paul Sartre, Simone de Beauvoir, Albert Camus, and André Malraux, and visit the glittering salons where aristocrats with exquisite manners mingled with trendy novelists, poets, critics, artists, composers, playwrights, and actors. We meet Christian Dior, who taught Karnow the secrets of haute couture, and Prince Curnonsky, France's leading gourmet, who taught the young reporter to appreciate the complexities of haute cuisine. Karnow takes us to marathon murder trials in musty courtrooms, accompanies a group of tipsy wine connoisseurs on a tour of the Beaujolais vineyards, and recalls the famous automobile race at Le Mans when a catastrophic accident killed more than eighty spectators. Back in Paris, Karnow hung out with visiting celebrities like Ernest Hemingway, Orson Welles, and Audrey Hepburn, and in Paris in the Fifties we meet them too. A veteran reporter and historian, Karnow has written a vivid and delightful history of a charmed decade in the greatest city in the world.

Émile Zola: A Very Short Introduction

Anchor

In 1944, as Allied forces move to retake France from its Nazi invaders, the Tessier siblings risk their lives once more and journey to Paris, where they are to deliver top-secret intelligence to Resistance workers. Illustrations.

The Seine: The River that Made Paris Crown

The Belly of Paris (Le Ventre de Paris) is the third novel in Émile Zola's twenty-volume series Les Rougon-Macquart, first published in 1873. It is a novel of the teeming life which surrounds the great central markets of Paris. The book was originally translated into English by Henry Vizetelly and published in 1888 under the title Fat and Thin. After Vizetelly's imprisonment for obscene libel the novel was one of those revised and expurgated by his son, Ernest Alfred Vizetelly. The heroine is Lisa

Quenu, a daughter of Antoine Macquart. She has become prosperous, and with prosperity her selfishness has increased. Her brother-in-law Florent had escaped from penal servitude in Cayenne and lived for a short time in her house, but she became tired of his presence and ultimately denounced him to the police. Émile Zola (1840 – 1902) was a French writer, the most important exemplar of the literary school of naturalism and an important contributor to the development of theatrical naturalism. He was a major figure in the political liberalization of France.

Paris OUP Oxford

French realism's immortal siren crawled from the gutter to the heights of society, devouring men and squandering fortunes along the way. Zola's 1880s classic is among the first modern novels.

Le Ventre de Paris (English Edition) University of Pennsylvania Press

Part of Emile Zola's multigenerational Rougon-Macquart saga, The Belly of Paris is the story of

Florent Quenu, a wrongly accused man who escapes imprisonment on Devil's Island. Returning to his native Paris, Florent finds a city he barely recognizes, with its working classes displaced to make way for broad boulevards and bourgeois flats. Living with his brother's family in the newly rebuilt Les Halles market, Florent is soon caught up in a dangerous maelstrom of food and politics. Amid intrigue among the market's sellers-the fishmonger, the charcuterie, the fruit girl, and the cheese vendor-and the glorious culinary bounty of their labors, we see the dramatic difference between "fat and thin" (the rich and the poor) and how the widening gulf between them strains a city to the breaking point.

Emile Zola was the leader of the literary movement known as 'naturalism' and is one of the great figures of the novel. In his monumental *Les Rougon-Macquart* (1871-93), he explored the social and cultural landscape of the late nineteenth century in ways that scandalized bourgeois society. Zola opened the novel up to a new realm of subjects, including the realities of working-class life, class relations, and questions of gender and sexuality, and his writing embodied a new freedom of expression, with his bold, outspoken voice often inviting controversy. In this Very Short Introduction, Brian Nelson examines Zola's major themes and narrative art. He illuminates the social and political contexts

of Zola's work, and provides readings of five individual novels (*The Belly of Paris*, *L'Assommoir*, *The Ladies' Paradise*, *Germinal*, and *Earth*). Zola's naturalist theories, which attempted to align literature with science, helped to generate the stereotypical notion that his fiction was somehow nonfictional. Nelson, however, reveals how the most distinctive elements of Zola's writing go far beyond his theoretical naturalism, giving his novels their unique force. Throughout, he sets Zola's work in context, considering his relations with contemporary painters, his role in the Dreyfus Affair, and his eventual murder. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost

every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Florent Quenu returns to Paris after being unjustly imprisoned and finds the city utterly changed. The great new food market, Les Halles, has been built, and food dominates the political and social life of

the capital. The third in Zola's Rougon-Macquart series, *The Belly of Paris* appears in a vibrant new translation. - ;'Respectable people... What bastards!' Unjustly deported to Devil's Island following Louis-Napoleon's coup-d'--eacute--;tat in December 1851, Florent Quenu escapes and returns to Paris. He finds the city changed beyond recognition. The old March--eacute--; des Innocents has been knocked down as part of Haussmann's grand programme of urban reconstruction to make way for Les Halles, the spectacular new food markets. Disgusted by a bourgeois society whose devotion to food is inseparable from its devotion to the Government, Florent attempts an insurrection. Les Halles, apocalyptic and destructive, play an active role in Zola's picture of a world in which food and the injustice of society are inextricably linked. *The Belly of Paris* (*Le Ventre de Paris*) is the third volume in Zola's famous cycle of twenty novels, *Les Rougon-Macquart*. It introduces the painter Claude Lantier and in its satirical representation of the bourgeoisie

and capitalism complements Zola's other great novels of social conflict and urban poverty. - [Making Modern Paris](#) BoD – Books on Demand *Le Ventre de Paris* (1873) is the third novel in mile Zola's twenty-volume series *Les Rougon-Macquart*. It is set in and around Les Halles, the enormous, busy central market of 19th-century Paris. Les Halles, rebuilt in cast iron and glass during the Second Empire was a landmark of modernity in the city, the wholesale and retail center of a thriving food industry. *Le Ventre de Paris* (translated into English under many variant titles but literally meaning *The Belly of Paris*) is Zola's first novel entirely on the working class. The protagonist is Florent, an escaped political prisoner mistakenly arrested after the French coup of 1851. He returns to his step-brother Quenu, a charcutier and his wife Lisa Quenu (formerly Macquart), with whom he finds refuge. They get him a job in the market as a fish inspector. After getting mixed up in an ineffectual socialist plot against the Empire,

Florent is arrested and deported again.
