Volume VI (of X) - Great Britain and Ireland Ever since civilized man has had a literature he has apparently sought to make selections from it and thus put his favorite passages

together in a compact and convenient form. Certain it is, at least, that to the Greeks, masters in all great arts, we owe this habit. They made such collections and named them, after their pleasant imaginative fashion, a gathering of flowers, or what we, borrowing their word, call an anthology. So to those austere souls who regard anthologies as a labor-saving contrivance for the benefit of persons who like a smattering of knowledge and are never really learned, we can at least plead in mitigation that we have high and ancient authority for the practise. In any event no amount of

style. But as the latter pursuit can hardly fail to enlarge a man's vocabulary, so the former adds to his knowledge, increases his stock of ideas, liberalizes his mind and opens to him new sources of enjoyment. The Greek habit was to bring together selections of verse, passages of especial merit, epigrams and short poems. In the main their example has been followed. From their days down to the "Elegant Extracts in Verse" of our grandmothers and grandfathers, and thence on to our own time with its admirable "Golden Treasury" and "Oxford Handbook of Verse," there has been no end to the making of poetical anthologies and apparently no diminution in the public appetite for them. Poetry indeed lends itself to selection. Much of the best poetry of the world is contained in short poems, complete in themselves, and capable of transference bodily to a volume of selections. There are very few poets of whose quality and genius a fair idea can not be given by a few judicious selections. A large body of noble and beautiful poetry, of verse which is "a joy forever," can also be given in a very small compass. And the mechanical attribute

of size, it must be remembered, is important for an essential quality of a volume of selections is that it should be easily portable, that it should be a book which can be slipped into the pocket and readily carried about in any wanderings whether near or remote. An anthology which is stored in one or more huge and heavy volumes is practically valueless except to those who have neither books nor access to a public library, or who think that a stately tome printed on calendered paper and "profusely illustrated" is an ornament to a center-table in a parlor rarely used except on solemn or official occasions. I have mentioned these advantages of verse for the purposes of an anthology in order to show the difficulties which must be encountered in making a prose selection. Very little prose is in small parcels which can be transferred entire, and therefore with the very important attribute of completeness, to a volume of selections. From most of the great prose writers it is necessary to take extracts, and the chosen passage is broken off from what comes before and after. The fame of a great prose writer as

a rule rests on a book, and really to know him the book must be read and not merely passages from it. Extracts give no very satisfactory idea of "Paradise Lost" or "The Divine Comedy," and the same is true of extracts from a history or a novel. It is possible by spreading prose selections through a series of small volumes to overcome the mechanical difficulty and thus make the selections in form what they ought above all things to be—companions and not books of reference or table decorations. But the spiritual or literary problem is not so easily overcome. What

to take and where to take it are by no means easy questions to solve. Yet they are well worth solving, so far as patient effort can do it, for in this period of easy printing it is desirable to put in a convenient form before those who read examples of the masters which will draw us back from the perishing chatter of the moment to the literature which is the highest work of civilization and which is at once noble and lasting. Upon that theory this collection has been formed. It is an attempt to give examples from all periods and languages of Western

On the other hand, Mr. Palgrave, neither a very remarkable man nor a great and original genius, gave us in the first "Golden Treasury" a collection which has no interest whatever as reflecting the tastes of the editor, but which is quite perfect in its kind. Barring the disproportionate amount of Wordsworth which includes some of his worst things—and which, be

The Sun: "Simply charming" Roy is a lion and a sound catcher. He catches the sounds of the city and makes them into music, trying to avoid the annoying attentions of his neighbor, Jemmy. Feeling like his music isn't good enough, Roy goes on a journey to find the best sound in the world for inspiration. He hears the pitter-patter of the rain in the forest, the wind whistling through the desert, and the hustle and bustle of the souk at sunrise, but none of it helps—he can't decide which is the best sound. Just as he's about to give up, he hears a familiar voice . . . can Jemmy teach him that perhaps there are lots of beautiful sounds, not just one, and that for Jemmy, Roy's music is the best of all? "The New York Times bestselling author, wrestler, metal rocker, and over-the-top media personality shares his latest wild and

hilarious adventures. World Wrestling Entertainment has named Chris Jericho as one of the top ten wrestlers--and one of the top five talkers--of all time.

Certainly, the past six years have been spectacular for Jericho. After a sluggish return from his 2005 sabbatical, Jericho found new inspiration in watching *No Country for Old Men* and completely reinvented his character--ultimately going on to capture three world WWE titles. *The Best in the World* chronicles some of the incredible and often preposterous highlights of Jericho's recent career, including: How Mickey Rourke challenged Jericho to a match, then backed out; Jericho's award-winning feud with Shawn Michaels, which culminated in Jericho knocking out Michael's wife in the ring, for real; his escape from the 2010

Icelandic volcanoes in a broken-down, European rental-car shuttle; his encounters with Bob Barker, Ozzy Osbourne, Metallica, Al Sharpton, and Mike Tyson; and his on-again-off-again relationship with WWE chief Vince McMahon. Jericho has a one-of-a-kind comedic voice and a knack for getting himself into screwball situations--both in and out of the ring. See for yourself why he is the best in the world"--

I grew up with my dad asking frequently where the newspaper was, while my brother was occupying it for half an hour on the toilet every day. Today I live with a man who has a whole library sitting in the bathroom. Thus I started to think that what the world seriously needs is a TOILET BOOK. The book is nonfiction and contains

clips from my life from summer 2011 until October 2012, or since I decided to move to another country and get married. When you move to another country you have to face several challenges, amongst others being a speechless idiot, having almost no social life what so ever, desperation for friends, trying to be cool, attending some horrific Danish courses, trying to survive the first year of marriage and figure out where the beer is cheapest, to name a few. I have tried to set the book up in a comic way since you have to have a humour for yourself to survive the first year in a new country! Everyone who has come into my life during that year is now a victim and a real part of the book! Summary: This book is about everything and nothing, but mostly nothing. Enjoy, and
