The Sun: "Simply charming" Roy is a lion and a sound catcher. He catches the sounds of the city and makes them into music, trying to avoid the annoying attentions of his neighbor, Jemmy. Feeling like his music isn't good enough, Roy goes on a journey to find the best sound in the world for inspiration. He hears the pitter-patter of the rain in the forest, the wind whistling through the desert, and the hustle and bustle of the souk at sunrise, but none of it helps—he can't decide which is the best sound. Just as he's about to give up, he hears a familiar voice . . . can Jemmy teach him that perhaps there are lots of beautiful sounds, not just one, and that for Jemmy, Roy's music is the best of all? This gorgeous debut picture book is a heart-warming tribute to the power of friendship.

The #1 New York Times bestseller that has all America talking—with a new afterword on expanding your range—as seen on CNN's Fareed Zakaria GPS, Morning Joe, CBS This Morning, and more. "The most important business—and parenting—book of the year." —Forbes "Urgent and important. . . an essential read for bosses, parents, coaches, and anyone who cares about improving performance." —Daniel H. Pink Shortlisted for the Financial Times/McKinsey Business Book of the Year Award Plenty of experts argue that anyone who wants to develop a skill, play an instrument, or lead their field should start early, focus intensely, and rack up as many hours of deliberate practice as possible. If you dabble or delay, you'll never catch up to the people who got a head start. But a closer look at research on the world's top performers, from professional athletes to Nobel laureates, shows that early

specialization is the exception, not the rule. David Epstein examined the world's most successful athletes, artists, musicians, inventors, forecasters and scientists. He discovered that in most fields—especially those that are complex and unpredictable—generalists, not specialists, are primed to excel. Generalists often find their path late, and they juggle many interests rather than focusing on one. They're also more creative, more agile, and able to make connections their more specialized peers can't see.

Provocative, rigorous, and engrossing, Range makes a compelling case for actively cultivating inefficiency. Failing a test is the best way to learn. Frequent quitters end up with the most fulfilling careers. The most impactful inventors cross domains rather than deepening their knowledge in a single area. As experts silo themselves further while computers master more of the skills once reserved for highly focused humans, people who think broadly and embrace diverse experiences and perspectives will increasingly thrive. World's Best Whiskies Fair Winds Press (MA) Volume VI (of X) - Great Britain and Ireland Ever since civilized man has had a literature he has apparently sought to make selections from it and thus put his favorite passages together in a compact and convenient form. Certain it is, at least, that to the Greeks, masters in all great arts, we owe this habit. They made such collections and named them, after their pleasant imaginative fashion, a gathering of flowers, or what we, borrowing their word, call an anthology. So to those austere souls who regard anthologies as a labor-saving contrivance for the benefit of persons who like a smattering of knowledge and are never really learned, we can at least plead in mitigation that we have high and ancient authority for the

practise. In any event no amount of scholarly deprecation has been able to turn mankind or that portion of mankind which reads books from the agreeable habit of making volumes of selections and finding in them much pleasure, as well as improvement in taste and knowledge. With the spread of education and with the great increase of literature among all civilized nations, more especially since the invention of printing and its vast multiplication of books, the making of volumes of selections comprizing what is best in one's own or in many literatures is no longer a mere matter of taste or convenience as with the Greeks, but has become something little short of a necessity in this world of many workers, comparatively few scholars, and still fewer intelligent men of leisure. Anthologies have been multiplied like all other books, and in the main they have done much good and no harm. The man who thinks he is a scholar or highly educated because he is familiar with what is collected in a well-chosen anthology, of course, errs grievously. Such familiarity no more makes one a master of literature than a perusal of a dictionary makes the reader a master of style. But as the latter pursuit can hardly fail to enlarge a man's vocabulary, so the former adds to his knowledge, increases his stock of ideas, liberalizes his mind and opens to him new sources of enjoyment. The Greek habit was to bring together selections of verse, passages of especial merit, epigrams and short poems. In the main their example has been followed. From their days down to the "Elegant Extracts in Verse" of our grandmothers and grandfathers, and thence on to our own time with its admirable "Golden Treasury" and "Oxford Handbook of Verse," there has been no end to the making of poetical anthologies and apparently no diminution in the public appetite for them. Poetry indeed lends itself to selection. Much of the best poetry of the world is contained in short poems, complete in themselves, and capable of transference bodily to a volume of selections. There are very few poets of whose quality and genius a fair idea can not be given by a few judicious selections. A large body of noble and beautiful poetry, of verse which is "a joy forever," can also be given in a very small compass. And the mechanical attribute of size, it must be remembered, is very important in making a successful anthology, for an essential quality of a volume of selections is that it should be easily

portable, that it should be a book which can be slipped into the pocket and readily carried about in any wanderings whether near or remote. An anthology which is stored in one or more huge and heavy volumes is practically valueless except to those who have neither books nor access to a public library, or who think that a stately tome printed on calendered paper and "profusely illustrated" is an ornament to a center-table in a parlor rarely used except on solemn or official occasions. I have mentioned these advantages of verse for the purposes of an anthology in order to show the difficulties which must be encountered in making a prose selection. Very little prose is in small parcels which can be transferred entire, and therefore with the very important attribute of completeness, to a volume of selections. From most of the great prose writers it is necessary to take extracts, and the chosen passage is broken off from what comes before and after. The fame of a great prose writer as a rule rests on a book, and really to know him the book must be read and not merely passages from it. Extracts give no very satisfactory idea of "Paradise Lost" or "The Divine Comedy," and the same is true of extracts from a history or a novel. It is possible by spreading prose selections through a series of small volumes to overcome the mechanical difficulty and thus make the selections in form what they ought above all things to be—companions and not books of reference or table decorations. But the spiritual or literary problem is not so easily overcome. What prose to take and where to take it are by no means easy questions to solve. Yet they are well worth solving, so far as patient effort can do it, for in this period of easy printing it is desirable to put in convenient form before those who read examples of the masters which will draw us back from the perishing chatter of the moment to the literature which is the highest work of civilization and which is at once noble and lasting. Upon that theory this collection has been formed. It is an attempt to give examples from all periods and languages of Western civilization of what is best and most memorable in their prose literature. That the result is not a complete exhibition of the time and the literatures covered by the selections no one is better aware than the editors. Inexorable conditions of space make a certain degree of incompleteness inevitable when he who is gathering flowers traverses so vast a garden, and is obliged to confine the results of his labors within such narrow bounds. The editors are also fully conscious that, like all other similar collections, this one too will give rise to the familiar criticism and questionings as to why such a passage was omitted and such another inserted; why this writer was chosen and that other passed by. In literature we all have our favorites, and even the most catholic of us has also his dislikes if not his pet aversions. I will frankly confess that there are authors represented in these volumes whose writings I should avoid, just as there are certain

towns and cities of the world to which, having once visited them, I would never willingly return, for the simple reason that I would not voluntarily subject myself to seeing or reading what I dislike or, which is worse, what bores and fatigues me. But no editor of an anthology must seek to impose upon others his own tastes and opinions. He must at the outset remember and never afterward forget that so far as possible his work must be free from the personal equation. He must recognize that some authors who may be mute or dull to him have a place in literature, past or present, sufficiently assured to entitle them to a place among selections which are intended above all things else to be representative. To those who wonder why some favorite bit of their own was omitted while something else for which they do not care at all has found a place I can only say that the editors, having suppress their own personal preferences, have proceeded on certain general principles which seem to be essential in making any selection either of verse or prose which shall possess broader and more enduring qualities than that of being a mere exhibition of the editor's personal taste. To illustrate my meaning: Emerson's "Parnassus" is extremely interesting as an exposition of the tastes and preferences of a remarkable man of great and original genius. As an anthology it is a failure, for it is of awkward size, is ill arranged and contains selections made without system, and which in many cases baffle all attempts to explain their appearance. On the other hand, Mr. Palgrave, neither a very remarkable man nor a great and original genius, gave us in the first "Golden Treasury" a collection which has no interest whatever as reflecting the tastes of the editor, but which is quite perfect in its kind. Barring the disproportionate amount of Wordsworth which includes some of his worst things—and which, be it said in passing, was due to Mr. Palgrave's giving way at that point to his personal enthusiasm—the "Golden Treasury" in form, in scope, and in arrangement, as well as in almost unerring taste, is the best model of what an anthology should be which is to be found in any language.

Popular American essayist, novelist, and journalist CHARLES DUDLEY WARNER (1829-1900) was renowned for the warmth and intimacy of his writing, which encompassed travelogue, biography and autobiography, fiction, and more, and influenced entire generations of his fellow writers. Here, the prolific writer turned editor for his final grand work, a splendid survey of global literature, classic and modern, and it's not too much to suggest that if his friend and colleague Mark Twain—who stole Warner's quip about how "everybody complains about the weather, but nobody does anything about it"—had assembled this set, it would still be hailed today as one of the great achievements of the book world.

Highlights from Volume 35 include: . the poetry of Robert Southey . the verse of Edmund Spenser . the philosophy of Benedict Spinoza . the writings of Madame de Stal . the poetry of Edmund Clarence Stedman . excerpts from Laurence Sterne's *Tristram Shandy* . the writings of Robert Louis Stevenson . excerpts from Harriet Beecher Stowe's *Uncle Tom's Cabin* . and much, much more.

Once by far Hollywood's largest category of popular movies, Westerns are now out of fashion with the movie-going public, but they still hold a commanding presence on DVD. Until recently, Westerns were one of the most popular DVD categories, third only to action and science fiction. Many, many titles from the 1930s and 1940s were made by small, independent companies that no longer exist. A huge number of westerns are therefore in the public domain and are now available on DVD from outlets like Alpha and Grapevine. In fact, there are currently so many titles on DVD, that guides like "World's Worst Westerns" are not a luxury or an addenda, but an absolute necessity for collectors who wish to spend their money wisely by buying titles they will enjoy! In fact, for

western fans like myself, a book like "World's Worst Westerns" is not just a novelty, but an absolute necessity! World's Best Travel Experiences 谷月社 The classic account of growing up gay in America. Who will win the race to write the best book in the world, and to what unimaginable lengths will they go to get there first? A hilarious tale of authorly competition. Titus Jensen is middle-aged, has a fondness for alcohol, and makes ends meet by giving public readings from obscure books at festivals across Sweden. He can't help thinking there has to be more to life for an author of his quality. Eddie X is hip, a hit with the ladies, and loves being the center of attention. A radical poet and regular on the festival circuit, he can't help thinking there has to be more to life for a talented, good-looking man like himself. One night, after a successful event—Titus reads from *The Diseases of Swedish Monarchs* and Eddie X waxes lyrical to the thrashing tones of metal band *The Tourettes*—the unlikely pair get horribly drunk together and hatch a plan to achieve worldwide recognition. The answer is to write the best book in the world—a book so amazing that it will end up on all the bestseller lists in every category imaginable:

thriller, self-help, cooking, business, dieting—a book that combines everything in one! But there can only be one such book, and as the alcohol-induced haze clears both men realize they are not willing to share the limelight. Hilariously quirky and witty, this novel will take readers on a meandering race to the finish line, throwing plenty of satirical punches along the way.

Perfect for fans of Adam Silvera and Becky Albertalli, Mason Deaver's stunning debut will rip your heart out before showing you how to heal from tragedy and celebrate life in the process. "Heartfelt, romantic, and quietly groundbreaking. This book will save lives." -- Becky Albertalli, New York Times bestselling author of *Simon vs. the Homo Sapiens*

Agendalt's just three words: I am nonbinary. But that's all it takes to change everything. When Ben De Backer comes out to their parents as nonbinary, they're thrown out of their house and forced to move in with their estranged older sister, Hannah, and her husband, Thomas, whom Ben has never even met. Struggling with an anxiety disorder compounded by their parents' rejection, they come out only to Hannah, Thomas, and their

therapist and try to keep a low profile in a new school. But Ben's attempts to survive the last half of senior year unnoticed are thwarted when Nathan Allan, a funny and charismatic student, decides to take Ben under his wing. As Ben and Nathan's friendship grows, their feelings for each other begin to change, and what started as a disastrous turn of events looks like it might just be a chance to start a happier new life. At turns heartbreaking and joyous, *I Wish You All the Best* is both a celebration of life, friendship, and love, and a shining example of hope in the face of adversity.
