The Old Ones came to the Warhammer World by means of a mystical Gateway at the North Pole that allowed their silver ships to cross the endless sea of space. They used their arcane technology to erect fantastic cities & restructure the environment. They ushered in a new age of enlightenment & civilization & were as gods to the primitive races of the Warhammer World. Then came the Great Catastrophe: the Gateway collapsed & its failure unleashed a force that not even the Old Ones could

control. The incredible energy that had sustained the portal fell in on itself, tearing the fabric of reality asunder. The North Pole became a thoroughfare into the world of Daemons & the peaceful, ordered world of the Old Ones was crushed beneath a seething tidal wave of Chaos. The World of Warhammer is an encyclopedic exploration of this world where the good prodigies of the Old Ones struggle against the Chaos forces. The lands, races, & cultures of the known world, their magic, warriors, fantastic beasts, & strange creatures, & their histories, greatest battles, & most famous heroes & villains are all chronicled here along side hundreds & hundreds of full-color & black-and-white illustrations. The Sun: "Simply charming" Roy is a lion and a sound catcher. He catches the sounds of the city and makes them into music, trying to avoid the annoying attentions of his neighbor, Jemmy. Feeling like his music isn't good enough, Roy goes on a journey to find the best sound in the world for inspiration. He hears the pitter-patter of the rain in the forest, the wind whistling through the desert, and the hustle and bustle of the souk at sunrise, but none of it helps—he can't decide which is the best sound. Just as he's about to give up, he hears a familiar voice . . . can Jemmy teach him that perhaps

there are lots of beautiful sounds, not just one, and that for Jemmy, Roy's music is the best of all? This gorgeous debut picture book is a heart-warming tribute to the power of friendship.
