It is your enormously own become old to produce an effect reviewing habit. among guides you could enjoy now is **The Best Of Connie Willis Award Winning Stories** below.

Time is the Fire Harper Collins

A new Christmas novella by one of sf's finest storytellers.

*Terra Incognita* Hachette UK

Winner of six Nebula and five Hugo awards, Connie Willis is one of the most acclaimed and imaginative authors of our time. Her startling and powerful works have redefined the boundaries of contemporary science fiction. Here in one volume are twelve of her greatest stories, including double award-winner "Fire Watch," set in the universe of Doomsday Book and To Say Nothing of the Dog, in which a time-traveling student learns one of history's hardest lessons. In "A Letter from the Clearys," a routine message from distant friends shatters the fragile world of a beleaguered family. In "The Sidon in the Mirror," a mutant with the unconscious urge to become other people finds himself becoming both killer and victim. Disturbing, revealing, and provocative, this remarkable collection of short fiction brings together some of the best work of an incomparable writer whose ability to amaze, confound, and enlighten never fails.

Passage Del Rey

"The Color of Paradox", by A.M. Dellamonica, is a science fiction story about one of a series of time travelers sent back to the past in order to buy more time for the human race, which in the future is on the verge of extinction. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Impossible Things National Geographic Books

Winner of more Hugo and Nebula Awards than any other science fiction author, Connie Willis is one of the most powerfully imaginative writers of our time. In *Remake*, she explores the timeless themes of emotion and technology, reality and illusion, and the bittersweet place where they intersect to make art. It's the Hollywood of the future, where moviemaking's been computerized and live-action films are a thing of the past. It's a Hollywood where Humphrey Bogart and Marilyn Monroe are starring together in *A Star Is Born*, and if you don't like the ending, you can change it with the stroke of a key. A Hollywood of warmbodies and sim-sex, of drugs and special effects, where anything is possible. Except for what one starry-eyed young woman wants to do: dance in the movies. It's an impossible dream, but Alis is not willing to give up. With a little magic and a lot of luck, she just might get her happy ending after all.

*Remake* Knopf

Collects nine classic science fiction novels from 1953 to 1958.

**To Say Nothing of the Dog** Spectra

Inspired by David Pringle's landmark 1985 work *Science Fiction: The 100 Best Novels*, this volume supplements the earlier selection with the present authors' choices for the best English-language science fiction novels during the past quarter century. Employing a critical slant, the book provides a discussion of the novels and the writers in the context of popular literature. Moreover, each entry features a cover image of the novel, a plot synopsis, and a mini review, making it an ideal go-to guide for anyone wanting to become reacquainted with an old favorite or to discover a previously unknown treasure. With a foreword by David Pringle, this invaluable reference is sure to provoke conversation and debates among sci-fi fans and devotees.

*A Lot Like Christmas* Del Rey

Somewhere in the future, ordinary history students must travel back in time as part of their university degree. An award-winning best-seller in the United States, this is the first of Connie Willis' brilliant Oxford trilogy.

**How to Live Safely in a Science Fictional Universe (Enhanced Edition)** Spectra

THREE CLASSIC SCI-FI NOVELLAS IN ONE VOLUME—from a Hugo and Nebula award-winning author In *Terra Incognita*, Connie Willis explores themes of love and mortality while brilliantly illuminating the human condition through biting satire. *Uncharted Territory* Findriddy and Carson are explorers, dispatched to a distant planet to survey its canyons, ridges, and scrub-covered hills. Teamed with a profit-hungry indigenous guide of indeterminate gender and an enthusiastic newcomer whose specialty is mating customs, the group battles hostile terrain as they set out for unexplored regions. Along the way, they face dangers, discover treasures, and soon find themselves in an alien territory of another kind: exploring the paths and precipices of sex—and love. *Remake* In the Hollywood of the future, live-action movies are a thing of the past. Old films are computerized and ruthlessly dissected, actors digitally ripped from one film and thrust into another. Humphrey Bogart and Marilyn Monroe in *A Star Is Born*? No problem. Hate the ending? Change it with the stroke of a key. Technology makes anything possible. But a starry-eyed young woman wants only one thing: to dance on the big screen. With a little magic and a lot of luck, she just may get her happy ending. D.A. Theodora Baumgarten is baffled and furious: Why was she selected to be part of a highly competitive interstellar cadet program? After all, she never even applied. But that hasn't stopped the powers that be from whisking her onto a spaceship bound for the prestigious Academy. With her protests ignored, Theodora takes matters into her own hands, aided by her hacker best friend, to escape the Academy and return to Earth—only to uncover a conspiracy that runs deeper than she could have imagined. Praise for *Terra Incognita* "Willis's lively, funny forays into futuristic territory shine as brightly today as when originally released. . . . In all three stories, the protagonists find their narrow concepts of life challenged and expanded by possibilities created through technology. As a collection, these smart, accessible shorts make for an entertaining initiation or reintroduction into the world of one of sci-fi's greatest treasures."—Shelf Awareness "A master of fantasy playfully combines science fiction with other genres in three antic novellas. . . . Clever, funny, thought-provoking, and sweet, these stories are classic Willis."—Kirkus Reviews

*Miracle and Other Christmas Stories* Del Rey

A high school senior wins a space suit in a soap jingle contest, takes a last walk wearing "Oscar" before cashing him in for college tuition, and suddenly finds himself on a space odyssey.

**Promised Land** Ace

This new, expanded edition of *Miracle and Other Christmas Stories* features twelve brilliantly reimagined holiday tales, five of which are collected here for the first time. Christmas comes but once a year, yet the stories in this dazzling collection are fun to read anytime. They put a speculative spin on the holiday, giving fans of acclaimed author Connie Willis a welcome gift and a dozen reasons to be of good cheer. Brimming with Willis's trademark insights and imagination, these heartwarming tales are full of humor, absurdity, human foibles, tragedy, joy, and hope. They both embrace and send up

many of the best Christmas traditions, including the holiday newsletter, Secret Santas, office parties, holiday pageants, and Christmas dinners (both elaborate and spare). There are Rockettes, the best and worst Christmas movies, modern-day Magi, Ghosts of Christmases Past, Present, and Yet to Come—and the triumph of generosity over greed. Like all the timeless classics we return to year after year, these stories affirm our faith in love, magic, and the wonder of the season. Praise for *A Lot Like Christmas* "A perfect stocking stuffer for Christmas—celebrating fans of [Connie] Willis's humorous SF."—Publishers Weekly "A collection of Christmas stories with just the right blend of sugar and spice . . . sweet and sharp, whimsical and heartfelt, funny and warm . . . Fans of Willis's gently comic speculative fiction will love this collection, and it will also appeal to readers looking to get into the holiday spirit."—Kirkus Reviews

**Night of the Living Dead Christian** Macmillan

The *Time Traveler's Almanac* is the largest and most definitive collection of time travel stories ever assembled. Gathered into one volume by intrepid chrononauts and world-renowned anthologists Ann and Jeff VanderMeer, this book compiles more than a century's worth of literary travels into the past and the future that will serve to reacquaint readers with beloved classics of the time travel genre and introduce them to thrilling contemporary innovations. This marvelous volume includes nearly seventy journeys through time from authors such as Douglas Adams, Isaac Asimov, Ray Bradbury, William Gibson, Ursula K. Le Guin, George R. R. Martin, Michael Moorcock, H. G. Wells, and Connie Willis, as well as helpful non-fiction articles original to this volume (such as Charles Yu's "Top Ten Tips For Time Travelers"). In fact, this book is like a time machine of its very own, covering millions of years of Earth's history from the age of the dinosaurs through to strange and fascinating futures, spanning the ages from the beginning of time to its very end. The *Time Traveler's Almanac* is the ultimate anthology for the time traveler in your life.

*Crosstalk* Bantam

*Child of a Hidden Sea* by A.M. Dellamonica is a rousing tale of adventure and adversity, politics and personal trials One minute, twenty-four-year-old Sophie Hansa is in a San Francisco alley trying to save the life of the aunt she has never known. The next, she finds herself flung into the warm and salty waters of an unfamiliar world. Glowing moths fall to the waves around her, and the sleek bodies of unseen fish glide against her submerged ankles. The world is Stormwrack, a series of island nations with a variety of cultures and economies—and a language different from any Sophie has heard. Sophie doesn't know it yet, but she has just stepped into the middle of a political firestorm, and a conspiracy that could destroy a world she has just discovered...her world, where everyone seems to know who she is, and where she is forbidden to stay. But Sophie is stubborn, and smart, and refuses to be cast adrift by people who don't know her and yet wish her gone. With the help of a sister she has never known, and a ship captain who would rather she had never arrived, she must navigate the shoals of the highly charged politics of Stormwrack, and win the right to decide for herself whether she stays in this wondrous world...or is doomed to exile. At the Publisher's request, this title is being sold without

Digital Rights Management Software (DRM) applied.

**Touch Not the Cat** Bantam

Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. "A tour de force."—The New York Times Book Review For Kivrin, preparing to travel back in time to study one of the deadliest eras in humanity’s history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history’s darkest hours.

**The Time Traveler's Almanac** Bantam

It has been fifteen years since Delanna Milleflores set foot on Keramos. Now her mother has died, and she has returned only to settle and sell her estate. But Keramos has some surprising laws. To sell her farm, Delanna must first live on it for one year. And along with her land comes one Tarlton Tanner, heir to the adjoining farm. A man who, at the moment of her mother's death, became Delanna's husband...

**She Kills Me** Tor Books

A powerful collection of stories about women who murdered—for revenge, for love, and even for pleasure—rife with historical details that will have any true crime junkie on the edge of their seat In every tragic story, men are expected to be the killers. There are countless studies and works of art made about male violence. However, when women are featured in stories about murder, they are rarely portrayed as predators. They’re the prey. This common dynamic is one of the reasons that women are so enthralled by female murderers. They do the things that women aren’t supposed to do and live the lives that women aren’t supposed to want: lives that are impulsive and angry and messy and inconvenient. Maybe we feel bad about loving them, but we eat it up just the same. Residing squarely in the middle of a Venn diagram of feminism and true crime, *She Kills Me* tells the story of 40 women who murdered out of necessity, fear, revenge, and even for pleasure.

One Hundred and One Best Novels 1985-2010 St. Martin's Griffin Oxford in 2060 is a chaotic place, with scores of time-traveling historians being sent into the past. Michael Davies is prepping to go to Pearl Harbor. Merope Ward is coping with a bunch of bratty 1940 evacuees and trying to talk her thesis adviser into letting her go to VE-Day. Polly Churchill’s next assignment will be as a shopgirl in the middle of London’s Blitz. But now the time-travel lab is suddenly canceling assignments and switching around everyone’s schedules. And when Michael, Merope, and Polly finally get to World War II, things just get worse. For there they face air raids, blackouts, and dive-bombing Stukas—to say nothing of a growing feeling that not only their assignments but the war and history itself are spiraling out of control. Because suddenly the once-reliable mechanisms of time travel are showing significant glitches, and our heroes are beginning to question their most firmly held belief: that no historian can possibly change the past.

The Year's Best Science Fiction: Fourth Annual Collection

Spectra

"River of Stars is a major accomplishment, the work of a master novelist in full command of his subject."—Michael Dirda, in The Washington Post "Game of Thrones in China."—Salon.com Ren Daiyan was still just a boy when he took the lives of seven men while guarding an imperial magistrate. That moment on a lonely road changed his life in entirely

unexpected ways, sending him into the forests of Kitai among the outlaws. From there he emerges years later—and his life changes again, dramatically, as he circles toward the court and emperor, while war approaches Kitai from the north. Lin Shan is the daughter of a scholar, his beloved only child. Educated by him in ways young women never are, gifted as a songwriter and calligrapher, she finds herself living a life suspended between two worlds. Her intelligence captivates an emperor—and alienates women at the court. But when her father’s life is endangered by the savage politics of the day, Shan must act in ways no woman ever has. In an empire divided by bitter factions circling an exquisitely cultured emperor who loves his gardens and his art far more than the burdens of governing, dramatic events on the northern steppe alter the balance of power in the world, leading to events no one could have foretold, under the river of stars.

*The Color of Paradox* National Geographic Books

Science fiction icon Connie Willis brilliantly mixes a speculative plot, the wit of Nora Ephron, and the comedic flair of P. G. Wodehouse in *Crosstalk*—a genre-bending novel that pushes social media, smartphone technology, and twenty-four-hour availability to hilarious and chilling extremes as one young woman abruptly finds herself with way more connectivity than she ever desired. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR In the not-too-distant future, a simple outpatient procedure to increase empathy between romantic partners has become all the rage. And Briddey Flannigan is delighted when her boyfriend, Trent, suggests undergoing the operation prior to a marriage proposal—to enjoy better emotional connection and a perfect relationship with complete communication and understanding. But things don’t quite work out as planned, and Briddey finds herself connected to someone else entirely—in a way far beyond what she signed up for. It is almost more than she can handle—especially when the stress of managing her all-too-eager-to-communicate-at-all-times family is already burdening her brain. But that’s only the beginning. As things go from bad to worse, she begins to see the dark side of too much information, and to realize that love—and communication—are far more complicated than she ever imagined. Praise for *Crosstalk* "A rollicking send-up of obsessive cell phone usage in too-near-future America . . . [Connie] Willis’s canny incorporation of scientific lore, and a riotous cast . . . make for an engaging girl-finally-finds-right-boy story that’s unveiled with tact and humor. Willis juxtaposes glimpses of claimed historical telepaths with important reflections about the ubiquity of cell phones and the menace that unscrupulous developers of technology pose to privacy, morality, and emotional stability."—Publishers Weekly "An exhilarating and laugh-inducing read . . . one of those rare books that will keep you up all night long because you can’t bear to put it down."—Portland Book Review "A fun technological fairy tale."—BookPage "One of the funniest SF novels in years."—Locus

*Take a Look at the Five and Ten* Ballantine Books

Mahali's rulers for generations were the water witches, who could feel the ebb and flow of precious water in their very bones. Then there was a coup, and control of Mahali's water passed to an impersonal computer network. It was Deza's father who hit upon the scheme. Dressing his daughter in ceremonial garb, he passed her off as the last surviving member of the royal house. With tricks and illusions she and her father moved toward the centres of power. But it's the nature of a con artist to go too far . . .

**American Christmas Stories** Spectra

#1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. "Enchanting . . . Willy Wonka meets The Matrix."—USA Today • "As one adventure leads expertly to the next, time simply evaporates."—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels

alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club "Delightful . . . the grown-up’s Harry Potter."—HuffPost "An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart."—CNN "A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader."—Boston Globe "Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that’s both hilarious and compassionate."—NPR "[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own."—iO9
