The First Historians Simon and Schuster

This survey of archaeological discoveries in Bible lands includes testimonies and interviews from leading archaeologists and exciting pictures featuring the latest finds made in the lands of the Bible

The Bible Unearthed Fortress Press

A thorough case for a later date for of Ezra, Nehemiah, and Chronicles In this collection of essays, Israel Finkelstein deals with key topics in Ezra, Nehemiah, and 1 and 2 Chronicles, such as the list of returnees, the construction of the city wall of Jerusalem, the adversaries of Nehemiah, the tribal genealogies, and the territorial expansion of Judah in 2 Chronicles.

Finkelstein argues that the geographical and historical realities cached behind at least parts of these books fit the Hasmonean period in the late second century BCE. Seven previously published essays are supplemented by maps, updates to the archaeological material, and references to recent publications on the topics.

Features: Analysis of geographical chapters of Ezra, Nehemiah, and Chronicles Study of the Hasmonean period in the late second century BCE Unique arguments regarding chronology and historical background

The Exodus Oxford University Press

Examine the Evidence Surrounding Jesus No other figure has impacted history like Jesus. Yet today, he's often seen as a mythical character whose legend increased over time. So what does the historical and archaeological evidence say about Jesus?

Archaeologist Dr. Titus Kennedy has investigated firsthand the discoveries connected to Jesus' birth, ministry, crucifixion, and resurrection. He has visited and excavated where Jesus walked, and examined the artifacts connected to Jesus' life. Here, he presents an up-to-date and comprehensive overview of the research and findings that illuminate the historicity of Christ as presented in the Bible. Excavating the Evidence for Jesus progresses chronologically through the Gospels, noting the many relevant archaeological, historical, geographic, and literary findings. As you read, you'll be able to decide for yourself whether the evidence confirms the existence and story of Jesus, and determine whether the Gospels are worthy of being approached not as legends, but as history. Further, you'll gain a deeper understanding of the historic basis of Christianity, a richer knowledge of the ancient world, and an evidence-based perspective on the reliability of the Bible. Hasmonean Realities behind Ezra, Nehemiah, and Chronicles BRILL

The legendary Episcopal Bishop tells of his lifelong struggle to champion an authentic christianity based on love, not hatred. Ancient Israel Expedition Bible

An expert guide from Galilee to Jerusalem This new resource examines the major literary units of Mark's Gospel with an eye toward helping the pastor in sermon preparation. Rather than major themes, Thurston guides the reader through the lectionary readings and how Mark's work offers a wealth of materials for Christian life and reflection.

What Did the Biblical Writers Know and When Did They Know It? Simon and Schuster

In this book, archaeologists, classicists, and specialists in Christian origins examine the social and religious life of ancient Corinth. The interdisciplinary contributions present new materials and findings on the themes of Greek and Roman identities, social stratification, and local religion.

The Archaeology of Ancient Israel Society of Biblical Lit

This book examines the complete history of ancient Israel—from Abraham to the Roman destruction of the Second Temple in 70 A.D. Biblical archaeology has always stirred excitement among believers and curiosity among unbelievers. The evidence dug up with a spade can speak volumes—and serve as a powerful testimony of the reliability of Scripture. Norm Geisler and Joe Holden have put together an impressive array of finds that confirm the biblical peoples and events of ages past. In a user-friendly format written in popular style, they... examine the latest finds and explain their significance include more than 150 photographs provide

an instructive chart of artifacts (along with fast facts) sample a variety of finds—papyri, inscriptions, scrolls, ossuaries, and more If readers are looking for just one book to cover this topic both concisely and comprehensively, this is it!

The Chronology of the Kings of Israel and Judah McFarland

Decades of research into the accuracy of the Bible viewed from new discoveries in science and Biblical chronology reveal amazing new revelations about the Bible. Find answers to controversies about the creation, evolution, the Apple in Paradise, the "Sons of God" who married "Daughters of Men", the Plagues of Egypt including the fact of the first born of Egypt, the Route of the Exodus and their secret hiding place for 38 years, and even God's Hidden Timeline of the Old Testament that provides an accurate, cross-checked timeline of 1300 years of Biblical history.

King Josiah of Judah National Geographic Books

" A much-needed resource for those serious about biblical studies. " —Mark M. Yarbrough, president, Dallas Theological Seminary The Bible is often dismissed as a book of myths, legends, fairy tales, and propaganda. Yet when we examine the archaeological evidence, its accuracy comes to light. In *Unearthing the Bible*, Dr. Titus M. Kennedy presents 101 objects that provide compelling evidence for the historical reliability of Scripture from the dawn of civilization through the early church. Gathered from more than 50 museums, private collections, and archaeological sites, these pieces not only reinforce the reliability of the biblical narratives, but also provide rich cultural insights into the ancient world. Using this visual guide, you can find context for your faith as you make your way through the Bible. Dr. Kennedy's photographs and detailed descriptions enable you to examine each piece of fascinating evidence for yourself. From the earliest tablets of creation to artifacts connected with the life and resurrection of Jesus, *Unearthing the Bible* shows you can be confident there is an abundance of archaeological support for the history told in the Scriptures.

Here I Stand Lennex

An engaging series of essays, originally given at the International Institute for Secular Humanistic Judaism. The aim of the colloquium was to make available the results of recent archaeological work to a wider interested public, and specifically to bring science to bear on the early history of the Jewish people.

The Quest for the Historical Israel Prentice Hall

This book is an exploration of the spiritual traditions of ancient Europe, focusing on the numinous presence of the divine feminine in Russia, Central Europe, France, Britain, Ireland and the northern regions. Drawing upon research in archaeology, history, sociology, anthropology and the study of religions to connect the reader with the myths and symbols of the European traditions, the book shows how the power of European goddesses and holy women evolved through the ages, adapting to climate change and social upheaval, but continually reflecting the importance of living in an harmonious relationship with the environment and the spirit world. From the cave painting of southern France to ancient Irish tombs, from shamanic rituals to Arthurian legends, the divine feminine plays an essential role in understanding where we have come from and where we are going. Comparative examples from other native cultures, and quotes from spiritual leaders around the world, set European religions in context with other indigenous cultures.

The Bible Unearthed Berkley

This book transforms archaeological knowledge of Nazareth by publishing over 80 years of archaeological work at the Sisters of Nazareth convent, including a detailed re-investigation in the early twenty-first century under the author's direction. Although one of the world's most famous places and of key importance to understanding early Christianity, Nazareth has attracted little archaeological attention. Following a chance discovery in the 1880s, the site was initially explored by the nuns of the convent themselves — one of the earliest examples of a major programme of excavations initiated and directed by women — and then for decades by Henri Sen è s, whose excavations (like those of the nuns) have remained almost entirely unpublished. Their work revealed a complex sequence, elucidated and dated by twenty-first century study, beginning with a partly rock-cut Early Roman-period domestic building, followed by Roman-period quarrying and burial, a well-preserved cave-church, and major surface-level Byzantine and Crusader churches. The interpretation and broader implications of each phase of activity are discussed in the context of recent studies of Roman-period, Byzantine, and later archaeology and contemporary archaeological theory, and their relationship to written accounts of Nazareth is also assessed. The Sisters of Nazareth Convent provides a crucial archaeological study for those wishing to understand the archaeology of Nazareth and its place in early Christianity and beyond. **Archaeology of the Land of the Bible** BRILL

In this illustrated book, some of Israel's foremost archaeologists present a survey of early life in the land of the Bible, from the Neolithic era (eighth millenium BC) to the fall of Jerusalem and the destruction of the First Temple in 586 BC. Each chapter covers a particular era and includes a bibliography.

The Tel Dan Inscription HarperCollins

A veteran archaeologist sheds light on the biblical text by examining archaeological discoveries.

The Message and the Kingdom Createspace Independent Publishing Platform

Is the Bible a book of mythology? Are the persons, places and events in the Bible fabrications by deceitful men? Many critics of Christianity say yes but archaeological discoveries say no. For the past 150 years archaeologists have been verifying the exact truthfulness of the Bible's detailed records of various events, customs, persons, cities, nations, and geographical locations. In this book Charlie Campbell discusses dozens of fascinating discoveries—both old and new—that have overturned critics' theories of the Bible and helped to con fi rm the historical reliability of the Scriptures. If you have questions or doubts about the reliability of the Bible, this book will be a great help to you. This full-color edition contains approximately 90 color photographs.

Rethinking Israel Harvest House Publishers

How the Bible Became a Book combines recent archaeological discoveries in the Middle East with insights culled from the history of writing to address how the Bible was written and evolved into sacred Scripture.

Written for general readers as well as scholars, the book provides rich insight into how these texts came to possess the authority of Scripture and explores why Ancient Israel, an oral culture, began to write literature. It describes an emerging literate society in ancient Israel that challenges the assertion that literacy first arose in Greece during the fifth century BCE. Hb ISBN (2004) 0-521-82946-1

Where God Came Down Anchor

A spellbinding history of the hidden world below the Holy City—a saga of biblical treasures, intrepid explorers, and political upheaval " A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian's penchant for detail and a journalist's flair for narration. " —Washington Post In 1863, a French senator arrived in Jerusalem hoping to unearth relics dating to biblical times. Digging deep underground, he discovered an ancient grave that, he claimed, belonged to an Old Testament queen. News of his find ricocheted around the world, evoking awe and envy alike, and inspiring others to explore Jerusalem's storied past. In the century and a half since the Frenchman broke ground, Jerusalem has drawn a global cast of fortune seekers and missionaries, archaeologists and zealots, all of them eager to extract the biblical past from beneath the city's streets and shrines. Their efforts have had profound effects, not only on our understanding of Jerusalem's history, but on its hotly disputed present. The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements. It has served as a cudgel, a way to stake a claim to the most contested city on the planet. Today, the earth below Jerusalem remains a battleground in the struggle to control the city above. Under Jerusalem takes readers into the tombs, tunnels, and trenches of the Holy City. It brings to life the indelible characters who have investigated this subterranean landscape. With clarity and verve, acclaimed journalist Andrew Lawler reveals how their pursuit has not only defined the conflict over modern Jerusalem, but could provide a map for two peoples and three faiths to peacefully coexist.

How the Bible Became a Book Fortress Press

This pioneering study wrestles with the perpetual problem of chronology in the Books of Kings. The result is one of the most responsible and yet most critical chronologies proposed to date, and will be the standard chronological reference for the next decade, if not longer.

Archaeology and the New Testament Harper Collins

The 2020 murder of George Floyd ignited a racial firestorm throughout America, provoking lament and grief over a long history of tragedy. The widespread protests gave way to a heated discussion about terms such as systemic racism, white privilege, and Critical Race Theory, all framed by the slogan " black lives matter. " The beginnings of a helpful dialogue on diversity became a heated battle, one that quickly spread to the church. Drawing on forty years of ministry experience, Tony Evans writes with a fearless and prophetic voice, probing to the heart of the issue and pointing to God's Word as the solution. Kingdom Race Theology helps people and churches commit to restitution, reconciliation, and responsibility. His penetrating and practical ideas will help pastors and church leaders sort through the conflicting theories, finding sensible solutions in the form of individual and collective action plans. Christians can work together across racial lines to repair the damage done by a long history of racial injustice.
