What she hadn't expected however, was that a deal had already been struck: her freedom had been sacrificed for her father's. Determined not to act the victim or let her poker face slip, she finds herself negotiating terms with the devil himself. One thing she is absolutely certain of; she won't let her heart become part of the negotiations. Even if there is

something about the dark and dangerous Lucian Nightingale that calls to her. Lord Lucian Nightingale was preparing to leave the Darkhills to seek new distractions from the void of his long, immortal existence. Deciding to tie up loose ends, he agrees to an unconventional proposition from a man who owes him a large debt. He never expected to fall for the woman who strode into his mansion like she owned the place. Drawn in by her intelligence, stubbornness and false confidence, Lucian finds himself compelled to know her better and quickly becomes determined to win Katherine's trust and heart. If he can do that, perhaps he can prove that he is not the beast that he first appears to be, and she might hold the key to banishing the loneliness that haunts him.

Reece Lassiter was a ruthless bastard. He had everything a wolf shifter could want. He even had the perfect mate. Jolie was the only woman he'd ever trusted. The only woman he'd ever loved. She had been his everything. Until the day she had betrayed

his trust and eviscerated his soul. Reece had cut her out of his life with a ruthlessness that shocked even him. He had encased his broken heart in ice so thick and glacial that nothing could ever penetrate it again. And he'd been wrong. His mate had not betrayed him. He had betrayed her and destroyed them both in the process. Now he'll stop at nothing to get her and their cub back. But his ex-wife is not the same woman that he remembered. His sunshine girl had been a creature of sweetness and light, not this hissing, vitriol filled she-cat who wanted to claw his eyes out. Joanne Greene, while grateful to Broderick for rescuing her sister, doesn't know what to make of him. She's been a loner most of her life, better able to relate to computers and coding than to people, until she's drawn into the world of the Shifters. Broderick is everything Joanne is not—a fighter and a tracker, from a rough-and-tumble family, better at working with his hands than understanding the netherworld of Joanne's computer programmer life. Broderick is also extremely protective, wanting to draw her under his care as he does everyone else. When Broderick is captured, mistaken for a Guardian, it's Joanne who figures out that hackers are after the Guardian Network, the database that holds the deep secrets of Shifters past and present. Strangely Broderick now holds the key to stopping the hackers from releasing deadly danger on the Shifters, and Joanne with her coding skills is the only one who can help him. A short novel of the Shifters Unbound series. Events take place after Bear Attraction.
