Now, for the first time, the best of McKibben's essays—fiery, magical, and infused with his uniquely soulful investigations of modern life—are collected in a single volume, *The Bill McKibben Reader*. Whether meditating on today's golden age in radio, the natural place of biting black flies

in our lives, or the patriotism of a grandmother fighting to get corporate money out of politics, McKibben inspires us to become better caretakers of the Earth—and of one another.

*The Bill McKibben Reader* | *Bill McKibben* | *Macmillan*

Author Bill McKibben is a foremost authority on climate change and the machinations of those

who so vehemently refute it. His latest book, *The Global Warming Reader*, is a well-chosen and arranged collection of climate-related writings by the likes of James Hansen, Al Gore and George Monbiot, which McKibben edits and introduces.
