My fantasies existed only in books until he came along. Some people say rules are meant to be broken. Not me. I say rules are there for a reason. It's why when the handsome stranger walked into my library, the only thing I cared about was

the snow he brought with him, melting quickly into the carpet. That, and making sure he didn't raise his voice, of course. But then he found the Kama Sutra. You won't believe what he did to me then. Or what I did to him in return. Let's just say 'no noise in the library' was the least of the rules we broke. He's everything I should hate—a rule breaker with no respect for books, who gets away with whatever he wants because he's a billionaire. He's got an ex-wife too, and trust me, they don't get along. Part of me wonders if all the exotic travel and lavish gifts are just a way to get back at her. But it's hard to hate someone when every last fiber of your being wants to rip their clothes off. Screw the noise rules—all I want to do is make love to him up against the stacks in my library, over and over again. Does he really love me? Or will the result of breaking all my rules just leave me with a broken heart? Billionaire by the Book is a standalone romance with a happy ending and no cheating. A billionaire alpha, a lone-wolf cowboy, and the curvy chauffeur taking them for a wild ride... Cindy Taylor, a chauffeur for Mirage Confidential, is racing a blizzard to pick up billionaire Dalton Kincaid. Dalton amuses himself by extreme skiing down Rocky Mountain slopes, and if she's on time, he'll pay a generous bonus. A bonus she could really use this year. But the storm blows in faster than anyone expects, and her limo ends up careening off the road. She isn't hurt in the crash, but when a wolf shows up on her hood and changes into a very naked, very hot man who isn't Dalton, her night takes another unexpected turn. Cole Marsten is a werewolf, and he has no time for foolishness. Despite her protests, the sexy, rugged stranger insists on rescuing her from the powerful storm and carries her off to his cabin. She's busy giving him a piece of her mind for being manhandled when Dalton shows up at the cabin to help her...and sparks really begin to fly. Cole Marsten doesn't understand what's wrong with this stubborn, beautiful human. He lives out in the wilderness by himself to avoid pack politics and the noise of city living, but he's always willing to help a lady. Only his wolf is telling him this headstrong human is his mate. When an alpha wolf shows up on his doorstep, looking to help Cindy too, he doesn't

know whether he wants to fight the guy for her...or kiss him. His wolf insists the rich city slicker is also his mate. All three are trapped by the storm, and passions soon burn hotter than the fire in the hearth. Finally, kisses from the billionaire's point of view... Jack Saunders wanted one last hurrah before taking the mantle of DS Oil & Gas, the billion-dollar company that his father founded. His friend, Owen, let him borrow his mansion on a tropical island so that he could throw a final party before "marrying" the business that would dominate the rest of his life. He brought his secretary, Brandy, hoping that he could kindle a relationship that would last through the long days and nights of running a company. However, while the party was great, the gold digging woman he brought was not, and Jack resigned himself to a lifetime of loneliness. That was until he took a walk down the beach and met her. A woman who didn't recognize him from the tabloids and only saw him, the man behind the money. Of all the women Jack had ever met, there was nobody like Emma LaRue. With one pretend marriage ceremony, she would change his life forever, and become the only one he ever wanted to give his saltwater kisses to. This novella is the first half of Saltwater Kisses written from Jack's point-of-view, with a few bonus scenes thrown in as well. It contains the first half of Saltwater Kisses as a sample and also throws in the cast of all the Kisses books in an ensemble that is sure to make any of Krista Lakes' fans happy! --- Emma pushed open her door and nearly stepped inside before he caught her. " What do you think you're doing? " Jack asked, his eyes twinkling. Despite running along the beach, he wasn't out of breath from running. He

was out of breath controlling himself with Emma. It had taken every ounce of willpower he processed to get her back to the hotel room. The only reason he had managed to wait was that it was technically their wedding. He was looking forward to this part. " Opening the door? " Emma cocked her head to the side, confused. She had sprinted just as hard to get back here. With a fluid motion, Jack scooped her up in his arms. She giggled as she realized what he was doing, wrapping her arms around his neck and holding him close. She pressed her nose into his throat and inhaled, taking in the scent of him. It made his heart race with primal need. He carried her to the bedroom, setting her down gently on the floor. She held onto him for an extra moment, as if she were soaking him into her skin. When she looked up at him, her long lashes fluttering over sea-green eyes, his heart melted into a puddle on the floor. She stepped back and in a one smooth motion raised the hem of her sundress up and over her head. All she had on was a pair of tiny white panties. Jack's breath caught and all the need he had been keeping tamped down came roaring to life...

Curve Contract Independently Published

Q: What's a guy to do when the one woman he can't stop thinking about doesn't believe he's got real feelings for her? A: Take drastic measures.

PIPPA: The idea that my richest and most gorgeous client just proposed to me feels like a crazy joke, or a pitch for some weird reality show. But the thing is, my situation is dire enough that taking Blake up on his offer is a given. I'll have to keep my wits about me though. Otherwise, the man who's willing to go through all this to rescue me (because that's just the kind of guy he is) will be the man I'll end up falling for harder than I already have. BLAKE: So, that just happened. I just proposed and saved Pippa's business in one fell swoop. Of course I did. I've been protective of her from the very start of our friendship. And now that she's wearing my ring, protective doesn't even begin to cover the way I feel. I would've stepped up to help her out of the mess either way, and she'll learn that soon enough. But first things first. Convincing the most

stubborn woman alive that I really am in love with her is step one...

AUTHOR'S NOTE: This book, like the other Frisky Business books (Effortlessly Real & Recklessly Real) are told from the heroine's POV. But unlike the other two, this one also has several chapters in Blake's POV at the end (you'll see why). Enjoy! :) Formerly titled Claiming Her Curves—same characters and storyline, with a less commonly-used title and more fitting cover. This second edition, re-issued in 2019 through Evergreen Books Publishing, contains newly added content, which expanded (by nearly double the word count) the shorter original novella published as Curve Contract in 2012.

Alec: I'm in my thirties and life is...well not boring, but uneventful despite being CEO of the family company. Just how I like it. Then I meet Lumen, a woman who challenges everything in such an irresistible way. For once in my life I can see myself in a relationship. There's one problem though, she's off limits. Lumen: Growing up in foster care wasn't the nightmare for me as it was for some, but life hasn't been easy. I work hard, focus on my goals, and I never let things distract me, specifically men and relationships. Until one rainy Seattle night when a gorgeous hunk walks into the spa where I work. When billionaire Alec McCrae mistakes Lumen Browne's workplace for a "happy ending" massage parlor, things get more complicated than he prefers. Especially when their lives become entwined in ways never imagined. Don't miss Off Limits, the first book in The Scottish Billionaire, M. S. Parker's latest romance series. Kisses From Jack: The Other Side of a Billionaire Love Story Harlequin I first became a plus-size model on the Razor Girls fetish site as a means to an end. It was how I escaped my abusive past and got off the streets. Now, it's become my career, complete with lifestyle blog posts that I have to get pretty creative with seeing as how I'm making it up as I go along. Little did I know my faking-it-till-I-made-it would land me an audition as the new spokesmodel of a

posh clothing line for female submissives. And apparently, it ' s all thanks to mysterious billionaire Jake Morgan—a man too intense for words who seems to know an awful lot about me. I ' m fairly certain he ' s on to me. In fact, I think he ' s known from the start that I ' ve never met an actual Dom. Until now.

Note: Jake & Alexa were previously part of the Training Her Curves serial series, but over the years, I ' ve found myself reimagining the way their love story could have unfolded. This retelling of their romance is significantly different from the storyline of the Kehoe siblings in Training Her Curves. In fact, I made so many extensive changes it ' s basically a whole new story. I hope you enjoy it!
