From a gifted storyteller and one of Canada's most respected journalists, *The Long Stretch* is a saga of love and war, the story of those who have "gone away" and those who are compelled to stay. In one apocalyptic night, John Gillis and his estranged cousin Sextus confront a half century of half-truths and suppositions that have shaped and scarred their lives, their families and their insular Cape Breton community. Telling stories that unravel a host of secrets, they begin to realize that they were damaged before they were born, their fathers and a close friend forming an unholy trilogy in a tragic moment of war. Among the roots of a complex and painful relationship, they uncover the truth of a fateful day John has spent 20 years trying to forget. Taut and brilliantly paced, etched with quiet humour and crafted with fiery dialogue, *The Long Stretch* is a mesmerizing novel in the tradition of Alistair MacLeod, David Adams Richards and Ann-Marie MacDonald.

This latest novel from Scotiabank Giller Prize winner Linden MacIntyre, *Why Men Lie*, offers a moving and emotionally complex conclusion to the Cape Breton trilogy. Two years after the events of *The Bishop's Man*, we're introduced to Effie MacAskill Gillis, sister of the troubled priest Duncan. It's 1997, and Effie is an independent, middle-aged woman working as a tenured professor of Celtic Studies, but her complicated and often disappointing love life has left her all but ready to give up on the opposite sex. Then suddenly, a chance encounter with a man on a Toronto subway platform gives Effie renewed

hope. J.C. Campbell is an old friend she hasn't seen for more than 20 years – an attractive, single man who appears to possess the stability and good sense she longs for. Effie met her last husband, Sextus, in her hometown of Cape Breton when the two were still children. As they grew older together, and started a family, she soon learned that when it came to other women, Sextus couldn't be trusted. After one too many betrayals, Effie leaves him behind, and so when she and J.C. seem to hit it off, his relaxed, open demeanour is a welcome change. But after a happy start to their relationship, cracks begin to show, and J.C. proves himself to be just as unpredictable as the others: one evening Effie spots him in a seedy part of town, but he denies ever having left his house; when she notices a scratch below his eye, he lies about its cause, blaming it on the cat. Then J.C., a journalist, becomes unhealthily engrossed in a story involving a convict on death row, and he and Effie begin to drift apart. Although he still checks in sporadically and insists there's nothing going on, she soon learns he has a deeply personal reason for his covert trips to that seedy downtown street. In fact, it turns out there's a lot about his past that Effie doesn't know, and a lot he's still learning himself. While J.C. is busy chasing his own past, Effie is rarely able to escape her own. Family ties and hometown connections to Cape Breton

mean her two ex-husbands – Sextus happens to be the cousin of her first husband, John – are constantly coming and going in a turbulent mess of comfort and commotion, while her grown daughter, Cassie, brings some unexpected news of her own. After all of her experience in relationships with men, Effie thought she knew all she needed to about what to expect, and how to maintain her self-sufficiency. Why do men lie?, she wants to know. But whether it ' s for love, for protection, or for more selfish reasons, Effie soon learns that no amount of experience can prepare you for what might resurface from the past, and for the damage that might cause, emotionally or otherwise.

Why Men Lie McGill-Queen's Press - MQUP

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general

understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life’s work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking

work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

“ Fascinating, infuriating, eloquent and cautionary. ” —Postmedia A Globe and Mail, CBC Books and Maclean ’ s Book of the Year In the vein of Erik Larson ’ s *Isaac ’ s Storm* and *Dead Wake* comes an incredible true story of destruction and survival in Newfoundland by one of Canada ’ s best-known writers On November 18, 1929, a tsunami struck Newfoundland ’ s Burin Peninsula. Giant waves up to three storeys high hit the coast at a hundred kilometres per hour, flooding dozens of communities and washing entire houses out to sea. The most destructive earthquake-related event in Newfoundland ’ s history, the disaster killed

twenty-eight people and left hundreds more homeless or destitute. It took days for the outside world to find out about the death and damage caused by the tsunami, which forever changed the lives of the inhabitants of the fishing outports along the Burin Peninsula. Scotiabank Giller Prize – winning writer Linden MacIntyre was born near St. Lawrence, Newfoundland, one of the villages virtually destroyed by the tsunami. By the time of his birth, the cod-fishing industry lay in ruins and the village had become a mining town. MacIntyre's father, lured from Cape Breton to Newfoundland by a steady salary, worked in St. Lawrence in an underground mine that was later found to be radioactive. Hundreds of miners would die; hundreds more would struggle through shortened lives profoundly compromised by lung diseases ranging from silicosis and bronchitis to cancer. As MacIntyre says, though the tsunami killed twenty-eight people in 1929, it would claim hundreds if not thousands more in the decades to follow. And by the time the village returned to its roots and set up as a cod fishery once again, the stocks in the Grand Banks had plummeted and St. Lawrence found itself once again on the brink of disaster. Written in MacIntyre's trademark style, *The Wake* is a major new work by one of this country's top writers. than anything and to have some fun with family and friends.

Alexander MacDonald guides us through his family's mythic past as he recollects the heroic stories of his people: loggers, miners, drinkers, adventurers; men forever in exile, forever linked to their clan. There is the legendary patriarch who left the Scottish Highlands in 1779 and resettled in "the land of trees," where his descendents became a separate Nova Scotia clan. There is the team of

brothers and cousins, expert miners in demand around the world for their dangerous skills. And there is Alexander and his twin sister, who have left Cape Breton and prospered, yet are haunted by the past. Elegiac, hypnotic, by turns joyful and sad, No Great Mischief is a spellbinding story of family, loyalty, exile, and of the blood ties that bind us, generations later, to the land from which our ancestors came.

A paradoxical prelate to many, Archbishop James Morrison was the spiritual head of the Roman Catholic Diocese of Antigonish, Nova Scotia, from 1912 to 1950. Traditional, frugal, and aloof, he was also the ecclesiastical leader of a progressive program of Catholic social action that became known as the "Antigonish Movement." Elevated to bishop after a successful clerical career in Prince Edward Island, Morrison guided Catholics in eastern Nova Scotia through difficult

periods of economic decline, out-migration, and war. He was unprepared for the challenges of twentieth-century Canadian society, and initially struggled to cope with a dwindling Maritime economy, labour unrest, and rural depopulation. Determined to maintain the stature of his diocese, Morrison cautiously supported the clergy reformers who wanted a program of adult education and economic reform. Peter Ludlow unravels the mystery of this figure to show that although Morrison was one of the last powerful and austere Canadian Roman Catholic prelates, he was also one of the first to recognize that the Church could offer its adherents more than spiritual guidance. A revisionist account of the foundation and application of the Antigonish Movement, *The Canny Scot* illustrates the important role of the Catholic Church in Nova Scotia.

Mercy Among the Children received effusive praise from the critics, was nominated for a Governor General 's Award and won the Giller Prize. It was named one of 2000 's best books, became a national bestseller in hardcover for months, and would be published in the US and UK. It is seen, however, as being at odds with literary fashion for concerning itself with good and evil and the human freedom to choose between them — an approach that puts Richards, as *Maclean 's* magazine says, firmly in the tradition of Tolstoy and Dostoevsky. Author Wayne Johnston recounts hearing Richards read in 1983 and being struck by his unqualified love for every one of his

characters, even though “ it was not then fashionable to love your characters ” . Pottersfield Portfolio editor Tony Tremblay calls Richards the most misunderstood Canadian writer of the century, and a “ great moralist ” , comparing him to Morley Callaghan, Kafka and Melville. As a boy, Sydney Henderson thinks he has killed Connie Devlin when he pushes him from a roof for stealing his sandwich. He vows to God he will never again harm another if Connie survives. Connie walks away, laughing, and Sydney embarks upon a life of self-immolating goodness. In spite of having educated himself with such classics as Tolstoy and Marcus Aurelius, he is not taken seriously enough to enter university because of his background of dire poverty and abuse, which

leads everyone to expect the worst of him. His saintly generosity of spirit is treated with suspicion and contempt, especially when he manages to win the love of beautiful Elly. Unwilling to harm another in thought or deed, or to defend himself against false accusations, he is exploited and tormented by others in this rural community, and finally implicated in the death of a 19-year-old boy. Lyle Henderson knows his father is innocent, but is angry that the family has been ridiculed for years, and that his mother and sister suffer for it. He feels betrayed by his father ’ s passivity in the face of one blow after another, and unable to accept his belief in long-term salvation. Unlike his father, he cannot believe that evil will be punished in the end. While his father turns the other cheek, Lyle decides the right way is in

fighting, and embarks on a morally empty life of stealing, drinking and violence. A compassionate, powerful story of humanity confronting inhumanity, it is a culmination of Richards' last seven books, beginning with *Road to the Stilt House*. It takes place in New Brunswick's Miramichi Valley, like all of his novels so far, which has led some urban critics to misjudge his work as regional — a criticism leveled at Thomas Hardy, Joseph Conrad and Emily Bronte in their own day. Like his literary heroes, Richards aims to evoke universal human struggles through his depiction of the events of a small, rural place, where one person's actions impact inevitably on others in a tragic web of interconnectedness. The setting is extremely important in Richards' work, "because the characters come from the

soil"; but as British Columbia author Jack Hodgins once told Richards, "every character you talk about is a character I've met here in Campbell River".

Samuel de Champlain is one of Canada's most significant historical figures. Both tenacious and knowledgeable, he sustained the fledgling settlement at Quebec, orchestrated alliances with Aboriginal groups, explored and mapped much of Atlantic Canada and the St. Lawrence Valley, and struggled to gain support for New France. In *Champlain: The Birth of French America* historians, ethnologists, archaeologists, archivists, and researchers from France, Italy, and Canada revisit Champlain's enormous contributions and unique role in history, offering new insights and raising new questions about the "father of New

France." Illustrated, including the thirty-two maps attributed to Champlain as well as documents, a selection of his drawings, and illustrations of rare artifacts, Champlain is a source of information for anyone who wants to understand New France and the origins of Canada.

Robert Lowell once remarked in a letter to Elizabeth Bishop that "you ha[ve] always been my favorite poet and favorite friend." The feeling was mutual. Bishop said that conversation with Lowell left her feeling "picked up again to the proper table-land of poetry," and she once begged him, "Please never stop writing me letters—they always manage to make me feel like my higher self (I've been re-reading Emerson) for several days." Neither ever stopped writing letters,

from their first meeting in 1947 when both were young, newly launched poets until Lowell's death in 1977. The substantial, revealing—and often very funny—interchange that they produced stands as a remarkable collective achievement, notable for its sustained conversational brilliance of style, its wealth of literary history, its incisive snapshots and portraits of people and places, and its delicious literary gossip, as well as for the window it opens into the unfolding human and artistic drama of two of America's most beloved and influential poets. The Bishop's Man James Lorimer & Company The Only Caf é is both a moving mystery in which a son tries to solve the mystery of his father's death--and an illuminating exploration of how the traumatic past, if left unexamined, shadows every moment of the present. Pierre Cormier had secrets.

Though he married twice, became a high-flying lawyer and a father, he didn't let anyone really know him. And he was especially silent about what had happened to him in Lebanon, the country he fled during civil war to come to Canada as a refugee. When, in the midst of a corporate scandal, he went missing after his boat exploded, his teenaged son Cyril didn't know how to mourn him. But five years later, a single bone and a distinctive gold chain are recovered, and Pierre is at last declared dead. Which changes everything. At the reading of the will, it turns out that instead of a funeral, Pierre wanted a "roast" at a bar no one knew he frequented--The Only Caf é in Toronto's east end. He'd even left a guest list that included one mysterious name: Ari. Cyril, now working as an intern for a major national newsroom and assisting on reporting a story on homegrown terrorism, tracks down Ari at the bar, and finds out that he is an Israeli who knew his father in Lebanon in the '80s. Who is Ari? What can he reveal about what happened to Pierre in Lebanon? Is Pierre really dead? Can Ari even be trusted? Soon Cyril's personal investigation is entangled in the larger news story, all of it twining into a fabric of lies and deception that stretches from contemporary Toronto back to the massacre at the Sabra and Shatila camps in Lebanon in September 1982.

A stunning personal account of Janet Merlo's twenty years of service in the RCMP, with an introduction by Linden MacIntyre. In 2012, Janet Merlo was among the first female RCMP officers to publicly allege she had experienced sexual harassment and gender discrimination while serving in Canada's national police force. The women kept silent for so long, she says, because there was no one

to tell. In this courageous memoir, Janet recalls how her love of policing was soured by covert and overt sexism within the ranks and by an institutional culture that valued toughness and silence over ethics and accountability. Tracing her twenty years in uniform, Merlo's story details the highs and lows of her career in the RCMP – while her mental health and personal life disintegrated. Eventually, the cost of keeping quiet was simply too high, and her story emerges as a lone, brave voice seeking change.

Something about the boat, perhaps its name,

and the posture of that boy caused me to defer my anxieties for the moment. It was so rare to see someone that age stationary, somber. I was more accustomed to a rowdy adolescent enthusiasm. This young man, I realized, was exceptional only because of time and place. Maybe any one of them in those circumstances would have been the same. Quiet. But he caught my attention nevertheless and linked the moment to tender places in the memory. Doomed boys and men: in retrospect they all have that stillness. --from The Bishop ' s Man by Linden MacIntyre The year is 1993 and Father Duncan MacAskill stands at a small Cape Breton fishing harbour a few miles from where he grew up. Enjoying the timeless sight of a father and son piloting a boat, Duncan takes a moment ' s rest from his

worries. But he does not yet know that his already strained faith is about to be tested by his interactions with a troubled boy, 18-year-old Danny MacKay. Known to fellow priests as the “ Exorcist ” because of his special role as clean-up man for the Bishop of Antigonish, Duncan has a talent for coolly reassigning deviant priests while ensuring minimal fuss from victims and their families. It has been a lonely vocation, but Duncan is generally satisfied that his work is a necessary defense of the church. All this changes when lawyers and a policeman snoop too close for the bishop ’ s comfort. Duncan is assigned a parish in the remote Cape Breton community of Creignish and told to wait it out. This is not the first time Duncan has been sent away for knowing too much: decades ago, the displeased bishop sent a more idealistic Duncan to Honduras for voicing suspicions about a revered priest. It was there that Duncan first tasted forbidden love, with the beautiful Jacinta. It was also there that he met the courageous Father Alfonso, who taught him more about spiritual devotion than he had ever known back home. But when an act of violence in Honduras shook Duncan to his core, he returned home a changed man, willing to quietly execute the bishop ’ s commands. Now, decades later in Cape Breton, Duncan claims to his concerned sister Effie that isolation is his preference. But when several women seek to befriend him, along with some long-estranged friends, Duncan is alternately tempted and unnerved by their attentions. Drink becomes his only solace. Attempting to distract himself with

parish work, Duncan takes an interest in troubled young Danny, whose good-hearted father sells Duncan a boat he names The Jacinta. To Duncan's alarm, he discovers that the boy once spent time with an errant priest who had been dispatched by Duncan himself to Port Hood. Duncan begins to ask questions, dreading the answers. When tragedy strikes, he knows that he must act. But will his actions be those of a good priest, or an all too flawed man? Winner of the 2009 Scotiabank Giller Prize, Linden MacIntyre's searing *The Bishop's Man* is an unforgettable and complex character study of a deeply conflicted man at the precipice of his life. Can we ever be certain of an individual's guilt or innocence? Is violence ever justified? Can any act of contrition redeem our own

complicity?

When Calvin Lawrence joined the Halifax City Police in 1969, he thought he knew what to expect. There was growing tension in the city

between the black community and the police, and Calvin believed that as a black police officer he would be able to make a difference. But what he didn't know was that he was embarking on a life-long career in which he would consistently be the target of racist behaviour — from his co-workers and his superiors, and from police organizations as a whole. Calvin describes how he was the target of racial slurs, mocked for being black, pigeonholed into roles, and denied advancement because he was not white. After 36 years in law enforcement, Calvin retired early from the police, suffering from clinical depression and with a settlement from the RCMP after winning a Human Rights complaint. Calvin holds nothing back as he reflects on a career that took him across the country — he shares his experiences as Newfoundland's only black police officer, his undercover stints in Edmonton and Toronto, and

his time in Ottawa protecting major world leaders like Jimmy Carter and Brian Mulroney. Calvin Lawrence's story lays bare the key failures of Canadian police organizations that operate on the basis that only white Canadians are entitled to the rights promised to all by the rule of law and the Canadian Charter of Rights.
