The Black Book of the American Left Greenwood Books Ltd
The bestselling author of "Radical Son" offers a searing critique of cultural trends--including multiculturalism, radical feminism, and economic socialism--and calls for the restoration of American ideals.
The Black Book of American Intervention in Chile Houghton Mifflin Harcourt
Based on a political archive that spans five generations and more than 150 years, this collection of narratives, observations, wit, and wisdom, enlivens and informs on the family of former senator Adlai E. Stevenson III. This volume covers Adlai I, who served as vice president for Grover Cleveland; Adlai II, who served in the Roosevelt and Truman administrations and as governor of Illinois; Adlai III, who was an Illinois State Representative, state treasurer, senator, and two-time candidate for Illinois governor, and other family members in between. Whether it is Abraham Lincoln ’ s presidential campaign material—a Stevenson family member was a friend, contemporary, and promoter—after the famous seven debates or the forewarnings of the Comprehensive Anti-Terrorism Act of 1979, much of the history of the United States is presented here from personalized views of those who experienced and influenced it.
The American Black Chamber Second Thought Books
The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, The Negro Motorist Green Book stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.
The Black Book of Vice President Adlai E. Sevenson, 1836-1914, Governor Adlai E. Stevenson, 1900-1965, Senator Adlai E. Stevenson, 1930- Encounter Books
If you read nothing else on persuasion or influence, read this definitive book and it may change your life. How many times do we ask ourselves: what is behind all these advertising and political messages? What are the threads that move the masses to buy something too expensive or to fight wars that seem illogical and cruel? The principles presented in this book are a very valuable sum of the practical and scientific knowledge that the human being uses to dominate others, through persuasion, in all aspects of life: the producer of the favorite program, the car salesman, the presidential candidate, the crying little girl, the elementary teacher, and even our mother use some of these principles without knowing it. Only a few privileged people knew them formally to dominate the will of others; now you also have the power in your hands.
Engineers Black Book Disciple One Publishing
Learning from Black voices means listening to more than snippets. It means attending to Black stories. Reading Black Books helps Christians hear and learn from enduring Black voices and stories as captured in classic African American literature. Pastor and teacher Claude Atcho offers a theological approach to 10 seminal texts of 20th-century African American literature. Each chapter takes up a theological category for inquiry through a close literary reading and theological reflection on a primary literary text, from Ralph Ellison's Invisible Man and Richard Wright's Native Son to Zora Neale Hurston's Moses, Man of the Mountain and James Baldwin's Go Tell It on the Mountain. The book includes end-of-chapter discussion questions. Reading Black Books helps readers of all backgrounds learn from the contours of Christian faith formed and forged by Black stories, and it spurs continued conversations about racial justice in the church. It demonstrates that reading about Black experience as shown in the literature of great African American writers can guide us toward sharper theological thinking and more faithful living.
The Black Book of the American Left Volume 9 Englewood Cliffs, N.J. : Prentice-Hall
"Read this disturbing but vital book." — Tucker Carlson From the New York Times bestselling BLITZ: Trump Will Smash the Left and Win author and leading conservative thinker comes DARK AGENDA, an extraordinary look into the left ’ s calculated efforts to create a godless, heathen American society — and how these efforts must be stopped. And it is written by David Horowitz, a Jew. In Dark Agenda: The War to Destroy Christian America, Horowitz warns that the rising attacks on Christians and their beliefs threaten all Americans — including Jews like himself. The liberal establishment and their radical allies envision a new millennium in which Christianity is banished, Horowitz argues. He says that Judeo-Christian values are at the very root of America ’ s democracy. Kill off such values and all of our freedoms could perish. Horowitz examines how our elites — increasingly secular and atheist — are pushing a radical agenda: How the left trashes Christian doctrines critical to the American Republic, much like radical Islam ’ s war on “ infidel ” cultures like ours. Why the left fights to keep prayer and religion out of public schools, and how those efforts fly in the face of Founding Father Thomas Jefferson ’ s intentions. How fanatical liberals helped create the religious right by targeting evangelicals and believing Catholics and other conservatives. How Barack Obama ’ s ultra-liberal agenda galvanized the anti-God, anti-religious left. The violent and shocking manifesto of Planned Parenthood founder Margaret Sanger who advocated the use of dynamite to promote “ revolutionary solidarity. ” Filled with stories that demonstrate the mind-numbing reasons behind the secular Left ’ s smug disdain for Christianity, Horowitz traces the history of religious liberty from the Founding Fathers to now. He shows how the Founding Fathers put aside their own skepticisms about God and religion to write The Declaration of Independence. Today, he writes Donald Trump ’ s “ genuine love for his country ” has galvanized Christians to fight the secular war waged against them — as the president has become a lightning rod for the radical left. David Horowitz ’ s powerful new book brings vital insights into the war against Christianity and names the global radicals, leftist Democrats, and money-hungry fat cats of Hollywood and Wall Street responsible for it. Finally, a clear and sensible American voice — one that is not Christian but Jewish — stands up to the twisted rantings of those who want to tear down faith and bedrock of American values. David Horowitz delivers an impassioned plea for the restoration of political sanity in America, a perspective that made America great by respecting the faiths of our fathers and mothers. “ One of the most intellectually compelling and rational defenses of Christianity ’ s role in America.” — Gov Mike Huckabee The Best Book on Politics for Christians in 2019 — The Stream
The Black Book of Persuasion Peter Pauper Press, Inc.

During the 1920s Herbert O. Yardley was chief of the first peacetime cryptanalytic organization in the United States, the ancestor of today's National Security Agency. Funded by the U.S. Army and the Department of State and working out of New York, his small and highly secret unit succeeded in breaking the diplomatic codes of several nations, including Japan. The decrypts played a critical role in U.S. diplomacy. Despite its extraordinary successes, the Black Chamber, as it came to known, was disbanded in 1929. President Hoover's new Secretary of State Henry L. Stimson refused to continue its funding with the now-famous comment, "Gentlemen do not read other people's mail." In 1931 a disappointed Yardley caused a sensation when he published this book and revealed to the world exactly what his agency had done with the secret and illegal cooperation of nearly the entire American cable industry. These revelations and Yardley's right to publish them set into motion a conflict that continues to this day: the right to freedom of expression versus national security. In addition to offering an expos é on post-World War I cryptology, the book is filled with exciting stories and personalities.
The Black Book Liveright Publishing

The Black Book Beacon Press (MA)
We are familiar with a handful of African Americans who are mentioned in American history books, but there are also countless others who do not get recognized in mainstream media. Their actions may not have appeared shake the world, but their contributions to shifting American culture were just as groundbreaking. The achievements of Black Americans included in this book range from athletic to artistic, literary to scientific. Their stories encourage readers, especially teenage boys and girls, to find their own paths for change.
The Black American Reference Book Random House
Between 1940 and 1974, the number of African American farmers fell from 681,790 to just 45,594--a drop of 93 percent. In his hard-hitting book, historian Pete Daniel analyzes this decline and chronicles black farmers' fierce struggles to remain on the land in the face of discrimination by bureaucrats in the U.S. Department of Agriculture. He exposes the shameful fact that at the very moment civil rights laws promised to end discrimination, hundreds of thousands of black farmers lost their hold on the land as they were denied loans, information, and access to the programs essential to survival in a capital-intensive farm structure. More than a matter of neglect of these farmers and their rights, this "passive nullification" consisted of a blizzard of bureaucratic obfuscation, blatant acts of discrimination and cronyism, violence, and intimidation. Dispossession recovers a lost chapter of the black experience in the American South, presenting a counternarrative to the conventional story of the progress achieved by the civil rights movement.
The Black Book Fourth Estate
A discourse about the human beings who were bred in America to be slaves, their abandonment, their continuing lack of leadership, and an investigation into the persistent aftereffect of slavery.

The series uses striking graphics along with engaging writing, making big topics easy to understand.
The Black Book University Press of America

David Horowitz spent the first part of his life in the world of the Communist-progressive left, a politics he inherited from his mother and father, and later in the New Left as one of its founders. When the wreckage he and his comrades had created became clear to him in the mid-1970s, he left. Three decades of second thoughts then made him this movement ’ s principal intellectual antagonist. “ For better or worse, ” as Horowitz writes in the preface, “ I have been condemned to spend the rest of my days attempting to understand how the left pursues the agendas from which I have separated myself, and why. ” When Horowitz began his odyssey, the left had already escaped the political ghetto to which his parents ’ generation and his own had been confined. Today, it has become the dominant force in America ’ s academic and media cultures, electing a president and achieving a position from which it can shape America ’ s future. How it achieved its present success and what that success portends are the overarching subjects of Horowitz ’ s conservative writings. Through the unflinching focus of one singularly engaged witness, the identity of a destructive movement that constantly morphs itself in order to conceal its identity and mission becomes disturbingly clear. Horowitz reflects on the years he spent at war with his own country, collaborating with and confronting radical figures like Huey Newton, Tom Hayden and Billy Ayers, as he made his transition from what the writer Paul Berman described as the American left ’ s “ most important theorist ” to its most determined enemy.

The Black Book Penguin

In this book, Richard A. Jones highlights the importance of Ludwig Wittgenstein ’ s work for contemporary African American and Africana philosophy. The Black Book investigates the epistemic, linguistic, and political grounds from which inspiration might be drawn.

The Black Book Harper Collins

The "thrilling" #1 New York Times and USA Today bestseller (Karin Slaughter): when three bodies are found in a Chicago bedroom, a black book goes missing . . . and the city has never been more dangerous. Billy Harney was born to be a cop. As the son of Chicago's chief of detectives with a twin sister on the force, Billy plays it by the book. Teaming up with his adrenaline-junkie partner, Detective Kate Fenton, there's nothing he wouldn't sacrifice for his job. Enter Amy Lentini, a hard-charging assistant attorney hell-bent on making a name for herself who suspects Billy isn't the cop he claims to be. They're about to be linked by more than their careers. A horrifying murder leads investigators to an unexpected address-an exclusive brothel that caters to Chicago's most powerful citizens. There's plenty of incriminating evidence on the scene, but what matters most is what's missing: the madam's black book. Now with shock waves rippling through the city's elite, everyone's desperate to find it. As Chicago's elite scramble to get their hands on the elusive black book, no one's motives can be trusted. An ingenious, inventive thriller about power, corruption, and the secrets that can destroy a city, The Black Book is James Patterson at his page-turning best.

The Black Book of Justice Holmes Lulu.com

This book is the first ever in-depth look at the geographic peace plans used by the United States at the end of World War I. It analyzes the negotiation and implementation of these plans and analyzes the lasting impact of the territorial settlements on the ensuing history of Europe and the Middle East.

Radical Son Macmillan + ORM

From the Nobel Prize – winning author: An Istanbul lawyer ’ s search for his missing wife leads him into a labyrinthine mystery of truth, fiction and identity. Galip is an Istanbul lawyer, and his wife, Ruya, has vanished. Could she be hiding out with her half-brother, Jelal, a newspaper columnist whose fame Galip envies? And if so, why isn ’ t anyone in Jelal ’ s flat? As Galip plays the part of private investigator, he assumes the identity of Jelal himself, wearing his clothes, answering his phone calls, even faking his wry columns, which he passes off as the work of the missing journalist. But the amateur sleuth bumbles his undercover operation, and with dire consequences. Richly atmospheric and Rabelaisian in scope, The Black Book is “ a glorious flight of dark, fantastic invention ” suffused with the sights, sounds, and scents of Istanbul (The Washington Post).

The Black History Book Simon and Schuster

This invaluable “ mentor in your pocket ” by three dynamic and successful black female executives will help all black women, at any level of their careers, play the power game—and win. Rich with wisdom, this practical gem focuses on the building blocks of true leadership—self-confidence, effective communication, collaboration, and courage—while dealing specifically with stereotypes (avoid the Mammy Trap, and don ’ t become the Angry Black Woman) and the perils of self-victimization (don ’ t assume that every challenge occurs because you are black or female). Some leaders are born, but most leaders are made—and The Little Black Book of Success will show you how to make it to the top, one step at a time.
