International bestselling author Mark Lawrence continues the bold new world of dark fantasy he created in the Broken Empire trilogy with the first book of the Red Queen's War... For all her reign the Red Queen has fought the long war, contested in secret, against the powers that stand behind nations, for higher stakes than land or gold. Her greatest weapon is The Silent Sister—unseen by most and unspoken of by all. The Red Queen's grandson, Prince Jalan Kendeth—drinker, gambler, seducer of women—is one who can see The Silent Sister. Content with his role as a minor royal, Jal pretends that the hideous crone is not there. But war with the undead is coming, and the Red Queen has called on her family to defend the realm. Jal thinks that nothing that will affect him. He's wrong... After escaping a death trap set by the Silent Sister, Jal finds his fate magically intertwined with a fierce Norse warrior. As the two undertake a journey to undo the spell, encountering grave dangers, willing women, and an upstart prince named Jorg Ancrath along the way, Jalan gradually catches a glimmer of the truth: he and the Norseman are but pieces in a game—and the Red Queen controls the board.

As Storm Breaking opens, the western allies, led by Karal, Karsite Sunpriest and delegate to the Valdemaran Court, and the Adepts Firesong and An'desha, have traveled deep into the Dorisha

Plains to locate the ancient ruins of the Tower of Urtho, Mage of Silence, creator of the gryphons. Legend has it that below the Tower, deeply buried beneath the plains, is Urtho's Vault, hidden stronghold of some of the most powerful magical weapons ever devised - weapons that Urtho himself felt were too dangerous to use. With the help of the Shin'a'in plainsmen, they have successfully excavated this ancient arsenal, and risked their lives triggering one of these antique but potent tools of death to unleash a monstrous burst of mage-energy. With this explosion of magical power, Karal, Firesong, and their companions have temporarily counteracted the ever-increasing waves of the mage storms. But they know that this desperate action will not save them - they have bought themselves precious time, but are still far from a permanent solution. They know now that the mage storms are an "echo" through time of the prehistoric Cataclysm which destroyed Urtho's Tower, created the vast and barren Dorisha Plains, and permanently warped their world more than two thousand years ago. And they also know that if they don't find a way to banish these magical vibrations they will culminate in another Cataclysm - this time destroying their world for good. But the Vault is not the only thing buried for centuries below the Dorisha Plains, and camped in the ruins of what once was the workplace of the most ingenious mage their world has ever known, the desperate allies soon come to realize that their solution may lie beneath the dust at their feet. The saving of their world just might be accomplished by the work of a man who has been dead for millennia!
