---

## **Playing with FIRE (Financial Independence Retire Early)** John Wiley & Sons

Twenty benefits from the three-fund total market index portfolio. The Bogleheads' Guide to The Three-Fund Portfolio describes the most popular portfolio on the Bogleheads forum.

This all-indexed portfolio contains over 15,000 worldwide securities, in just three easily-managed funds, that has outperformed the vast majority of both professional and amateur investors. If you are a new investor, or an experienced investor who wants to simplify and improve your portfolio, The Bogleheads' Guide to The Three-Fund Portfolio is a short, easy-to-read guide to show you how.

Smarter Investing Pearson Education

The irreverent guide to investing, Boglehead style  
The Boglehead's Guide to Investing is a DIY handbook that espouses the sage investment wisdom of John C. Bogle. This witty and wonderful

book offers contrarian advice that provides the first step on the road to investment success, illustrating how relying on typical "common sense" promoted by Wall Street is destined to leave you poorer. This updated edition includes new information on backdoor Roth IRAs and ETFs as mainstream buy and hold investments, estate taxes and gifting, plus changes to the laws regarding Traditional and Roth IRAs, and 401k and 403b retirement plans. With warnings and principles both precisely accurate and grandly counterintuitive, the Boglehead authors show how beating the market is a zero-sum game. Investing can be simple, but it's certainly not simplistic. Over the course of twenty years, the followers of John C. Bogle have evolved from a loose association of investors to a major force with the largest and most active non-commercial financial forum on the Internet. The Boglehead's Guide to Investing brings that communication to you with comprehensive guidance to the investment prowess on display at Bogleheads.org. You'll learn

---

how to craft your own investment strategy using the Bogle-proven methods that have worked for thousands of investors, and how to: Choose a sound financial lifestyle and diversify your portfolio Start early, invest regularly, and know what you're buying Preserve your buying power, keeping costs and taxes low Throw out the "good" advice promoted by Wall Street that leads to investment failure Financial markets are essentially closed systems in which one's gain garners another's loss. Investors looking for a roadmap to successfully navigating these choppy waters long-term will find expert guidance, sound advice, and a little irreverent humor in *The Boglehead's Guide to Investing*.

*The Bogleheads' Guide to Investing* W. W. Norton & Company

Hogan shows that God's way of managing money really works. Millionaire status doesn't require

inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction *New Imperatives for the Intelligent Investor* John Wiley & Sons

The seminal work on mutual funds investing is now a Wiley Investment Classic Certain books have redefined the way we view the world of finance and investing—books that should be on every investor's shelf. *Bogle On Mutual Funds*—the definitive work on mutual fund investing by one of finance's great luminaries—is just such a work, and has been added to the catalog of Wiley's Investment Classic

---

collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds' most outspoken critic; in this classic book, he provides guidance on what you should and shouldn't believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You'll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed "index" fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds. Learn how to choose between the four basic types of funds

Choose the lower-cost, more reliable investment structure. See through misleading advertising, and watch out for pitfalls. Take a look into this timeless classic and let Bogle's *On Mutual Funds* show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

### Why Investors Should Join It Now JI Collins LLC

In 1998, after thirteen years of providing investment advice for Smith Barney, Bill Schultheis wrote a simple book for people who felt overwhelmed by the stock market. He had discovered that when you simplify your investment decisions, you end up getting better returns. As a bonus, you gain more time

---

for family, friends, and other pursuits. The Coffeehouse Investor explains why we should stop thinking about top rated stocks and mutual funds, shifts in interest rates, and predictions for the economy. Stop trying to beat the stock market average, which few "experts" ever do. Instead, just remember three simple principles: Don't put all your eggs in one basket. There's no such thing as a free lunch. And save for a rainy day. By focusing more on your passions and creativity and less on the daily ups and downs, you will actually build more wealth—and improve the quality of your life at the same time.

**Lessons for Building a Winning Portfolio** McGraw Hill Professional

The essential stock market guide for beginners, updated with timely strategies for investing your money. The perfect gift for anyone hoping to learn the basics of investing. Accessible

and intelligent, The Neatest Little Guide to Stock Market Investing is what every investor, new or seasoned, needs to keep pace in the current market. This book is a must read for anyone looking to make money in the stock market this year!

*The Bogleheads' Guide to the Three-Fund Portfolio* John Wiley & Sons

Written by veteran financial professional and experienced author Richard Ferri, *The ETF Book* gives you a broad and deep understanding of this important investment vehicle and provides you with the tools needed to successfully integrate exchange-traded funds into any

---

portfolio. Each chapter of The ETF Book offers concise coverage of various issues and is filled with in-depth insights on different types of ETFs as well as practical advice on how to select and manage them.

The Index Revolution Penguin Investment professional Larry E. Swedroe describes the crucial difference between "active" and "passive" mutual funds, and tells you how you can win the investment game through long-term investments in such indexes as the S&P 500 instead of through the active buying and selling of stocks. A revised and updated edition of

an investment classic, The Only Guide to a Winning Investment Strategy You'll Ever Need remains clear, understandable, and effective. This edition contains a new chapter comparing index funds, ETFs, and passive asset class funds, an expanded section on portfolio care and maintenance, the addition of Swedroe's 15 Rules of Prudent Investing, and much more. In clear language, Swedroe shows how the newer index mutual funds out-earn, out-perform, and out-compound the older funds, and how to select a balance "passive" portfolio for the long haul that will repay you many

---

times over. This indispensable book also provides you with valuable information about: - The efficiency of markets today - The five factors that determine expected returns of a balanced equity and fixed income portfolio - Important facts about volatility, return, and risk - Six steps to building a diversified portfolio using Modern Portfolio Theory - Implementing the winning strategy - and more.

*Investing Demystified* Simon and Schuster

A practical guide to passive investing Time and again, individual investors discover, all too late, that actively picking

stocks is a loser's game. The alternative lies with index funds. This passive form of investing allows you to participate in the markets relatively cheaply while prospering all the more because the money saved on investment expenses stays in your pocket. In his latest book, investment expert Richard Ferri shows you how easy and accessible index investing is. Along the way, he highlights how successful you can be by using this passive approach to allocate funds to stocks, bonds, and other prudent asset classes. Addresses the advantages of index funds over portfolios that are actively managed Offers insights on index-based funds that provide exposure to designated broad markets and

---

don't make bets on individual securities Ferri is also author of the Wiley title: The ETF Book and co-author of The Bogleheads' Guide to Retirement Planning If you're looking for a productive investment approach that won't take all of your time to implement, then The Power of Passive Investing is the book you need to read.

**A Practical Guide to Taking the Complexity Out of Investing** W. W. Norton & Company

Twenty benefits from the three-fund total market index portfolio. The Bogleheads' Guide to The Three-Fund Portfolio describes the most popular portfolio on the Bogleheads forum. This all-indexed portfolio contains over 15,000 worldwide securities, in just

three easily-managed funds, that has outperformed the vast majority of both professional and amateur investors. basis With The Investor's Manifesto as your guide, you'll quickly discover the timeless investment approaches that can put you in a better position to prosper over time. *The Story of Vanguard and the Index Revolution* John Wiley & Sons

Get fifty years of industry-defining expertise in a single volume John Bogle on Investing is a compilation of the best speeches ever delivered by one of the 20th century's towering financial giants. Individually, each of these speeches delivers a powerful lesson in investing; taken together, Bogle's

lifelong themes ring loud and clear. His investing philosophy has remained more or less constant throughout his illustrious career, and this book lays it out so you can learn from the very best. You'll learn what makes a successful investment strategy, consider the productive economics of long-term investing, and how emotional investment in financial markets is often counterproductive enough to forfeit success. Bogle discusses the "fiscal drag" of investing, and shows you how to cut down on sales charges, management fees, turnover costs, and opportunity

---

costs, as he unravels a lifetime's worth of expertise to give you deep insight into the mind of a master at work. John C. Bogle founded Vanguard in 1974, then in the space of a few years, introduced the index mutual fund, pioneered the no-load mutual fund, and redefined bond fund management. This book wraps up the essence of his half-century of knowledge to deepen your understanding and enhance your investment success. Learn why simple strategies are best. Discover how emotions can ruin the best investment plan. Examine the universality of indexing in the financial markets. Minimize the costs – financial and otherwise – associated with investing. John Bogle is still in there fighting, still pushing the industry onward and upward. Take this rare opportunity to have industry-shaping expertise at your fingertips with John Bogle on Investing. *Investing for Dummies*® St. Martin's Press

Everything you need to KNOW and everything you need to DO to secure your financial future  
Penguin

Summary of The Bogleheads' Guide to Investing - Contrarian advice that provides the first step on the road to investment success by Taylor Larimore, Mel Lindauer & Michael LeBoeuf. Inspired by Vanguard founder and renowned investment expert Jack Bogle, the Bogleheads were created to pass on his wisdom. Three of its key founders and active members have put together a clear and concise

---

guide to investing. These long-time investors-Mel Lindauer, Taylor Larimore, and Michael LeBoeuf-give a no-nonsense account of investing like a grandfather would pass down life lessons to his grandchildren. The advice is proven (the Bogleheads are millionaires), well explained, and actionable. Are you ready to heed this advice and discover true financial freedom? Why read this summary: Save time Understand the key concepts Notice: This is a THE BOGLEHEADS' GUIDE TO INVESTING Book Summary. NOT THE ORIGINAL BOOK.

**True Measures of Money,**

**Business, and Life** Adams Media  
The best-selling investing "bible" offers new information, new insights, and new perspectives The Little Book of Common Sense Investing is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective investment strategy for building wealth over the long term: buy and hold, at very low cost, a

---

mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of *Little Book of Common Sense* was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the

---

satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me." Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of

The Little Book of Common Sense Investing offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational

---

expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. The Little Book of Common Sense Investing is a solid guidebook to your financial future.

**The Little Book of Common Sense**

### **The Power of Passive Investing**

John Wiley & Sons

What if a happier life was only a few simple choices away? A successful entrepreneur living in Southern California, Scott Rieckens had built a "dream life": a happy marriage, a two-year-old daughter, a membership to a boat club, and a BMW in the driveway.

But underneath the surface, Scott was creatively stifled, depressed, and overworked trying to help pay for his family's beach-town lifestyle. Then one day, Scott listened to a podcast interview that changed everything. Five months later, he had quit his job, convinced his family to leave their home, and cut their expenses in half. Follow Scott and his family as they devote everything to FIRE (financial independence retire early), a subculture obsessed with maximizing wealth and happiness. Filled with inspiring case studies and powerful advice, *Playing with FIRE* is one family's journey to acquire the one thing that money can't buy: a simpler – and happier – life. Based on the documentary
