From one of the greatest Norwegian authors of the twentieth century, comes a collection of spare, biting stories of people caught between reality and expectation, hope and despair, love and longing. A man and a woman in a quiet, remote house, an old man on a park bench, an estranged brother in a railway café -- Kjell Askildsen's characters are surrounded by absence. Filled with disquiet, and longing, they walk to a fjord, they smoke, they drink on a veranda, they listen to conversations that drift through open windows. Small flashes like the promise of a sunhat, a nail in a cherry tree, or a raised flag, reveal the interminable space between desire and reality in which Askildsen's characters are forever suspended. Widely recognized as one of the greatest modern short-story writers, with unadorned prose and a dark humor, Askildsen captures life as it really is, the worlds of his characters uncanny mirrors of our own.

The Good and the Beautiful Beginner Books Box C First 100

A book full of boxes. A box in itself. An unboxing. This book explores boxes in their broadest sense and size. It invites us to step into the field, unravel how and why things

are contained and how it might be otherwise. By turning the focus of Science and Technology Studies (STS) to boxing practices, this collation of essays examines boxes as world-making devices. Gathered in the format of a field guide, it offers an introduction to ways of ordering the world, unpacking their boxed-up, largely invisible politics and epistemics. Performatively, pushing against conventional uses of academic books, this volume is about rethinking taken-for-granted formats and infrastructures of scholarly ordering - thinking, writing, reading. It diverges from encyclopedic logics and representative overviews of boxing practices and the architectural organization of monographs and edited volumes through a single, overarching argument. This book asks its users to leave well-trodden paths of linear and comprehensive reading and invites them to read sideways, creating their own orders through associations and relating. Thus, this book is best understood as an intervention, a beginning, an open box, a slim volume that needs expansion and further experiments with ordering by its users.

The Boxes Princeton University Press
A Washington Post, LitHub, The Millions, and Books Are Magic Most Anticipated Book of 2021 and a Good Housekeeping, Shondaland, and Alma Best Book of Fall A perceptive and powerful debut of identity and belonging—of a young woman determined to be seen. Willa Chen has never quite fit in. Growing up as a biracial Chinese American girl in New Jersey, Willa felt both hypervisible and unseen, too Asian to fit in at her mostly white school, and too white to speak to the few Asian kids around. After her parents' early divorce, they both remarried and started new families, and Willa grew up feeling outside of their new lives, too. For years, Willa does her best to stifle her feelings of loneliness, drifting through high school and then college as she tries to quiet the unease inside her. But when she begins working for the Adriens—a wealthy white family in Tribeca—as a nanny for their daughter, Bijou, Willa is confronted with all of the things she never had. As she draws closer to the family and eventually moves in with them, Willa finds herself questioning who she is, and revisiting a childhood where she never felt fully at home. Self-examining and fraught with the emotions of a family who fails and loves in equal measure, *Win Me*

Something is a nuanced coming-of-age debut about the irreparable fissures between people, and a young woman who asks what it really means to belong, and how she might begin to define her own life.
