the grace and sensuality of the printed page. Morell has selected unusual books, like a leather-bound volume that is smaller than a paper clip, an impossibly large dictionary and illustrated books whose characters appear to leap off the page. He has photographed the endless ocean of books in a library and the strikingly beautiful way in which

weathered and water-damaged bookstake on sculptural form.

The Book of Two Ways Scholastic Nonfiction

Over thirty years ago, Chuck Eichten was diagnosed with Type I diabetes. Now he's created the book he wishes someone had given him, compiling the (sometimes unconventional) lessons he and his doctors have learned about what you should do to make life better—and also what you

shouldn't (or, as Chuck advises his readers, "Save time, learn from the idiot"). The Book of Better doesn't look or sound like any other book on the diabetes shelf.

Empowering and entertaining, it covers topics like "What is Diabetes, Exactly?"; "The Bottom Ten Worst Things about Diabetes" and "The Top Three Best Things about Diabetes"; and "How to Have Diabetes and Not Have a Food Obsession." Years of living

---

with diabetes convinced Chuck that he and others like him don't need to feel like patients when they are reading about their condition. Like anyone, they want to understand, but they also want to be inspired, amused and entertained. Diabetes may be a painful challenge, but it can also be funny, and preposterous, and an opportunity to learn. Ultimately, Chuck's upbeat message is that diabetes is something we

can make better. Infused with personality, humour and empathy, The Book of Better shows how people with diabetes and their families can make life excellent. Simon and Schuster The #1 international bestseller from the author of The Book of Awesome that "reveals how all of us can live happier lives" (Gretchen Rubin). What is the formula for a happy life? Neil Pasricha is a Harvard MBA, a New York Times – bestselling author, a Walmart executive, a father, a husband. After

selling more than a million copies of the Book of Awesome series, wherein he observed the everyday things he thought were awesome, he now shifts his focus to the practicalities of living an awesome life. In his new book The Happiness Equation, Pasricha illustrates how to want nothing and do anything in order to have everything. If that sounds like a contradiction in terms, you simply have yet to unlock the 9 Secrets to Happiness. Each secret takes a piece out of the core of common sense, turns it on its head to present it in a completely new

---

light, and then provides practical and specific guidelines for how to apply this new outlook to lead a fulfilling life. Once you've unlocked Pasricha's 9 Secrets, you will understand counterintuitive concepts such as: Success Does Not Lead to Happiness, Never Take Advice, and Retirement Is a Broken Theory. You will learn and then master three brand-new fundamental life tests: the Saturday Morning Test, The Bench Test, and the Five People Test. You will know the difference between external goals and internal goals and

how to make more money than a Harvard MBA (hint: it has nothing to do with your annual salary). You will discover that true wealth has nothing to do with money, multitasking is a myth, and the elimination of options leads to more choice. The Happiness Equation is a book that will change how you think about pretty much everything—your time, your career, your relationships, your family, and, ultimately, of course, your happiness. **Because You Are Mine Part I** Anchor From the bestselling

author of The Book of Awesome, You Are Awesome, and the award-winning, multimillion-hit blog 1000 Awesome Things comes even more of the little things that make us smile every day! Neil Pasricha is back with a collection of hundreds more awesome things from the website, as well as never-before-seen extraordinary moments that deserve celebration: • Letting go of the gas pump

---

perfectly so you  
end on a round  
number • When  
a baby falls  
asleep on you •  
When your pet  
notices you're in  
a bad mood and  
comes to see  
you • Pulling a  
weed and getting  
all the roots with  
it • When your  
windshield  
wipers match the  
beat of the song  
you're listening  
to • When the  
hiccups stop •  
The smooth  
feeling on your  
teeth when you  
get your braces  
off • Driving from  
a rough road  
onto a smooth  
one • When the  
person you're

meeting is even  
later than you  
are • That guy  
who helps you  
parallel park  
There's even  
space for you to  
write your very  
own Awesome  
Things in the  
back. Because  
couldn't we all  
use (even more)  
awesome?  
The More  
Beautiful World  
Our Hearts Know  
Is Possible Penguin  
Your hard work is  
paying off. You are  
doing well in your  
field. But there is  
something  
standing between  
you and the next  
level of  
achievement. That  
something may just

be one of your own  
annoying habits.  
Perhaps one small  
flaw - a behaviour  
you barely even  
recognise - is the  
only thing that's  
keeping you from  
where you want to  
be. It may be that  
the very  
characteristic that  
you believe got you  
where you are - like  
the drive to win at  
all costs - is what's  
holding you back.  
As this book  
explains, people  
often do well in  
spite of certain  
habits rather than  
because of them -  
and need a "to stop"  
list rather than one  
listing what "to do".  
Marshall  
Goldsmith's

---

expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline,

Johnson and Johnson and GE. What Got You Here Won't Get You There Simon and Schuster  
Possibly the most important anthology ever published. The definitive collection featuring key works by such famous Australian poets as Gavin Milton, Arnold Wordsworth, Sylvia Blath, Very Manly Hopkins, R.A.C.V. Milne and Dylan Thompson.  
**The Big Book of EVEN MORE Therapeutic Activity Ideas for Children and Teens** Penguin Books  
United Nations Champion of the

Earth, climate scientist, and evangelical Christian Katharine Hayhoe changes the debate on how we can save our future in this nationally bestselling “optimistic view on why collective action is still possible—and how it can be realized” (The New York Times). Called “one of the nation’s most effective communicators on climate change” by The New York Times, Katharine Hayhoe knows how to navigate all sides of the conversation on our changing

---

planet. A Canadian climate scientist living in Texas, she negotiates distrust of data, indifference to imminent threats, and resistance to proposed solutions with ease. Over the past fifteen years Hayhoe has found that the most important thing we can do to address climate change is talk about it—and she wants to teach you how. In *Saving Us*, Hayhoe argues that when it comes to changing hearts and minds, facts are only one part of the equation. We need to find shared values in order to connect our unique

identities to collective action. This is not another doomsday narrative about a planet on fire. It is a multilayered look at science, faith, and human psychology, from an icon in her field—recently named chief scientist at The Nature Conservancy. Drawing on interdisciplinary research and personal stories, Hayhoe shows that small conversations can have astonishing results. *Saving Us* leaves us with the tools to open a dialogue with your loved ones about how we

all can play a role in pushing forward for change. *The Daily Show (The Book)* Penguin  
The #1 New York Times bestselling series continues to delight and astound with an all-new collection of surprisingly unnecessary facts and figures. Would it surprise you to learn... • it takes a sloth about a month to digest a meal? • more tourists visit France than any other nation in the world? • the United States still has debt from the Revolutionary War? Do you think

---

you ever need to know... • what type of trees are most frequently struck by lightning?

• how much a clerk was paid for penning the U.S. Constitution?

• which celebrity uses the pseudonym Slappy White?

[A More Beautiful Question Gallery](#)  
Books

Praised by The New York Times; O, The Oprah Magazine; Bitch Magazine; Slate; Publishers Weekly; and more, this is “ a bracing corrective to a national mythology ” (New York Times) around the civil rights movement. The civil rights movement has become national legend, lauded by

presidents from Reagan to Obama to Trump, as proof of the power of American democracy. This fable, featuring dreamy heroes and accidental heroines, has shuttered the movement firmly in the past, whitewashed the forces that stood in its way, and diminished its scope. And it is used perniciously in our own times to chastise present-day movements and obscure contemporary injustice. In *A More Beautiful and Terrible History* award-winning historian Jeanne Theoharis dissects this national myth-making, teasing apart the accepted stories to show them in a strikingly different light. We see Rosa Parks not simply as a bus lady but a lifelong criminal justice activist

and radical; Martin Luther King, Jr. as not only challenging Southern sheriffs but Northern liberals, too; and Coretta Scott King not only as a “ helpmate ” but a lifelong economic justice and peace activist who pushed her husband ’ s activism in these directions. Moving from “ the histories we get ” to “ the histories we need, ” Theoharis challenges nine key aspects of the fable to reveal the diversity of people, especially women and young people, who led the movement; the work and disruption it took; the role of the media and “ polite racism ” in maintaining injustice; and the immense barriers and repression activists faced. Theoharis makes us reckon with

---

the fact that far from being acceptable, passive or unified, the civil rights movement was unpopular, disruptive, and courageously persevering. Activists embraced an expansive vision of justice—which a majority of Americans opposed and which the federal government feared. By showing us the complex reality of the movement, the power of its organizing, and the beauty and scope of the vision, Theoharis proves that there was nothing natural or inevitable about the progress that occurred. *A More Beautiful and Terrible History* will change our historical frame, revealing the richness of our civil rights legacy, the uncomfortable mirror it holds to the nation,

and the crucial work that remains to be done. Winner of the 2018 Brooklyn Public Library Literary Prize in Nonfiction  
*The Book Of Better*  
Jessica Kingsley Publishers  
Following on from *The Big Book of Therapeutic Activity Ideas for Children and Teens*, this book provides EVEN MORE imaginative and fun activity ideas, lessons, and projects for use with difficult and challenging children and teens aged 5+. From ice breakers and group starters to bibliotherapy and monthly character education activities, there are over 90 ideas designed to unleash the creativity

confront the questions she ' s never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn ' t turned out to be the person you are right now? The Even More Complete Book Of Australian Verse: Text Classics W. W. Norton & Company From two-time Carnegie Medal winner Patrick Ness comes an enthralling and provocative new novel chronicling the life — or perhaps afterlife — of a teen trapped in a crumbling,

abandoned world. A boy named Seth drowns, desperate and alone in his final moments, losing his life as the pounding sea claims him. But then he wakes. He is naked, thirsty, starving. But alive. How is that possible? He remembers dying, his bones breaking, his skull dashed upon the rocks. So how is he here? And where is this place? It looks like the suburban English town where he lived as a child, before an unthinkable tragedy happened and his family moved to America. But the neighborhood around his old house is overgrown, covered in dust, and completely abandoned. What ' s going on? And why is it that whenever he closes his eyes, he falls prey to vivid,

agonizing memories that seem more real than the world around him? Seth begins a search for answers, hoping that he might not be alone, that this might not be the hell he fears it to be, that there might be more than just this. . . .

The Boys' Book of Greatness Harper Collins

Greatness Redefined for the 21st Century

Today's business climate is defined by speed, social technologies, and people's expectations of " values " besides value. As a result, leaders have to create an outstanding culture for all, no matter

---

who they are or what they do for the organization. This groundbreaking book, from the creators of the gold-standard Fortune 100 Best Companies to Work For list, shows how it's done. Through inspiring stories and compelling research, the authors demonstrate that great places to work for all benefit the individuals working there and contribute to a better global society—even as they outperform in the stock market and grow revenue three times faster

than less-inclusive rivals. This is a call to lead so that organizations develop every ounce of human potential. *A More Beautiful and Terrible History* Scholastic Nonfiction 'A powerfully disruptive book for disrupted times ... If you're looking for transformative ideas, this book is for you.' KATE RAWORTH, economist and author of *Doughnut Economics* *A Financial Times Book of the Year* \_\_\_\_\_ Our planet is in trouble. But how can we reverse the current crisis and create a sustainable future? The answer is: DEGROWTH. Less is

More is the wake-up call we need. By shining a light on ecological breakdown and the system that's causing it, Hickel shows how we can bring our economy back into balance with the living world and build a thriving society for all. This is our chance to change course, but we must act now. \_\_\_\_\_ 'A masterpiece... Less is More covers centuries and continents, spans academic disciplines, and connects contemporary and ancient events in a way which cannot be put down until it's finished.' DANNY DORLING, Professor of Geography, University of Oxford 'Jason is able to personalise the global and swarm the mind in

---

the way that insects used to in abundance but soon shan't unless we are able to heed his beautifully rendered warning.' RUSSELL BRAND 'Jason Hickel shows that recovering the commons and decolonizing nature, cultures, and humanity are necessary conditions for hope of a common future in our common home.' VANDANA SHIVA, author of Making Peace With the Earth 'This is a book we have all been waiting for. Jason Hickel dispels ecomodernist fantasies of "green growth". Only degrowth can avoid climate breakdown. The facts are indisputable and they are in this book.' GIORGIS KALLIS, author of Degrowth 'Capitalism has robbed us of our ability to even imagine something

different; Less is More gives us the ability to not only dream of another world, but also the tools by which we can make that vision real.' ASAD REHMAN, director of War on Want 'One of the most important books I have read ... does something extremely rare: it outlines a clear path to a sustainable future for all.' RAOUL MARTINEZ, author of Creating Freedom 'Jason Hickel takes us on a profound journey through the last 500 years of capitalism and into the current crisis of ecological collapse. Less is More is required reading for anyone interested in what it means to live in the Anthropocene, and what we can do about it.' ALNOOR LADHA, co-founder of The Rules 'Excellent

analysis... This book explores not only the systemic flaws but the deeply cultural beliefs that need to be uprooted and replaced.' ADELE WALTON  
[The Book with No Pictures](#) Profile Books  
NEW YORK TIMES BESTSELLER • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post – Civil War South, and of a modern-day teacher who learns of their story and

---

its vital connection to her students' lives. "An absorbing historical . . . enthralling." — Library Journal

Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away.

Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest:

Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the

pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope.

Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely

---

comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

A Little Life Text Publishing
