"Ojito has done truth an invaluable service. Extraordinary."—Junot Díaz, author of *The Brief Wondrous Life of Oscar Wao* 2014 International Latino Awards Finalist A Pulitzer Prize-winning journalist uncovers the true story of an immigrant's murder that turned a quaint village on the Long Island shore into ground zero in the war on immigration In November 2008, 37-year-old Marcelo Lucero, an unassuming worker at a dry cleaner's and an undocumented Ecuadorean immigrant, was attacked and murdered by a group of teenagers as he walked the streets of the Long Island village of Patchogue accompanied by a childhood friend. The attackers were out "hunting for beaners." Some of the kids later confessed that chasing, harassing, and assaulting defenseless "beaners"—their slur for Latinos—was part of their weekly entertainment. In recent years, Latinos have become the target of hate crimes as the nation wrestles with swelling numbers of undocumented immigrants. Public figures fan the flames and advance their careers by spewing anti-immigration rhetoric. In death, Lucero became a symbol of everything that was wrong with our broken immigration system: fewer opportunities to obtain travel visas to the United States, porous borders, a growing dependency on cheap labor, and the rise of bigotry. Drawing on firsthand interviews and on-the-ground reporting, journalist Mirta Ojito has crafted an unflinching portrait of one community struggling to reconcile the hate and fear underlying the idyllic veneer of their all-American town. With a strong commitment to telling all sides of the story, Ojito unravels the engrossing narrative with objectivity and insight, providing an invaluable look at one of America's most pressing issues. "Reminds us how we might think of each other and how we treat all of our neighbors, whether or not they look like us. This is our human story."—Wes Moore, author of *The Other Wes Moore*

Reconstructing Public Housing unearths Liverpool's hidden history of radical alternatives to municipal housing development and builds a vision of how we might reconstruct public housing on more democratic and cooperative foundations. In this critical social history, Matthew Thompson brings to light how and why this remarkable city became host to two pioneering social movements in collective housing and urban regeneration experimentation. In the 1970s, Liverpool produced one of Britain's largest, most democratic and socially innovative housing co-op movements, including the country's first new-build co-op to be designed, developed and owned by its member-residents. Four decades later, in some of the very same neighbourhoods, several campaigns for urban community land trusts are growing from the grassroots - including the first ever architectural or housing project to be nominated for and win, in 2015, the artworld's coveted Turner Prize. Thompson traces the connections between these movements; how they were shaped by, and in turn transformed, the politics, economics, culture and urbanism of Liverpool. Drawing on theories of capitalism and cooperativism, property and commons, institutional change and urban transformation, Thompson reconsiders Engels' housing question, reflecting on how collective alternatives work in, against and beyond the state and capital, in often surprising and contradictory ways.

In a humorous, charmingly wise novel perfect for fans of Fredrik Backman and T.J. Klune, the forced retirement of a shy, closeted postman in northern England creates the opportunity for him to track down his lost love, embrace his true self, connect with his community, and finally experience his life's great adventure... "This rollicking romance entrapped me! True in its detail and its scope, it is amusing yet heart-breaking." --Ian McKellen *Albert Entwistle* is a private man with a quiet, simple life in his northern England village. He lives alone with his cat Gracie. And he's a postman. At least he was a postman until, three months before his sixty-fifth birthday, he receives a letter from the Royal Mail thanking him for decades of service and stating he is being forced into retirement. At once, Albert's sole connection with his world unravels. Every day as a mail carrier, he would make his way through the streets of his small English town, delivering letters and parcels and returning greetings with a quick wave and a "how do?" Without the work that fills his days, what will be the point? He has no friends, family, or hobbies--just a past he never speaks of, and a lost love that fills him with regret. And so, rather than continue his lonely existence, Albert forms a brave plan to start truly living. It's finally time to be honest about who he is. To seek the happiness he's always denied himself. And to find the courage to look for George, the man that, many years ago, he loved and lost--but has

never forgotten. As he does, something extraordinary happens. Albert finds unlikely allies, new friends, and proves it's never too late to live, to hope, and to love. A Note from Matt Cain, the author of *The Secret Life of Albert Entwistle* "One of the things that inspired me to write this novel was all the joy I felt at seeing gay men like myself being embraced by British society. I think you'd be hard-pushed to find any other minority community in the UK that was as hated, feared and vilified as gay men were fifty years ago and is now as widely celebrated and loved. Acceptance of gay men has become a touchstone of British values within less than a decade, something that even the most optimistic commentators couldn't have predicted. I wanted to write a book that would celebrate this. And I sincerely hope *The Secret Life of Albert Entwistle* makes its readers feel good about themselves and the part they've played in bringing about this extraordinary social shift." --Matt Cain *The Real Valkyrie* Penguin
