"Wonderful, compulsively readable, delicious" personal correspondences, spanning decades in

the life and literary career of the author of Lolita (The Washington Post Book World). An icon of twentieth-century literature, Vladimir Nabokov was a novelist, poet, and playwright, whose personal life was a fascinating story in itself. This collection of more than four hundred letters chronicles the author's career, recording his

struggles in the publishing world, the battles over Lolita, and his relationship with his wife, among other subjects, and gives a surprising look at the personality behind the creator of such classics as Pale Fire and Invitation of a Small Creature.

<p>The Routledge Companion to Remix Studies comprises contemporary texts by key authors and artists who are active in the emerging field of remix studies. As an organic international movement, remix culture originated in the popular music culture of the 1970s, and has since grown into a rich cultural activity encompassing numerous forms of media. The act of recombining pre-existing material brings up pressing questions of authenticity,</p>	<p>reception, authorship, copyright, and the techno-politics of media activism. This book approaches remix studies from various angles, including sections on history, aesthetics, ethics, politics, and practice, and presents theoretical chapters alongside case studies of remix projects. The Routledge Companion to Remix Studies is a valuable resource for both researchers and remix practitioners, as well as a teaching tool for instructors</p>	<p>using remix practices in the classroom. Phototaxis Peter Lang The nineteen stories contained herein, all beautifully translated for the first time into English by Sue Boswell, combine work published by Marcel Schwob (1867-1905) in newspapers together with manuscripts never published in his lifetime. From historical pieces, such as "Poupa", an early unfinished novel which takes place in ancient Rome, to horrific tales, such as "The Hand of Glory" and "The Maison</p>

Close", and others, throws new light on the radical singularity of their writing. Phenomenology, Modernism and Beyond Routledge London, 1902. A string of murders committed by a killer dubbed 'The Deptford Strangler' has the police mystified. The victims seem to have nothing in common, and the crimes appear random and motiveless. Meanwhile, retired Inspector Brough and his

nephew, Nicholas Calvin, researching a book on the history of murder, unearth a series of killings committed in Rogano, Italy in 1454 identical in pattern to the present-day crimes. What possible connection could there be between these horrific events separated by almost 450 years? Brough and Calvin are determined to find out--but they are not

prepared for the terrible truth they will uncover. Originally published in 1979, Requiem at Rogano was the only novel by Stephen Knight (1951-1985), best known for a nonfiction bestseller that promised the 'final solution' in the case of Jack the Ripper. This new edition of Knight's novel, a page-turning supernatural thriller whose plot twists will keep readers enthralled,

features an introduction by Bernard Taylor. "A superlative thriller ... I have not had such a good weekend with a thriller for years ... I recommend this to all who enjoy literate crime fiction." - Martin Seymour-Smith, Financial Times "A confident debut." - The Guardian "Ingenious." - The Observer Imaginary Lives New York Review of Books

Portrays the cultural bohemia of turn-of-the-century Paris who carried the arts into a period of renewal and accomplishment, who laid the ground-work for Dadaism and Surrealism. Double Heart The Book of Monelle" The Book of Monelle" was the result of Schwob's intense emotional suffering over the loss of his love, a "girl of the streets" named Louise, whom he had befriended in

1891 and who succumbed to tuberculosis two years later. Transforming her into the innocent prophet of destruction, Monelle, Schwob tells the stories of her various sisters: girls succumbing to disillusionment, caught between the misleading world of childlike fantasy and the bitter world of reality. Imaginar y Lives All That Man Is A Novel First published in French in 1983, The	Cathedral of Mistis a collection of stories from the last of the great Francophone Belgian fantasists: distilled tales of distant journeys, buried memories and impossible architecture. Described here are the emotionally disturbed architectural plan for a palace of emptiness; the experience of snowfall in a bed in the middle of a	Finnish forest; the memory chambers that fuel the marvelous futility of the endeavor to write; the beautiful woodland church, built of warm air currents and fog, scattering in storms and taking renewed shape at dusk, that gives this book its title. stirrings of modernism to contemporary poetics, the modernist aesthetic project could be described as a form of phenomenological reduction that attempts to return to the invisible and unsayable foundations of human perception and expression, prior to objective points of view and scientific notions. It is this aspect of modernism that this book brings to the

fore. The essays presented here bring into focus the contemporary face of ongoing debates about phenomenology and modernism. The contributors forcefully underline the intertwining of modernism and phenomenology and the extent to which the latter offers a clue to the former. The book presents the viewpoints of a range of internationally distinguished critics and

scholars, with diverse but closely related essays covering a wide range of fields, including literature, architecture, philosophy and musicology. The collection addresses critical questions regarding the relationship between phenomenology and modernism, with reference to thinkers such as Edmund Husserl, Maurice Merleau-Ponty, Martin

Heidegger, Michel Henry and Paul Ricoeur. By examining the contemporary philosophical debates, this cross-disciplinary body of research reveals the pervasive and far-reaching influence of phenomenology, which emerges as a heuristic method to articulate modernist aesthetic concerns. Named one of NPR's Best Books of 2017 Written during the height of the 1970s Italian domestic terror, a cult novel, with distinct echoes of Lovecraft and Borges, makes its English-language debut. In the spare wing of a church-run sanatorium, some zealous youths create "the Library," a space where lonely citizens can read one another's personal diaries and connect with like-minded souls in "dialogues across the ether." But when

their scribblings devolve into the ugliest confessions of the macabre, the Library's users learn too late that a malicious force has consumed their privacy and their sanity. As the city of Turin suffers a twenty-day "phenomenon of collective psychosis" culminating in nightly massacres that hundreds of witnesses cannot explain, the Library is shut down and erased from history. That is, until a lonely salaryman

decides to investigate these mysterious events, which the citizenry of Turin fear to mention. Inevitably drawn into the city's occult netherworld, he unearths the stuff of modern nightmares: what's shared can never be unshared. An allegory inspired by the grisly neo-fascist campaigns of its day, *The Twenty Days of Turin* has enjoyed a fervent cult following in Italy for forty years. Now, in a fretful new age of "lone-wolf" terrorism fueled by social media, we can find uncanny resonances in Giorgio De Maria's vision of mass fear: a mute, palpitating dread that seeps into every moment of daily existence. With its stunning anticipation of the Internet—and the apocalyptic repercussions of bleak, prescient story is more disturbingly pertinent than ever. Brilliantly translated into English for the first time by Ramon Glazov, *The Twenty Days of Turin* establishes De Maria's place among the literary ranks of Italo Calvino and beside classic horror masters such as Edgar Allan Poe and H. P. Lovecraft. Hauntingly imaginative, with visceral prose that chills to the marrow, the novel is an eerily clairvoyant magnum opus, long overdue but ever timely. The Children's Crusade City Lights Books An act of trespass, the subtle topology of an opulent hotel, a lengthy

composition involving an exiled abbess, a letter mailed to an unknown recipient, a border station concealed by inexplicable winds, an antiquated electronic game, a rite of passage modulated by a metronome, a Gnostic heresy, a ruined church, an employee engaged in illicit acts of passion: by these and several other devices do the daughters of apostasy seek

to irritate the vessels of the earth. Strange wine may be distilled thereby, and thus might the obsessive aspirant perceive the tenets of a hidden doctrine. In these five stories and novellas, the intrigues and stratagems of interlopers, initiates, poets, and bibliophiles are revealed in all their illicit splendor. By way of complex and labyrinthine routes do they

come to obtain impossible relics not known even among the kings of the earth.

Translated from the Spanish by Kit Schluter. Jaime Saenz was born in 1921 in La Paz, Bolivia, the city where he was to spend his days until his passing in 1986. Poete maudit in letters and life, Saenz was rumored to have stolen a limb from a corpse at the university

morgue, and to have brought a panther home to his wife on their wedding day. He lived nocturnally, excoriating the false divisions of body and language, debauchery and exaltation, and life and death in his many novels, plays, and poems. It was around his now notorious, magical Krupp Workshops that a whole generation of young La Pazian poets burgeoned, and his body of work was the first Bolivian, and among the first

Latin American, to openly explore the bisexual experience. Kit Schluter's translation of *THE COLD*, presented here bilingually and introduced by Forrest Gander, brings this long-awaited poem from 1967 into English for the first time, and is followed by the translator's reflections on translation, cheating death with language, and Jaime Saenz himself." And the light fabrics stretched over the heads of the women portrayed eternally gracious faces animated by an artificial smile. But the king's golden mask was majestic, noble and truly royal."

inhabitant in the city. In *Cruise of Shadows*, Jean Ray began to fully explore the trappings of the ghost story to produce a new brand of horror tale: one that described the lineaments of a universe adjacent to this one, in which objects sweat hatred and fear, and where the individual must face the unknown in utter isolation. First published in 1931, two years after he served his prison sentence for embezzling funds for his literary

<p>magazine, Ray's second story collection failed to find the success of his first one, Whiskey Tales, but has emerged over the years as a key publication in the Belgian School of the Strange. It has remained unavailable in its integral form even in French until recently, however, though it contains some of Ray's most anthologized and celebrated stories, including two of his best known, "The Mainz Psalter" and "The Shadowy Alley." This is the</p>	<p>book's first English translation, and the second of the volumes of Ray's books to be published by Wakefield Press. Alternately referred to as the "Belgian Poe" and the "Flemish Jack London," Jean Ray (1887-1964) delivered tales of horror under the stylistic influence of his most cherished authors, Charles Dickens and Geoffrey Chaucer. A pivotal figure in what has come to be known as the "Belgian School of the Strange," Ray</p>	<p>authored some 6,500 texts in his lifetime. the ostensibly separate narratives of *All That Man Is* aggregate into a picture of a single shared existence, a picture that interrogates the state of modern manhood while bringing to life, unforgettably, the physical and emotional terrain of an increasingly globalized Europe. And so these nine lives form an ingenious and new kind of novel, in which David Szalay expertly plots a dark predicament for the twenty-first-century man. Dark and disturbing, but also often wickedly and uproariously comic, *All That Man Is* is notable for the acute psychological penetration Szalay brings to bear on his characters, from the working-class ex-grunt to the pompous college student, the middle-aged loser to the Russian oligarch. Steadily and mercilessly, as this brilliantly conceived book progresses, the protagonist at the center of each chapter is older than the last one, it gets colder out, and *All That Man Is* gathers exquisite power. Szalay is a writer of supreme gifts--a master of a new kind of realism that vibrates with detail, intelligence, relevance, and devastating pathos.
