Marcel Schwob will not be forgotten; and his influence on other more famous writers is obvious.

The Book of Monelle is literature of the highest caliber and craft, the sort of work which makes another writer jealous he had not conceived such words, images and stories himself. It is works such as this that make French literature so well regarded.

On a rainy evening in early 1893, Marcel Schwob, the passive scholar whose childhood was spent in dimly lit rooms amidst dust and daydreams and, according to Meloney, who had until this fortuitous night “ lived solely in the realm of ideas and abstractions ” met Louise, a tubercular working class girl and prostitute living in the Parisian slums.
