The Book of Mormon Made Easier Study Guide - Parts 1, 2, and 3 Cedar Fort

This book is a collection of more than 175 visual aids that promote deeper understanding and appreciation of the Book of Mormon. Designed for multiple use as study guides, handouts, and masters for creating projectable images, the charts convey a wealth of information that will enrich personal study and teaching. Arranged in 15 sections, these charts consist of tables, diagrams,

chronologies, flowcharts, bar graphs, pie charts, maps, and other effective schematics that represent Book of Mormon data in new and thought-provoking ways. General topics range from the history, doctrine, structure, and chronology of the Book of Mormon to its literary, cultural, and geographical features. Many charts highlight evidences for the authenticity of the record. Each chart is explained in a manner that will facilitate personal study and guide a teacher in what might be said when displaying the chart for group instruction or discussion.

Scripture Study Made Simple Essays on Mormonism Series

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the “doctrine of life and salvation for all the honest-in-heart” (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened “within them a desire to know and understand the things of God more than they ever did before in their lives” and will begin to “inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness” (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of

God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections— “Teachings of Brigham Young” and “Suggestions for Study.” The first section consists of extracts from Brigham Young’s sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young’s teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young’s teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to

follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the "Lion of the Lord" (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

The Book of Mormon for Latter-Day Saint Families
Princeton University Press

Noted teacher and gospel scholar David J. Ridges brings the books of Moses and Abraham, in the Pearl of Great Price, and the book of Genesis, in the Bible, to life with his well-known teaching skills. As with his other books in the Gospel Studies Series, the full text of the scripture is included. In-the-verse notes provide a highly effective, unique teaching tool. Notes between the verses provide additional insights and teach principles and doctrines. Join the tens of thousands of readers who have experienced spiritual growth from reading and pondering the books in this series. A Powerful Study Guide Quickly gain a basic understanding of Moses, Abraham, and Genesis with the help of brief notes within and between the verses, accompanied by bolding for teaching emphasis. Example: Genesis 15:5-6, "And he [Jehovah] brought him [Abraham] forth abroad, and said, Look now toward heaven and tell the stars [try counting the stars], if thou be able to number them [if you can count them]: and he said unto him, So shall thy seed be [you will get an idea of how much posterity you will have]. Transfer these brief notes into your own scriptures to increase your understanding now and in the future. A Quick Reference Quickly get help for a specific verse or chapter. Review for a lesson, talk, or family night discussion.

Joseph Smith and the Origins of The Book of Mormon, 2d ed. Cedar Fort

Mark Twain once derided the Book of Mormon as "chloroform in print." Long and complicated, written in the language of the King James version of the Bible, it boggles the minds of many. Yet it is unquestionably one

of the most influential books ever written. With over 140 million copies in print, it is a central text of one of the largest and fastest-growing faiths in the world. And, Grant Hardy shows, it's far from the coma-inducing doorstop caricatured by Twain. In *Understanding the Book of Mormon*, Hardy offers the first comprehensive analysis of the work's narrative structure in its 180-year history. Unlike virtually all other recent world scriptures, the Book of Mormon presents itself as an integrated narrative rather than a series of doctrinal expositions, moral injunctions, or devotional hymns. Hardy takes readers through its characters, events, and ideas, as he explores the story and its messages. He identifies the book's literary techniques, such as characterization, embedded documents, allusions, and parallel narratives. Whether Joseph Smith is regarded as author or translator, it's noteworthy that he never speaks in his own voice; rather, he mediates nearly everything through the narrators Nephi, Mormon, and Moroni. Hardy shows how each has a distinctive voice, and all are woven into an integral whole. As with any scripture, the contending views of the Book of Mormon can seem irreconcilable. For believers, it is an actual historical document, transmitted from ancient America. For nonbelievers, it is the work of a nineteenth-century farmer from upstate New York. Hardy transcends this intractable conflict by offering a literary approach, one appropriate to both history and fiction. Regardless of whether readers are interested in American history, literature, comparative religion, or even salvation, he writes, the book can best be read if we examine the text on its own terms.

American Apocrypha Gospel Studies

Although one of the fastest growing religious movements in the world, the Church of Jesus Christ of Latter-day Saints remains a mystery in terms of its core beliefs and theological structure. This timely book provides an important introduction to the basic history, doctrines and practices of The LDS--the "Mormon" Church. Emphasizing sacred texts and prophecies as well as the crucial Temple rituals of endowments, marriage and baptism, it is written by a non-believer, who describes Mormonism in ways that non-Mormons can

understand.

The Pilgrim's Progress Cedar Fort

In the preceding pages, I have tried to show how a historical-critical view of the Book of Mormon illuminates some of its more interesting problems. Many questions remain, and many problems have yet to be discovered and analyzed. I myself have questions about the Book of Mormon's origins that I cannot yet answer. However, that fact does not diminish the certainty of my conclusion that the Book of Mormon is a modern text."

Scripture Study Foundation for Ancient Research & Noted gospel scholar, David J. Ridges, brings Isaiah's teachings alive in *Isaiah Made Easier*. Isaiah's symbolism and literary imagery is explained in simple terms, turning this precious but often difficult-to-understand book of scripture into a treasury of truth.

The Story of the Book of Mormon CFI

Cultivate your love for the scriptures and deepen your knowledge with the help of a scripture study process compiled by James E. Faulconer. Rich scripture study is facilitated by tools and techniques that help us focus on what the scriptures can teach us. This study aid offers pointers and suggestions that will familiarize beginning students of the scriptures with the many resources available to them, as well as help more experienced students improve the overall effectiveness of their scripture study. In this fascinating book, James Faulconer discusses a helpful method and the purpose of outlining, an in-depth method of cross-referencing, how to ask cogent and thought-provoking questions about the scriptures, the benefits of using dictionaries and concordances, the relation between words and ideas apparent through rhetorical studies, and using the

valuable reference tools in the LDS edition of the scriptures.

Book of Mormon Made Easier McFarland

This 1888 classic by LDS General Authority Elder George Reynolds is considered the first commentary on the Book of Mormon. It is also a retelling of its stories in a way accessible to everyone. The love he had for that book of scripture, and the inspiration he received from it and expressed within the pages of this book continues to inspire modern readers.

The Book of Mormon Made Easier, Part 1 Shadow Mountain

Now in paperback, this corrected text is based on the earliest sources and represents the most accurate and readable edition of the Book of Mormon ever published "The product of over two decades of painstaking labor by Royal Skousen . . . this Yale edition aims to take us back to the text Smith envisioned as he translated, according to the faithful, from golden plates that he unearthed in upstate New York."--Stephen Prothero, Wall Street Journal "Will forever change the way Latter-day Saints approach modern scripture. Two hundred years from now... students of the Book of Mormon will still be poring over Skousen's work. What he has accomplished is nothing short of phenomenal."--Grant Hardy, Journal of Book of Mormon Studies First published in 1830, the Book of Mormon is the authoritative scripture of the Church of Jesus Christ of Latter-day Saints. Over the past thirty years, editor Royal Skousen has pored over Joseph Smith's original manuscripts and earliest editions and identified about 2,250 textual errors, although many of these discrepancies stem from inadvertent errors in copying and typesetting the text. The first edition of The Book of Mormon: The Earliest Text, published in 2009 to critical acclaim, contained over 600 corrections that had never before appeared in any standard edition of the Book of Mormon, with about 250 of them affecting the text's meaning. This revised, second edition, issued in paperback, includes additional corrections as well as an illuminating new introduction by Royal Skousen. It will provide a portable, accessible version of this important text.

The Mister Neal A. Maxwell Institute for Religious Scholarship

OUR DEAR YOUNG MEN AND YOUNG WOMEN, we have great confidence in you. You are beloved sons and daughters of God and He is mindful of you. You have come to earth at a time of great opportunities and also of great challenges. The standards in this booklet will help you with the important choices you are making now and

will yet make in the future. We promise that as you keep the covenants you have made and these standards, you will be blessed with the companionship of the Holy Ghost, your faith and testimony will grow stronger, and you will enjoy increasing happiness.

The Book of Mormon CFI

Just as a growing interest in millennialism at the turn of this century has rejuvenated religious debate and questions concerning the fate of the world, so did Mormonism develop from millennial enthusiasm early in the nineteenth century. Joseph Smith, the founder of Mormonism, and a provocative, even controversial figure in history, declared that he had been given the authority to restore the true church in the latter days. The primary source of Smith's latter-day revelation is The Book of Mormon, and to fully understand his role as the founder of the Mormon faith, one must also understand The Book of Mormon and how it came to be.

Unfortunately, the literature about Joseph Smith and The Book of Mormon is permeated with contradiction and controversy. In the first edition of this impressive work, David Persuitte provided a significant amount of revealing biographical information about Smith that resolved many of the controversies concerning his character. He also presented an extensive comparative analysis positing that the probable conceptual source for The Book of Mormon was a book entitled View of the Hebrews; or the Tribes of Israel in America, which was written by an early New England minister named Ethan Smith. Now in an expanded and revised second edition incorporating many new findings relating to the origin of The Book of Mormon, Mr. Persuitte's book continues to shed much new light on the path Joseph Smith took toward founding the Church of Jesus Christ of Latter-day Saints.
