In *The Women I Think About at Night*, Mia Kankimäki blends travelogue, memoir, and biography as she recounts her enchanting travels in Japan, Kenya, and Italy while retracing the steps of ten remarkable female pioneers from history. What can a forty-something childless woman do? Bored with her life and feeling stuck, Mia Kankimäki leaves her job, sells her apartment, and decides to travel the world, following the paths of the female explorers and artists from history who have long inspired her. She flies to Tanzania and then to Kenya to see where Karen Blixen—of *Out of Africa*—fame lived in the 1920s. In Japan, Mia attempts to cure her depression while researching Yayoi Kusama, the contemporary artist who has voluntarily lived in a psychiatric hospital for decades. In Italy, Mia spends her days looking for the works of forgotten Renaissance women painters of the Uffizi Gallery in Florence, and finally finds her heroines in the portraits of Sofonisba Anguissola, Lavinia Fontana, and Artemisia Gentileschi. If these women could make it in the world hundreds of years ago, why can't Mia? *The Women I Think About at Night* is part travelogue and part thrilling exploration of the lost women adventurers of history who defied expectations in order to see—and change—the world.

WASHINGTON POST, AMAZON, NPR, CBS SUNDAY MORNING, KIRKUS, CHICAGO PUBLIC LIBRARY, AND GOOD HOUSEKEEPING BEST BOOK OF 2020 Based on the extraordinary life of National Book Award-winning author Louise Erdrich's grandfather who worked as a night watchman and carried the fight against Native dispossession from rural North Dakota all the way to Washington, D.C., this powerful novel explores themes of love and death with lightness and gravity and unfolds with the elegant prose, sly humor, and depth of feeling of a master craftsman. Thomas Wazhashk is the night watchman at the jewel bearing plant, the first factory located near the Turtle Mountain Reservation in rural North Dakota. He is also a Chippewa Council member who is trying to understand the consequences of a new "emancipation" bill on its way to the floor of the United States Congress. It is 1953 and he and the other council members know the bill isn't about freedom; Congress is fed up with Indians. The bill is a "termination" that threatens the rights of Native Americans to their land and their very identity. How can the government abandon treaties made in good faith with Native Americans "for as long as the grasses shall grow, and the rivers run"? Since graduating high school, Pixie Paranteau has insisted that everyone call her Patrice. Unlike most of the girls on the reservation, Patrice, the class valedictorian, has no desire to wear herself down with a husband and kids. She makes jewel bearings at the plant, a job that barely pays her enough to support her mother and brother. Patrice's shameful alcoholic father returns home sporadically to terrorize his wife and children and bully her for money. But Patrice needs every penny to follow her beloved older sister, Vera, who moved to the big city of Minneapolis. Vera may have disappeared; she hasn't been in touch in months, and is rumored to have had a baby. Determined to find Vera and her child, Patrice makes a fateful trip to Minnesota that introduces her to unexpected forms of exploitation and violence, and endangers her life. Thomas and Patrice live in this impoverished reservation community along with young Chippewa boxer Wood Mountain and his mother Juggie Blue, her niece and Patrice's best friend Valentine, and Stack Barnes, the white high school math teacher and boxing coach who is hopelessly in love with Patrice. In *The Night Watchman*, Louise Erdrich creates a fictional world populated with memorable characters who are forced to grapple with the worst and best impulses of human nature. Illuminating the loves and lives, the desires and ambitions of these characters with compassion, wit, and intelligence, *The Night Watchman* is a majestic work of fiction from this revered cultural treasure.

In a fusion of fact and fiction, nineteenth-century women institutionalized as hysterics reveal what history ignored "City of Incurable Women is a brilliant exploration of the type of female bodily and psychic pain once commonly diagnosed as hysteria—and the curiously hysterical response to it commonly exhibited by medical men. It is a novel of powerful originality, riveting historical interest, and haunting lyrical beauty." —Sigrid

Nunez, author of *The Friend and What Are You Going Through* "Where are the hysterics, those magnificent women of former times?" wrote Jacques Lacan. Long history's ghosts, marginalized and dispossessed due to their gender and class, they are reimagined by Maud Casey as complex, flesh-and-blood people with stories to tell. These linked, evocative prose portraits, accompanied by period photographs and medical documents both authentic and invented, poignantly restore the humanity to the nineteenth-century female psychiatric patients confined in Paris's Salpêtrière hospital and reduced to specimens for study by the celebrated neurologist Jean-Martin Charcot and his male colleagues. Maud Casey is the author of five books of fiction, including *The Man Who Walked Away*, and a work of nonfiction, *The Art of Mystery: The Search for Questions*. A Guggenheim Fellow and recipient of the St. Francis College Literary Prize, she teaches at the University of Maryland.

The Night Women, as they call themselves, have long been plotting a slave revolt, and as Liliith comes of age they see her as the key to their plans. But when she begins to understand her own feelings, desires, and identity, Liliith starts to push at the edges of what is imaginable for the life of a slave woman, and risks becoming the conspiracy's weak link. But the real revelation of the book-the secret to the stirring imagery and insistent prose-is Marlon James himself, a young writer at once breathtakingly daring and wholly in command of his craft.

Winner of the 2015 Man Booker Prize One of Entertainment Weekly's Top 10 Books of the Decade One of the Top 10 Books of 2014 — Michiko Kakutani, The New York Times A “ thrilling, ambitious . . . intense ” (Los Angeles Times) novel that explores the attempted assassination of Bob Marley in the late 1970s, from the author of *Black Leopard, Red Wolf* In *A Brief History of Seven Killings*, Marlon James combines brilliant storytelling with his unrivaled skills of characterization and meticulous eye for detail to forge an enthralling novel of dazzling ambition and scope. On December 3, 1976, just before the Jamaican general election and two days before Bob Marley was to play the Smile Jamaica Concert to ease political tensions in Kingston, seven gunmen stormed the singer ' s house, machine guns blazing. The attack wounded Marley, his wife, and his manager, and injured several others. Little was officially released about the gunmen, but much has been whispered, gossiped and sung about in the streets of West Kingston. Rumors abound regarding the assassins ' fates, and there are suspicions that the attack was politically motivated. *A Brief History of Seven Killings* delves deep into that dangerous and unstable time in Jamaica ' s history and beyond. James deftly chronicles the lives of a host of unforgettable characters — gunmen, drug dealers, one-night stands, CIA agents, even ghosts — over the course of thirty years as they roam the streets of 1970s Kingston, dominate the crack houses of 1980s New York, and ultimately reemerge into the radically altered Jamaica of the 1990s. Along the way, they learn that evil does indeed cast long shadows, that justice and retribution are inextricably linked, and that no one can truly escape his fate. Gripping and inventive, shocking and irresistible, *A Brief History of Seven Killings* is a mesmerizing modern classic of power, mystery, and insight.
