LEGO Star Wars the Dark Side
Lucas Books

In this essential Star Wars Legends novel, the second in the Darth Bane trilogy, the fearsome Sith lord takes on a deadly new apprentice. Darth Bane's twisted genius made him a natural leader among the Sith – until his radical embrace

of an all-but-forgotten wisdom drove him to destroy his own order . . . and create it anew from the ashes. As the last surviving Sith, Darth Bane promulgated a harsh new directive: the Rule of Two. Two there should be; no more, no less. One to embody the power, the other to crave it. Now Darth Bane is ready to put his policy into action and thinks he has found the key element that will make his triumph complete: a student to train in the ways of the dark side. Though she is young, Zannah possesses an instinctive link to the dark side that rivals his own. With his guidance, she will become essential in his quest to destroy the Jedi and

dominate the galaxy.

The black-and-red

secrets within are
revealed—the Book of
Sith slides into view.
The Sith have existed
in the galaxy for
centuries, lurking,
waiting for their
chance to seize
control. As various
Sith Lords emerged and
rose to power, they
recorded their
thoughts, exploits, and
plots for Sith control
of the galaxy. When
they fell, their
knowledge vanished with
them forever. Or so it

seemed. . . . Over the years, these writings were passed among numerous Sith and Jedi, who added their comments to the pages. In his quest for domination, Darth Sidious tracked down what remained of five pivotal Sith texts written by his most powerful predecessors. Then, drawing on the knowledge within the compiled pages, he wrote a sixth text—his own manifesto. Together, these documents, along with several collected objects associated with them, shed light on the philosophy, achievements, and failures of the Sith Order. For years, this collection remained hidden, existing as legend only. But now all who are tempted may unlock the Book of Sith and delve into the dark side. . . . From the creators of The Jedi Path, in collaboration with Lucasfilm, Book of Sith reveals the mystery and madness of the dark side—while introducing new characters, history, as well as sinister insights into what it means to be a Sith Master. Recovered dark side texts: • A chronicle by Sorzus Syn of her encounters with Sith Purebloods, explorations in alchemy, and the foundations of the Sith Order. • A war journal kept by Darth Malgus during the Great Galactic War, describing methods of war and the campaigns of the Sith army. • A source book by Darth Bane that details the idea and the philosophy
