Virtues of Friendship and Loyalty Thomas Nelson

William Bennett's classic collections have become directional guides for the morality of today's family. This anthology of character building stories from history, the Bible, mythology, poetry, and modern fiction inspires families to contemplate and discuss the qualities of leadership.

Moral Compass Simon and Schuster

WHAT IT MEANS TO BE A MAN Raising up men has never been easy, but today it seems particularly tough.

The young and old need heroes to embody the eternal qualities of manhood: honor, duty, valor, and integrity.

In *The Book of Man*, William J. Bennett points the way, offering a positive, encouraging, uplifting, realizable idea of manhood, redolent of history and human nature, and practical for contemporary life. Using profiles, stories, letters, poems, essays, historical vignettes, and myths to bring his subject to life, *The Book of Man* defines what a man should be, how he should live, and to what he should aspire in several key areas of life: war, work, leisure, and more. "Whether we take up the sword, the plow, the ball, the gavel, our children, or our Bibles," says Bennett, "we must always do it like the men we are called to be." *The Book of Man* shows how.

The Seven Deadly Virtues Templeton Foundation Press

Originally published in 1991, this book focuses on the concept of virtue, and in particular on the virtue of wisdom or knowledge, as it is found in the epic poems of Homer, some tragedies of Sophocles, selected writings of Plato, Aristotle, and the Stoic and Epicurean philosophers. The key questions discussed are the nature of the virtues, their relation to each other, and the relation between the virtues and happiness or well-being. This book provides the background and interpretative framework to make classical works on Ethics, such as Plato's *Republic* and Aristotle's *Nicomachean Ethics*, accessible to readers with no training in the classics.

The Children's Book of America Thomas Nelson Publishers

Presents stories of significant events and people in American history, patriotic songs, and American folk tales and poems.

Lincoln's Virtues Simon and Schuster

Towards Justice and Virtue challenges the rivalry between those who advocate only abstract, universal principles of justice and those who commend only the particularities of virtuous lives.

Onora O'Neill traces this impasse to defects in underlying conceptions of reasoning about action. She proposes and vindicates a modest account of ethical reasoning and a reasoned way of answering the question 'who counts?', then uses these to construct linked accounts of principles by which we can move towards just institutions and virtuous lives.

The Children's Book Simon and Schuster

A collection of stories and poems presented to teach virtues, including compassion, courage, honesty, friendship, and faith.

The Book of Virtues Routledge

The stories, songs, letters, and speeches collected in *Our Sacred Honor* are an inspiring celebration of American exceptionalism, produced by a collection of exceptional Americans.

The Book of Virtue University of Illinois Press

With his hated father dead, a man's life takes a dangerous turn. He doesn't cry when his father, Frank, dies. The old man was an abusive, self-absorbed drunk, and when cancer takes him to his deathbed, his son is there to watch. At Frank's final moment he leans over and whispers in his ear, letting the dying man know that he's glad to see him go. His only inheritance is a heavy, leather-bound book. He has never seen it before, and has trouble believing that his brutal, ignorant father ever touched something so beautiful. But the volume is well-thumbed, full of aphorisms and advice written in the dead man's hand. Soon after he reads it, the son finds his life spiraling out of control. If he doesn't want to follow Daddy to the grave, he had best heed the lessons of the book. *The Bibliomysteries* are a series of short tales about deadly books, by top mystery authors.

Power to Hurt Macmillan

This anthology of character-building stories from history, the Bible, mythology, poetry, and modern

fiction will inspire readers to cherish the strength, security and joy of faithful friendship.

Towards Justice and Virtue Simon and Schuster

An all-star team of eighteen conservative writers offers a hilarious, insightful, sanctimony-free remix of William Bennett's *The Book of Virtues*—without parental controls. *The Seven Deadly Virtues* sits down next to readers at the bar, buys them a drink, and an hour or three later, ushers them into the revival tent without them even realizing it. The book's contributors include Sonny Bunch, Christopher Buckley, David "Iowahawk" Burge, Christopher Caldwell, Andrew Ferguson, Jonah Goldberg, Michael Graham, Mollie Hemingway, Rita Koganzon, Matt Labash, James Lileks, Rob Long, Larry Miller, P. J. O'Rourke, Joe Queenan, Christine Rosen, and Andrew Stiles. Jonathan V. Last, senior writer at the *Weekly Standard*, editor of the collection, is also a contributor. All eighteen essays in this book are appearing for the first time anywhere. In the book's opening essay, P. J. O'Rourke observes:

"Virtue has by no means disappeared. It's as much in public view as ever. But it's been strung up by the heels. Virtue is upside down. Virtue is uncomfortable. Virtue looks ridiculous. All the change and the house keys are falling out of Virtue's pants pockets." Here are the virtues everyone (including the book's contributors) was taught in Sunday school but have totally forgotten about until this very moment. In this sanctimony-free zone: • Joe Queenan observes: "In essence, thrift is a virtue that resembles being very good at Mahjong. You've heard about people who can do it, but you've never actually met any of them." • P. J. O'Rourke notes: "Fortitude is quaint. We praise the greatest generation for having it, but they had aluminum siding, church on Sunday, and jobs that required them to wear neckties or nylons (but never at the same time). We don't want those either." • Christine Rosen writes: "A fellowship grounded in sociality means enjoying the company of those with whom you actually share physical space rather than those with whom you regularly and enthusiastically exchange cat videos." • Rob Long offers his version of modern day justice: if you sleep late on the weekend, you are forced to wait thirty minutes in line at Costco. • Jonah Goldberg offers: "There was a time when this desire-to-do-good-in-all-things was considered the only kind of integrity: 'Angels are better than mortals. They're always certain about what is right because, by definition, they're doing God's will.' Gabriel knew when it was okay to remove a mattress tag and Sandalphon always tipped the correct amount." • Sonny Bunch dissects forbearance, observing that the fictional *Two Minutes Hate* of George Orwell's 1984 is now actually a reality directed at living, breathing people. Thanks, in part, to the Internet, "Its targets are designated by a spontaneously created mob—one that, due to its hive-mind nature—is virtually impossible to call off." By the time readers have completed *The Seven Deadly Virtues*, they won't even realize that they've just been catechized into an entirely different—and better—moral universe.

The Warrior's Book of Virtues John Wiley & Sons

Drawing on thinkers from Aristotle to Simone Weil, by way of Aquinas, Kant, Rilke, Nietzsche, Spinoza, and Rawls, among others, Comte-Sponville elaborates on the qualities that constitute the essence and excellence of humankind.

Our Country's Founders Harmony

Former president Jimmy Carter reflects on aging, blending memoir, anecdote, political savvy, and practical advice to truly illuminate the rich promises of growing older. "As we've grown older, the results have been surprisingly good," writes former president Jimmy Carter in this wise, deeply personal meditation on the new experiences that come to us with age. President Carter had never enjoyed more prestige or influence on the world stage, nor had he ever felt more profound happiness with himself, with his accomplishments, and with his beloved wife, Rosalynn, than in his golden years. In *The Virtues of Aging*, Jimmy Carter shares the knowledge and the pleasures that age have brought him. The approach to old age was not an easy one for President Carter. At fifty-six, having lost a presidential election, he found himself involuntarily retired from a job he loved and facing a large debt on his farm and warehouse business. President Carter writes movingly here of how he and Rosalynn overcame their despair and disappointment as together they met the challenges ahead. President Carter delves into issues he and millions of others confront in planning for retirement, undertaking new diet and exercise regimens, coping with age prejudice, and

sorting out key political questions. On a more intimate level, Carter paints a glowing portrait of his happy marriage to Rosalynn, a relationship that deepened when they became grandparents. Here too are fascinating sketches of world leaders, Nobel laureates, and great thinkers President Carter has been privileged to know—and the valuable lessons on aging he learned from them. *The Virtues of Aging* celebrates both the blessings that come to us as we grow older and the blessings older people can bestow upon others. An important and moving book, written with gentleness, humor, and love, *The Virtues of Aging* is a treasure for readers of all ages.

The Book of Virtues Simon and Schuster

Four entertaining, inspiring stories from *Adventures from the Book of Virtues*, the animated TV series adapted from William J. Bennett's best-selling *The Book Of Virtues*.

The Children's Book of Heroes Simon and Schuster

William Monroe addresses what William J. Bennett ignores in *The Book of Virtues*: How do readers use literature as "equipment for living"? Tackling modernism and postmodernism, Monroe outlines "virtue criticism," an alternative to current theory. Focusing on works by T. S. Eliot, Vladimir Nabokov, and Donald Barthelme, he demonstrates that these alienistic texts are not just filled with belligerence but are also endowed with virtues, such as trust and the promise of solidarity with the reader. By considering these vital texts as responses to personal situations and institutional practices, Monroe brings literature back to the common reader and shows how it offers functional responses to the dysfunctional situations of modern life. Readers interested in literary criticism, American culture, and the relationship between ethics and literature will be fascinated by virtue criticism and this fresh look at the virtues and vices of alienation. Chosen as a *Choice Magazine's Outstanding Academic Book* for 1999.

Introducing Moral Theology Simon & Schuster

Offers a deep history of style in theory and practice that transforms our understanding of style in the novel.

After Virtue A&C Black

For a century and a half, the artists and intellectuals of Europe have scorned the bourgeoisie. And for a millennium and a half, the philosophers and theologians of Europe have scorned the marketplace. The bourgeois life, capitalism, Mencken's "booboisie" and David Brooks's "bobos"—all have been, and still are, framed as being responsible for everything from financial to moral poverty, world wars, and spiritual desuetude. Countering these centuries of assumptions and unexamined thinking is Deirdre McCloskey's *The Bourgeois Virtues*, a magnum opus that offers a radical view: capitalism is good for us. McCloskey's sweeping, charming, and even humorous survey of ethical thought and economic realities—from Plato to Barbara Ehrenreich—overturns every assumption we have about being bourgeois. Can you be virtuous and bourgeois? Do markets improve ethics? Has capitalism made us better as well as richer? Yes, yes, and yes, argues McCloskey, who takes on centuries of capitalism's critics with her erudition and sheer scope of knowledge. Applying a new tradition of "virtue ethics" to our lives in modern economies, she affirms American capitalism without ignoring its faults and celebrates the bourgeois lives we actually live, without supposing that they must be lives without ethical foundations. High Noon, Kant, Bill Murray, the modern novel, van Gogh, and of course economics and the economy all come into play in a book that can only be described as a monumental project and a life's work. *The Bourgeois Virtues* is nothing less than a dazzling reinterpretation of Western intellectual history, a dead-serious reply to the critics of capitalism—and a surprising page-turner.

The Bourgeois Virtues Simon and Schuster

Provides a theologically substantive yet accessible overview of moral theology grounded in the Catholic tradition that is also illuminative to non-Catholic Christians.

Book of Virtues Cambridge University Press

From the author of *The Moral Compass* and *The Death of Outrage*, William J. Bennett's bestselling *The Book of Virtues* is an inspiring anthology that helps children understand and develop moral character—and helps parents teach it to them. Responsibility. Courage. Compassion. Honesty. Friendship. Persistence. Faith. Everyone recognizes these traits as essentials of good character. In order for our children to develop such traits, we have to offer them examples of good and bad, right and wrong. And the best places to find them are in great works of literature and exemplary stories from history. William J. Bennett has collected hundreds of stories in *The Book of Virtues*. From the Bible to American history, from Greek mythology to English poetry, from fairy tales to modern fiction, these stories are a rich mine of moral literacy, a reliable moral reference point that will help anchor our children and ourselves in our culture, our history, and our traditions—the sources of the ideals by which we wish to live our lives. Complete with instructive introductions and notes, *The Book of Virtues* is a book the whole family can read and enjoy—and learn from—together.
