of the feminine subject as a textual construction evolved through everyday life. A wide spectrum of texts are examined, exposing the fact that women "read" within a complex and conflicted cultural arena characterized by a significant intertextuality that multiply defines "femininity." Shopping Around raises these issues in the context of everyday cultural practices such as applying make-up,

reading magazines, watching television, and working-out, providing a unique introduction to postmodern feminist and cultural theory. **the giant of Russian literature** Tacet Books

Unfortunately, the very visit designed to help her brother introduces her to Count Alexei Vronsky and sets in motion a chain of events that will ripple through families and the unforgiving society of wealthy Moscow and St. Petersburg. Tolstoy's second novel, coming after War and Peace and further cementing his role as the primary Russian author of his age. Tolstoy drew on his aristocratic upbringing to set the scene for the novel, and it's widely believed that he wrote his own experiences and struggles with religion (documented in *A Confession*) into the central character of Konstantin Levin. An unexpected letter from an old friend, His Royal Highness Prince Kraus of Oldessa, to the Duke of Norlington contains a surprise that could change the lives of the young Duke and his ravishing sister, Lady Latasha, forever. Happily living on the Norlington family estate, quietly content amongst the lovely gardens and beauty of the English countryside, both siblings are astonished to learn that the Prince is seeking the Duke's consent for his brother, Prince Stefan, to ask for Latasha's hand in

marriage. Appalled at the thought of marrying a man she has never met, Latasha quickly realises that this is a political alliance that would benefit Prince Kraus, regardless of her feelings. Beautiful and intelligent, Latasha understands her main charm for him is her blood link to the Royal family, and the British protection such a marriage would afford his small principality from a Russian takeover. Whilst appreciating the severity of the situation in the Balkans, Latasha quickly makes it clear that she intends only to marry for love. Defiant and headstrong, she is

horrified when she realises that Queen Victoria is happy to give the match her blessing. But can she really sacrifice her own future happiness to secure the safety of others? Torn between patriotic duty and her wish for romance, Latasha reluctantly agrees to visit Oldessa in disguise to find out what Prince Stephan can offer in return for her freedom. Accompanied only by her elderly Nanny, and with the dark forces of the Russian army threatening all those living in 'The Kingdom of Flowers', Latasha's dreams are tested to the limits as she battles to save a principality - and

find true love.

<p>BridegroomNAThe Bored Bridegroom All the stories about Princes and Princesses in this book are true stories out of old books of history. There are some children who make life difficult by saying, first that stories about fairies are true, and that they like fairies; and next that they do not like true stories about real people, who lived long ago. I am quite ready to grant that there really are such things as fairies, because, though I never saw a fairy, any more than I have seen the little animals which lecturers call molecules and ions, still I have seen people who have seen fairies -</p>	<p>truthful people. Now I never knew a lecturer who ventured to say that he had seen an ion or a molecule. It is well known, and written in a true book, that the godmother of Joan of Arc had seen fairies, and nobody can suppose that such a good woman would tell her godchild what was not true - for example, that the squire of the parish was in love with a fairy and used to meet her in the moonlight beneath a beautiful tree. In fact, if we did not believe in fairy stories, who would care to read them? Yet only too many children dislike to read true stories, because the people in them were real,</p>	<p>and the things actually happened. Is not this very strange? This book is fully illustrated and annotated with a rare extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, CB, a contemporary poet and writer. Contents: Napoleon His Majesty The King Of Rome The Princess Jeanne Hacon The King Mi Reina! Mi Reina! Henriette The Siege Baby The Red Rose The White Rose Richard The Fearless Frederick And Wilhelmine Une Reine Malheureuse The 'Little Queen' Two Little Girls And Their Mother The Troubles Of Queen Elizabeth</p>
