Robert Ludlum's the Treadstone Resurrection Penguin

Out of the violent chaos of medieval Japan, a band of men from the mountain provinces rose to become some of the world's most feared warriors. These men trained to perfect their art – a deadly union of martial skill and deception – to defend themselves against the warlords, samurai and bandits who sought to exploit them. Hundreds of years later their name is a legend whispered down the generations. A select few are still trained in the ancient craft. Fewer still are selected to train at the feet of the most arcane practitioners of the shadow warriors... Nicholas Linnear is one of these elect. And as the city of New York is terrorized by a ritualistic murderer, he may be the only man who can stop these killings. A ghost, an assassin, guided by honour and tradition: the Ninja.

Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. As Bourne's destiny circles closer to Arkadin's, it becomes clear that the eventual collision of these men is not of their own making. Someone else has been watching and manipulating them. Until one day he finds himself the target of an assassin nearly as skilled as himself and is framed for the brutal murder of his two closest associates and friends. Fighting for his life against unseen assailants, as well as the full resources of the CIA who believe he has gone dangerously rogue, the Bourne identity asserts itself, leaving Jason Bourne in control. Now Bourne must use all his skills to stay alive as he battles against a determined assassin, the combined skills of the world's intelligence networks, and a shadowy figure in the background, skillfully manipulating events and people, in a far deadlier and more dangerous game than any of them realize.
