Jason Bourne is one of the most popular and compelling characters in modern fiction. Originally created by bestselling author Robert Ludlum, now New York Times bestselling writer Eric Van Lustbader carries on Ludlum's legacy with a new novel about the rogue secret agent who has lost his memory . . . Jason Bourne has been pursued by powerful governments--and escaped. Hunted by the most skilled assassins in the world--and outsmarted them. Targeted

by terrorists--and defeated their plans for global chaos. But now, Bourne wants only one thing: retribution. **THE BOURNE RETRIBUTION** Bourne's friend Eli Yadin, head of Mossad, learns that Ouyang Jidan, a senior member of China's Politburo, and a major Mexican drug lord may have been trafficking in something far more deadly than drugs. Yadin needs Bourne to investigate. Bourne agrees, but only because he has a personal agenda: Ouyang Jidan is the man who ordered Rebeka--one of the only people Bourne has ever truly cared about--murdered. Bourne is determined to avenge her death, but in the process he becomes enmeshed in a monstrous world-wide scheme involving the Chinese, Mexicans, and Russians. Bourne's increasingly desperate

search for Ouyang takes him from Tel Aviv to Shanghai, Mexico City, and, ultimately, a village on China's coast where a clever trap has been laid for him. Bourne finds himself pursued on all sides and unsure whom he can trust. As he moves closer to Ouyang, closer to avenging the woman he loved, he also moves ever closer to his own death . . . The Russian died at the hands of a shadowy assassin known only by the nickname Lennon. Now everything has changed for Bourne. Nova is gone, killed in a mass shooting in Las Vegas. Bourne is a lone operative, working in the shadows for Treadstone, when he's called in for a new mission in London—to prevent another assassination masterminded by Lennon. But nothing about this mission is what it seems. As Bourne engages in a cat-and-mouse game with Lennon across the British countryside, he discovers that everything he thought he knew about the past was a lie. professor of Eastern Studies at Georgetown University, living a quiet life, far from the dangers of his previous life. Until one day he finds himself the target of an assassin nearly as skilled as himself and is framed for the brutal murder of his two closest associates and friends. Fighting for his life against unseen assailants, as well as the full resources of the CIA who believe he has gone dangerously rogue, the Bourne identity asserts itself, leaving Jason Bourne in control. Now Bourne must use all his skills to stay alive as he battles against a determined assassin, the combined skills of the world's intelligence networks, and a shadowy figure in the background, skillfully manipulating events and people, in a far deadlier and more dangerous game than any of them realize.
