Breeding a Litter Simon and Schuster
Fifth in the Kennel Club Classics breed series, The Whippet, written by renowned Whippet breeder, judge and historian Bo Bengtson, is the bible on the Whippet, one of the world's most popular and beloved purebred dogs. This book's detailed chapters on everything from the history of the breed to the breed's accomplishments in dog shows around world to the Whippet's participation in racing and coursing events make it the most important and beautiful book ever published on the Whippet. With hundreds of vintage and modern photographs, this book is a must-have for every whippet owner.

The Dog Breeder's Guide to Successful Breeding and Health Management Bloomsbury Publishing USA
Cooperative breeding is an unusual kind of social behaviour, found in a few hundred species worldwide, in which individuals other than the parents help raise young. Understanding the apparently altruistic behaviour of helpers has provided numerous challenges to evolutionary biologists. This book includes detailed first-hand summaries of many of the major empirical studies of cooperatively breeding birds. It provides comparative information on the demography, social behaviour and behavioural ecology of these unusual species and explores the diversity of ideas and the controversies which have developed in this field. The studies are all long-term and consequently the book summarises some of the most extensive studies of the behaviour of marked individuals ever undertaken. Graduate students and research workers in ornithology, sociobiology, behavioural ecology and evolutionary biology will find much of value in this book.

The Gull Next Door Cottonmark Oy
Cooperative breeders are species in which more than a pair of individuals assist in the production of young. Cooperative breeding is found in only a few hundred bird species world-wide, and understanding this often strikingly altruistic behaviour has remained an important challenge in behavioural ecology for over 30 years. This book highlights the theoretical, empirical and technical advances that have taken place in the field of cooperative breeding research since the publication of the seminal work Cooperative Breeding in Birds: Long-term Studies of Behavior and Ecology (1990, HB ISBN 0521 372984, PB ISBN 0521 378907). Organized conceptually, special attention is given to ways in which cooperative breeders have proved fertile subjects for testing modern advances to classic evolutionary problems including those of sexual selection, sex-ratio manipulation, life-history evolution, partitioning of reproduction and incest avoidance. It will be of interest to both students and researchers interested in behaviour and ecology.

Megan's Mark B.E.S. Publishing
Breeding a Litter: The Complete Book of Prenatal and Postnatal Care is the most up-to-date and inclusive guide to breeding, whelping and placing puppies. There is a focus on making the most of the "breeding experience" in order to produce puppies who are physically and emotionally sound and go on to enjoy life and enrich the lives of the humans around them. This book contains the all-important basic knowledge necessary to serve as a foundation for the reality of firsthand experience. A clear and commonsense format shows everyone who is thinking about breeding a litter how to create the best possible environment for dogs, puppies and owners alike. Beyond the basics, author Beth J. Finder Harris gives detailed information on selecting breeding stock, neonatal care, puppy development, social conditioning, and also fully addresses the aspects of breeders' responsibilities, contracts and puppy care instructions. A Howell Dog Book of Distinction

Cooperative Breeding in Vertebrates Sourcebooks, Inc.
From New York Times bestselling author Lora Leigh comes a new, revised edition of a beloved classic in the passionate Breed series—Elizabeth ’ s Wolf won the hearts of readers everywhere when it was first released, and now experience the magic again in this special, expanded edition! Special-Forces solider Dash has all but given up his will to live until an innocent letter from a little girl brings him back to life. Cassie writes to him every week, strengthening his resolve to recover from the devastating loss of his unit. But when the letters suddenly stop arriving, Dash instinctively knows Cassie and her mother are in critical danger. Elizabeth and her daughter are on the run from a dark and bloody past that refuses to let them go. The stakes are too high for her to fall for this dangerous man who ’ s just walked into her life, but now more than ever she needs help. Saving his mate and her daughter calls Dash ’ s beast to the forefront and transforms the lone wolf into an alpha protector—he becomes Elizabeth ’ s wolf.

Breeding Stud Sheep Fox Chapel Publishing
Combining heroic stories of dogs with the latest scientific and psychological information, this book has provoked controversy with its lists that rank more than 100 breeds and its exciting new insights into the thoughts, emotions, and inner lives of dogs.

Stud Read Books Ltd
A uniquely personal meditation on Britain's gulls by one of today's leading wildlife writers From a

distance, gulls are beautiful symbols of freedom over the oceanic wilderness. Up close, however, they can be loud, aggressive and even violent. Yet gulls fascinate birdwatchers, and seafarers regard them with respect and affection. The Gull Next Door explores the natural history of gulls and their complicated relationship with humans. Marianne Taylor grew up in an English seaside town where gulls are ever present. Today, she is a passionate advocate for these underappreciated birds. In this book, Taylor looks at the different gull species and sheds light on all aspects of the lives of gulls—how they find food, raise families, socialize and migrate across sea, coastland and countryside. She discusses the herring gull, Britain's best-known and most persecuted gull species, whose numbers are declining at an alarming rate. She looks at gulls in legend, fiction and popular culture, and explains what we can do to protect gull populations around the world. The Gull Next Door reveals deeper truths about these remarkable birds. They are thinkers and innovators, devoted partners and parents. They lead long lives and often indulge their powerful drive to explore and travel. But for all these natural gifts, many gull species are struggling to survive in the wild places they naturally inhabit, which is why they are now exploiting the opportunities of human habitats. This book shows how we might live more harmoniously with these majestic yet misunderstood birds.

Animal Breeding Plans Cambridge University Press
This unique resource offers a general overview of canine body systems and how each system affects the breeding process. Key topics include nutrition, pharmacology, microbiology, parasitology, vaccinations, genetics, and endocrinology, as well as normal anatomy and disorders of the male and female reproductive systems. It provides illustrations which make important information more readily available and provide more accurate representations of actual clinical appearance. Each chapter begins with frequently asked questions and answers, offering quick and easy access to key information, and ends with a “ Test Your Understanding ” section that encourages readers to review what they have just read and apply it to real-life situations. The book also includes a first aid appendix which offers quick access to information related to various emergencies, and an appendix covering common problems seen in dogs. New in this second edition are an expanded section on genetics, information about alternative therapies such as herbal therapy and acupuncture, and details specifically for veterinary professionals.

Photos of Baby, spokedog for US Humane Society, with various celebrities.
Breeding Season Princeton University Press
Every year, on Valentine's Day, the great Thoroughbred farms open their breeding sheds and begin their primary business. For the next one hundred and fifty days, the cries of stallions and the vigorous encouragement of their handlers echo through breeding country, from the gentle hills of Kentucky to the rich valleys of California. Stud takes us into this strange and seductive world of horse breeding. We meet the world's leading sire, Storm Cat, the Triple Crown winner, Seattle Slew, and a nearly unmanageable colt, Devil Begone, who has found peace and prosperity on the banks of the Rio Grande servicing desert mares like Patty O'Furniture. Cheap stud, top stud, old stud, wild stud, from the Hall of Fame horse to the harem stallion with his feral herd, Stud looks at intimate acts in idyllic settings and the billion-dollar business behind them.

The American Kennel Club's Meet the Breeds Touchstone
Recent surveys indicate there are more mixed-breed dogs in the United States than any other single breed of dog. Mixed-Breed Dogs is one of the few books on the market to cover all aspects of choosing and living with a mixed-breed dog. The book includes information on how to identify a breed mix based on temperament and physical characteristics to help choose the right dog for your family, whether adopting a puppy from a shelter or rescuing an adult dog who lacks purebred registration. All newly authored text by an expert provides concise yet complete coverage on caring for a mixed-breed dog, including selection, feeding, housing, grooming, training, health, and fun activities.

Breeding Show Guppies Turner Publishing Company
In the first book of her erotic new series, Lora Leigh invites you to an intriguing world where genetically altered Breeds and the humans who created them commingle—and sometimes cross the boundaries of desire... Cursed with the extraordinary power to feel other peoples ’ emotions, Megan Fields has tucked herself away in a remote corner of New Mexico, working as a small-town sheriff ’ s deputy. She finds solace in the silence and heat of the desert. But when Breeds begin dying on her watch, Megan realizes that the secrets from her past can ’ t stay buried forever. Someone is out for blood—her blood. An arrogant Feline Breed, Braden Arness broods with feral intensity. His mission to solve the mysterious murders brings him to Megan, a woman who accosts his senses like no other. Only with him can she let down her guard—and surrender to the insatiable hunger that wracks her body. But as they team up to hunt the elusive killers, Braden and Megan find themselves becoming the prey...

The Dog Breed Bible Evernight Publishing
Meet the Breeds will detail all of the American Kennel Club recognized dog breeds, including information about each breed's history, breed standards, appearance, and temperament. At 216 pages, this comprehensive dog breed guide will dedicate one page to each breed, with AKC approved puppy and adulthood photos of each breed to help the reader recognize the dogs more easily. BowTie Press is working directly with the American Kennel Club and the individual breed clubs associated with the AKC to bring this book to life. The book will have an introduction from Dennis Sprung, the current President and CEO of the American Kennel Club. A short chapter dedicated to helping readers choose the best breed of dog for their lifestyle will also be included. The 2012 Edition of Meet the Breeds adds 11 new official breed descriptions, affirmed by the American Kennel Club in 2011. Each new breed includes a short history of the breed, a basic physical description, breed statistics, and two photos illustrating the breed's appearance and form. The book itself has been lightly redesigned, giving it a cleaner, more straightforward and dynamic appearance to allow easy reading and searching through its pages.

Breeds Landlinks Press
Beautifully written and elegantly paced, The Story of Edgar Sawtelle is a coming-of-age novel about the power of the land and the past to shape our lives. It is a riveting tale of retribution, inhabited by empathic animals, prophetic dreams, second sight, and vengeful ghosts. Born mute, Edgar Sawtelle feels separate from the people around him but is able to establish profound bonds with the animals who share his home and his name: his family raises a fictional breed of exceptionally perceptive and affable dogs. Soon after his father's sudden death, Edgar is stunned to learn that his mother has already moved on as his uncle Claude quickly becomes part of their lives. Reeling from the sudden changes to his quiet existence, Edgar flees into the forests surrounding his Wisconsin home accompanied by three dogs. Soon he is caught in a struggle for survival—the only thing that will prepare him for his return home.
Goat Farming - A Comprehensive Guide to Breeding, Health, Feeding, Products and Many Other Important Aspects of Goat Farming John Wiley & Sons
Breeding Stud Sheep shows how to establish and manage a successful sheep stud. All aspects of stud breeding are

covered, including where and how to buy your sheep, selecting the right breeding stock for your stud, flock management, nutrition, disease control, lambing problems, showing sheep, promotion and marketing, and selling stud genetics. The detailed step-by-step strategies will give the reader the ability to develop alternative approaches that best suit their situation. It also explains how new initiatives such as performance recording, DNA testing and modern reproductive techniques can be integrated with the old, time-honoured traditions of sheep breeding. Profiles of highly recognised stud breeders are included, detailing how they started and the strategies they have used to grow their stud sheep operations over many years. This book will help new breeders avoid the pitfalls and mistakes that can occur when starting a new stud venture, and show how to succeed in what is ultimately a tough but very rewarding industry.

Mixed-breed Dogs Cambridge Scholars Publishing

The Breed Next Door Penguin

When Friedman moved to New York City, he missed the dogs that had surrounded him growing up. He began photographing dogs on the street, and posting them on his blog, The Dogist. Whether because of the look in a dog's eyes, its innate beauty, or even the clothes its owner has dressed it in, every portrait in this book tells a story and explores the dog's distinct character and spirit.

The Complete Book of Dog Breeding Createspace Independent Publishing Platform

First published in 1943, “ Animal Breeding Plans ” contains a detailed guide on animal breeding designed for students with experience of genetics, embryology, breeds, and stock judging. It aims to furnish the reader with a clear understanding of the means available for improving the heredity of farm animals, especially what each possible method will or will not do well. Highly recommended for modern farmers and animal breeders. Contents include: “ Origin and Domestication of Farm Animals ” , “ Consequences of Domestication ” , “ Beginning of Pedigree Breeding Methods in the United States ” , “ History of Animal Breeding Methods in the United States ” , “ Relation of the Breed Association to Breed Improvement ” , “ Genetic Principles in Animal Breeding ” , “ Mendelian Basis of Inheritance ” , etc. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new introduction on farming.

Ethical Pet Ownership Simon and Schuster

A gorgeous debut about family, friendship, first romance, and how to be true to one person you love without betraying another The Garretts are everything the Reeds are not. Loud, numerous, messy, affectionate. And every day from her balcony perch, seventeen-year-old Samantha Reed wishes she was one of them . . . until one summer evening, Jase Garrett climbs her terrace and changes everything. As the two fall fiercely in love, Jase's family makes Samantha one of their own. Then in an instant, the bottom drops out of her world and she is suddenly faced with an impossible decision. Which perfect family will save her? Or is it time she saved herself? A dreamy summer read, full of characters who stay with you long after the story is over. "A summer romance with depth." —The Boston Sunday Globe "Fitzpatrick's excellent first novel movingly captures the intensity of first love." —Publishers Weekly, starred review "An almost perfect summer romance." —Kirkus Reviews "On par with authors such as Sarah Dessen and Deb Caletti." —SLJ
