Buster, a half-German Shepherd mutt, was adopted by Roy Hattersley in December 1995. He began to dictate his diaries soon after his arrival. Buster became England's most famous dog in 1996 when he defended himself against a goose in St. James's Park -- a goose which, unfortunately, belonged to the Queen. Pursued by the press ever since, he has sought solace in writing. *Buster's Diaries* is the comically heart-warming true story of Buster's triumph over adversity, as he describes his

rescue from a paw-to-mouth existence on scraps to his new life in the lap of luxury -- and at the same time reveals the secrets of the strange relationship between dog and the Man on the other end of the lead. Never before have readers been offered such insights into the aromatic canine world. The irresistible fragrance of chicken bones picked off the sidewalk. The special rituals required to receive delicious treats (pig ears, dog biscuits). The sawdust balls Buster must eat to stay healthy while the Man gobbles down chocolate cookies. The painful digestive consequences of eating cream filled cookies while still wrapped. The diaries also reveal the strain of living with the Man -- the constant power struggle of who's boss, the "training" ceremonies, the Man's strange excrement

collection syndrome and reliance on new dog humiliation technology. Buster's Diaries will make you laugh and it will make you cry but it has a happy ending.

The Broke Diaries Villard

A memoir covering the years 1971-1976. It's about what Dr. Edelin saw, heard, felt, and experienced in treating sick and poor women during the days of his residency at Boston City Hospital, and it's about the perversion of justice in the pursuit of ideology. And it's about what occurred when a cunning, inquisitorial prosecutor was able to get an all-white, mainly Irish-Catholic male jury from a tainted pool and manipulate it impose his own philosophy.

Roger and Carolyn Perron purchased the home of their dreams and eventual nightmares in December of 1970. The Arnold Estate, located just beyond the village of Harrisville, Rhode Island seemed the idyllic setting in which to raise a family. The couple unwittingly moved their five young daughters into the

ancient and mysterious farmhouse. Secrets were kept and then revealed within a space shared by mortal and immortal alike. Time suddenly became irrelevant; fractured by spirits making their presence known then dispersing into the ether. The house is a portal to the past and a passage to the future. This is a sacred story of spiritual enlightenment, told some thirty years hence. The family is now somewhat less reticent to divulge a closely-guarded experience. Their odyssey is chronicled by the eldest sibling and is an unabridged account of a supernatural excursion. Ed and Lorraine Warren investigated this haunting in a futile attempt to intervene on their behalf. They consider the Perron family saga to be one of the most compelling and significant of a famously ghost-

storied career as paranormal researchers. During a seance gone horribly wrong, they unleashed an unholy hostess; the spirit called Bathsheba; a God-forsaken soul.

Perceiving herself to be the mistress of the house, she did not appreciate the competition. Carolyn had long been under siege; overt threats issued in the form of fire...a mother's greatest fear. It transformed the woman in unimaginable ways. After nearly a decade the family left a once beloved home behind though it will never leave them, as each remains haunted by a memory. This tale is an inspiring testament to the resilience of the human spirit on a pathway of discovery: an eternal journey for the living and the dead.

“ People always say I ’ m

going to look back on these days and laugh — why put it off? ”

When Angela Nissel found herself struggling financially while in college, instead of sulking, she decided to entertain herself by creating an online journal that chronicled her day-to-day trials and tribulations.

Written with humor and intelligence, her “ Broke Diary ” quickly found an audience as people wrote to Angela to empathize with, console, and laugh with her about her experiences and even share their own. The Broke Diaries is the first complete compilation of her experiences, written in a voice that is funny, unique, and dead-on. On buying ramen noodles: I am soooooo embarrassed. I only have 33 cents. I (please don ’ t laugh) put the money on the counter and quickly attempt to dash out with my Chicken Flavored Salt Noodles. The guy calls me back! I look up instinctively, I should have run .

.. Why didn ' t I run????!! He tells me the noodles are 35 cents. I try to apologize sincerely. I thought the sign said 33 cents yesterday, so that ' s all I brought with me. Could he wait while I ran home and get the 2 cents? I show him my student I.D. to let him know I am not a thief. He shakes his head and motions either for me to get the hell out of his store and never come back again or get the money as do come back. I don ' t know. He said something like " Nyeh " and swiped his hand in my direction. I can ' t translate hand motions well. The noodles: tasty!!!

When Jenny Lawson was little, all she ever

wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let ' s Pretend This Never Happened*, Lawson ' s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. On Diary is the second collection in English of the groundbreaking and profoundly influential work of one of the best-known and provocative theorists of autobiography and diary. Ranging from the diary 's historical origins to its pervasive presence on the Internet, from the spiritual journey of the sixteenth century to the diary of Anne Frank, and from the materials and methods of diary writing to the question of how diaries end, these essays display Philippe Lejeune 's expertise, eloquence, passion, and humor as a commentator on the functions, practices, and significance of keeping or reading a diary. Lejeune is a leading European critic and theorist of diary and autobiography. His landmark essay, "The Autobiographical Pact," has shaped life writing

studies for more than thirty years, and his many books and essays have repeatedly opened up new vistas for scholarship. As Michael Riffaterre notes, "Lejeune's work on autobiography is the most original, powerful, effective approach to a difficult subject. . . . His style is very personal, lively. It grabs the reader as scholarship rarely does. Lejeune's erudition and methodology are impeccable." Two substantial introductory essays by Jeremy Popkin and Julie Rak place Lejeune's work within its critical and theoretical traditions and comment on his central importance within the fields of life writing, literary genetic studies, and cultural studies.
