Full size image In a ruined world, where wealthy humans push health and longevity to extremes and surround themselves with a shining metal wall, privilege and security is predicated on the services of cloned Neandertals, and the exploitation of women in the shanty towns and wastelands beyond the fortress city. This is the frightening yet moving story of orphaned Alida and her younger sister Graycie, and their struggle for survival in the Demi-Settlements outside the wall. When the sisters are forced to enter the City by very different means they risk being separated forever. Cloned Neandertal officer, Shuqba is exiled to a security outpost in the Demi-Settlements when she fails to adhere to the impossible standards set for her species within the City. Will she offer a lifeline to Alida or betray her? The Shining Wall is at once a frightening parable of our unjust world of haves and have nots, a richly imagined yet thrilling story of technological control and the fight for survival, and a paeon to female friendship and power. 'Gripping from the word GO. A fearlessly feminist imagining of the entire fractured human genus in a future none of us should ever have to face. The Shining Wall enshrines familiar relationships even as it destroys genre tropes about a woman's role in a ruined world. Leave it to a new voice like this to set the post-apocalyptic construction on its ear. A triumph of realistic science fiction.' — Meg Elison, author of The Book of the Unnamed Midwife ‘ Gritty and voicey, perhaps prescient, this is a gripping dystopia from a shining new voice. ’ — Marlee Jane Ward, author of Welcome to Orphancorp and Psynode

IN A PEACEFUL NEW ENGLAND VILLAGE, TERROR LIES LURKING BENEATH THE SURFACE... Phillipsport, Maine seems to be the perfect place for novelist Rick Sycek to settle in to. A small seaport village, it is quaint and peaceful, just what Rick needs in order to write his next novel. On his drive into town Rick runs over what appears to be a large crab in the road. About the size of a common house cat and sporting a segmented tail that resembles the stinger of a scorpion, it is unlike any crustacean he or anybody else in town has seen before. Within the next day the town is literally besieged by hundreds of the creatures -- which Rick calls Clickers due to the sound their claws make as the click together -- as they ravage and plunder anything unlucky enough to get in their way. NOW THE WAVE OF TERROR BEGINS... Hundreds of Clickers literally beach themselves in a wave of terror that ends in horror and death for some....but it brings the town together collectively in a fight to drive the creatures back. Rick joins his new friends in fighting the creatures off only to discover that the Clickers aren't merely here to ravage and pillage. They are being driven up on the shores of this New England by instinct. For something is hunting the Clickers. Something far worse than any of them could ever imagine...
