The Last Utopians delves into the biographies of four key figures--Edward Bellamy, William Morris, Edward Carpenter, and Charlotte Perkins Gilman--who lived during an extraordinary period of literary and social experimentation. The publication of Bellamy's *Looking Backward* in 1888 opened the floodgates of an unprecedented wave of utopian writing. Morris, the Arts and Crafts pioneer, was a committed socialist whose *News from Nowhere* envisions a workers' Arcadia. Carpenter boldly argued that homosexuals constitute a utopian vanguard. Gilman, a women's rights activist and the author of "The Yellow Wallpaper," wrote numerous utopian fictions, including *Herland*, a visionary tale of an all-female society. These writers, Robertson shows, shared a belief in radical equality, imagining an end to class and gender hierarchies and envisioning new forms of familial and romantic relationships. They held liberal religious beliefs about a universal spirit uniting humanity. They believed in social transformation through nonviolent means and were committed to living a simple life rooted in a restored natural world. And their legacy remains with us today, as Robertson describes in entertaining firsthand accounts of contemporary utopianism, ranging from Occupy Wall Street to a Radical Faerie retreat.

A sumptuous biographical saga, both intimate and epic, about the waning of the British Empire in India John Auden was a pioneering geologist of the Himalaya. Michael Spender was the first to draw a detailed map of the North Face of Mount Everest. While their younger brothers--W. H. Auden and Stephen Spender--achieved literary fame, they vied to be included on an expedition that would deliver Everest's summit to an Englishman, a quest that had become a metaphor for Britain's struggle to maintain power over India. To this rivalry was added another: in the summer of 1938 both men fell in love with a painter named Nancy Sharp. Her choice would determine where each man's wartime loyalties would lie. Set in Calcutta, London, the glacier-locked wilds of the Karakoram, and on Everest itself, *The Last Englishmen* is also the story of a generation. The cast of this exhilarating drama includes Indian and English writers and artists, explorers and Communist spies, Die Hards and Indian nationalists, political rogues and police informers. Key among them is a highborn Bengali poet named Sudhin Datta, a melancholy soul torn, like many of his generation, between hatred of the British Empire and a deep love of European literature, whose life would be upended by the arrival of war on his Calcutta doorstep. Dense with romance and intrigue, and of startling relevance for the great power games of our own day, Deborah Baker's *The Last Englishmen* is an engrossing story that traces the end of empire and the stirring of a new world order.

With Nigel in the jury selection pool are a lovely young woman with a mysterious tattoo, an elderly widow with piercing blue eyes and a mind like a tack, a slick millennial whose occupation is cornering the market on prescription drugs, and a tall man with an aquiline nose who seems reluctant to say exactly how he received his jury summons. Moriarty Returns a Letter Casemate

An anthology of first-hand accounts of the Baker Bandits, U.S. Marines on the front line of battle during the Korean War. B-1-5 was a unique company in the Korean War. The Baker Bandits fought at Inchon, Naktong, Chosin Reservoir, Guerrilla Hunts and the many numbered hills. They inspired one B Company Commander, Gen. Charlie Cooper, to the extent that when he became Commanding General of the Marines First Division in 1977, his time with B-1-5 inspired his "Band Of Brothers Leadership Principles" used widely in the Corps for many years. Emmett Shelton was a nineteen-year-old Marine Reservist in 1950. He was called to duty after graduating Austin High School and, within six months, he was a rifleman in Korea. The Korean winter of 1950 was brutal, and Emmett was evacuated shortly after Chosin due to frostbite. After the war, Emmett got on with life, then in the 1980s he attended a Chosin Few Reunion. He was overwhelmed by a need to reconnect with his old Company, his Baker Bandits. Emmett tracked down B Company members one-by-one and started a newsletter, The Guidon, to share stories and reconnect. For twenty years Emmett published The Guidon, monthly. The contributing readership grew to a high of 300, including a number of young B Company Marines fighting in Afghanistan. The Baker Bandits brings together firsthand accounts from The Guidon, written by the men of B-1-5 about their time in Korea: their battles, their fallen commanders, death in the foxhole, lost platoons, injuries, and what happened to them after the war. Praise for Baker Bandits "The accounts include writings by officers, non-commissioned officers, and enlisted men, all of whom shared the terrible experiences of the Korean War together. This method of organizing the book is unusual, but it works well here, with a natural flow to the narrative due to careful editing and ordering. The veterans of the Korean War are almost all gone now. While their war was smaller in scope, their actions and service deserve to be remembered." —Military Heritage Magazine "The

accounts give an intensely personal look at [the marines'] experiences in the war, interspersed with historical narrative and sobering lists of casualties." —Seapower
