Virginia Woolf's classic plea for a world in which women are free to use their gifts is as powerful and resonant as ever. In this influential extended essay, Virginia Woolf outlined what women need in order to fully make use of their abilities. Using powerful images and memorable thought experiments--such as a fictional sister of William Shakespeare, who is as talented as her brother but limited in ways he was not--Woolf analyzes the many ways in which women have been held back throughout history and still are in her own time. First published in 1929, *A Room of One's Own* has been a towering and inspirational statement of feminist principles for nearly a century--and remains relevant now, at a time of growing awareness of the kind of social injustices that she decried.

The new novel in the transporting New York Times bestselling Inspector Montalbano mystery series Giovanni Trincanato has brought ruin to the shipyard he inherited from his father and when a worker he fires hangs himself on the construction site, Inspector Montalbano is called to the scene. In short order, the inspector loses his temper with the crass Giovanni, delivers a slap to his face, and unfortunately, it won't be the last he sees of Trincanato. Meanwhile, a mysterious schooner called Halcyon shows up in the harbor, seemingly deserted except for just one man. With its presence comes even more mysteries, another death, and the arrival of the FBI. Alongside Sicilian-American Agent Pennisi, Montalbano and his team must attempt a suspenseful infiltration operation in this new, page-turning Inspector Montalbano mystery.

Winner of the 2016 Whiting Award One of Publishers Weekly's "Most Anticipated Books of Spring 2016" One of Lit Hub's "10 must-read poetry collections for April" "Reading Vuong is like watching a fish move: he manages the varied currents of English with muscled intuition. His poems are by turns graceful and wonderstruck. His lines are both long and short, his prose narrative and lyric, his diction formal and insouciant. From the outside, Vuong has fashioned a poetry of inclusion." —The New Yorker "Night Sky with Exit Wounds" establishes Vuong as a fierce new talent to be reckoned with...This book is a masterpiece that captures, with elegance, the raw sorrows and joys of human existence."—Buzzfeed's "Most Exciting New Books of 2016" "This original, sprightly wordsmith of tumbling pulsing phrases pushes poetry to a new level...A stunning introduction to a young poet who writes with both assurance and vulnerability. Visceral, tender and lyrical, fleet and agile, these poems unflinchingly face the legacies of violence and cultural displacement but they also assume a position of wonder before the world." —2016 Whiting Award citation "Night Sky with Exit Wounds is the kind of book that soon becomes worn with love. You will want to crease every page to come back to it, to underline every other line because each word resonates with power."—LitHub "Vuong's powerful voice explores passion, violence, history, identity—all with a tremendous humanity."—Slate "In his impressive debut collection, Vuong, a 2014 Ruth Lilly fellow, writes beauty into—and culls from—individual, familial, and historical trauma. Vuong exists as both observer and observed throughout the book as he explores deeply personal themes such as poverty, depression, queer sexuality, domestic abuse, and the various forms of violence inflicted on his family during the Vietnam War. Poems float and strike in equal measure as the poet strives to transform pain into clarity. Managing this balance becomes the crux of the collection, as when he writes, 'Your father is only your father/ until one of you forgets. Like how the spine/ won't remember its wings/ no matter how many times our knees/ kiss the pavement.' " —Publishers Weekly "What a treasure [Ocean Vuong] is to us. What a perfume he's crushed and rendered of his heart and soul. What a gift this book is."—Li-Young Lee *Torso of Air* Suppose you do change your life. & the body is more than a portion of night—sealed with bruises. Suppose you woke & found your shadow replaced by a black wolf. The boy, beautiful & gone. So you take the knife to the wall instead. You carve & carve

until a coin of light appears & you get to look in, at last, on happiness. The eye staring back from the other side— waiting. Born in Saigon, Vietnam, Ocean Vuong attended Brooklyn College. He is the author of two chapbooks as well as a full-length collection, *Night Sky with Exit Wounds*. A 2014 Ruth Lilly Fellow and winner of the 2016 Whiting Award, Ocean Vuong lives in New York City, New York.

In a galactic culture that extends from quasi-Utopian worlds like New Alexandria to vermin-infested slums like Old Earth, starship pilots have become the great romantic heroes of the day. When Star-Pilot Grainger is rescued from a shipwreck, he finds himself pressed into reluctant service to fly the Hooded Swan, the prototype of a new kind of interstellar ship. He's also picked up an alien parasite that's determined to share his brain. Under these dire circumstances, can Grainger possibly stay out of trouble? Not a chance!

In the world of Justice Wing, heroes and villains have contended with one another for decades spanning four eras. Now, with the heroes in nadir, Super-archer Broadhead, one of the first prosahuman heroes (meaning he possesses no special powers) struggles to maintain his edge with a failing body. This struggle is compounded by a well deserved reputation for being a butthole (though usually not using the word 'butt') and for an incident that cost him his partnership with his sidekick and the respect of his peers many years before. And yet, through it all he continued to both fight to protect the innocent (admittedly usually while insulting them) and to continue to improve both his skills and his gear, under the basic ethos he always lived by: Plan your projects, create and test a prototype, produce the final result, then continually perfect the design with new models.

Now, ten years after a worldwide disaster caused by a mad god's desperate attempt to destroy not just the world but the entire multiverse, Broadhead keeps himself held together with medication and black market super science. But, with a young super-archer named Darkhood coming up, continued estrangements, haunted by his past, and finally benched for his own safety and health, Broadhead finds himself plunging into increasingly vivid memories spanning all four eras -- the Emergence of the heroes, their Halcyon Days, the horrifying Apocalypse Agenda, and now Justice Wing In Nadir, reliving his worst mistakes. Seeking validation, he desperately watches a television program that tests and debunks super-feats in hopes they will prove Darkhood's greatest arrow-shot was impossible...

only to have the one person he never thought would support Darkhood show up. After a life of pushing prosahuman heroes to train and prepare for all situations instead of grandstanding and making it up as they go along, Broadhead's last remaining legacy seems ready to crumble... along with his very life.

How insurgencies—enabled by digital devices and a vast information sphere—have mobilized millions of ordinary people around the world. In the words of economist and scholar Arnold Kling, Martin Gurri saw it coming. Technology has categorically reversed the information balance of power between the public and the elites who manage the great hierarchical institutions of the industrial age: government, political parties, the media. The Revolt of the Public tells the story of how insurgencies, enabled by digital devices and a vast information sphere, have mobilized millions of ordinary people around the world. Originally published in 2014, *The Revolt of the Public* is now available in an updated edition, which includes an extensive analysis of Donald Trump's improbable rise to the presidency and the electoral triumphs of Brexit. The book concludes with a speculative look forward, pondering whether the current elite class can bring about a reformation of the democratic process and whether new organizing principles, adapted to a digital world, can arise out of the present political turbulence.

Rebecca Ross, #1 New York Times bestselling author of *Divine Rivals*, delivers a thrilling new romantasy about a girl who partners with an unlikely ally to save her sister's life. Perfect for fans of *Heartless Hunter*, *Dance of Thieves*, and *Warrior of the Wild*. After eight years apart, Evadne can't wait to see her older sister, Halcyon. But, when Halcyon returns from the queen's army a day early, Eva knows something is terribly wrong. Halcyon is on the run and being chased by her commander after being charged with murder. Though Halcyon's life is spared, her punishment is heavy— five years hard labor, five years imprisonment, and five years serving the house she has wronged. Suspicious of the circumstances, Eva volunteers to take part of Halcyon's sentence. She's sent to serve in the commander's house, where she meets Damon, a handsome and intriguing mage. Eva must work with Damon on a potentially deadly mission to retrieve a powerful relic that could save the

kingdom—and clear her sister's name. But as the sisters continue to serve each of their sentences, they quickly learn that there are fates worse than death.

Taziri was the only pilot available to help the marshalls after an explosion in the airfield destroyed the fleet and killed most of the pilots. With assassins hiding in the shadows and riots raging throughout the country, Taziri quickly learns to defend herself with her own inventions. The marshalls had to rely on Taziri because in this country women controlled the government, the military, and the most powerful industries. Taziri tried her best, but in the end she felt her country's greatest hope for peace was to seek the help of an exiled Incan princess who rode a giant eagle and a swordsman who talked to ghosts.

Bestselling author of the Legend Trilogy A death-defying tropical adventure delivers a frightening message about dabbling with creation, perfect for fans of *Orphan Black*. On a remote island in the Pacific, Corpus scientists have taken test tube embryos and given them life. These beings—the Vitros—have knowledge and abilities most humans can only dream of. But they also have one enormous flaw. Sophie Crue is determined to get to Skin Island and find her mother, a scientist who left Sophie behind years ago. She enlists hunky charter pilot Jim Julien to take her there. But once on the island, Sophie and Jim encounter more than they bargained for, including a charming, brilliant Vitro named Nicholas and an innocent, newly awoken one named Lux. In a race for their lives, Sophie and Jim are about to discover what happens when science stretches too far beyond its reach.
