The mega-bestselling novel that made Jeffrey Archer a star, Kane and Abel, “a sprawling blockbuster!”—Publishers Weekly.

TWO STRANGERS BORN
WORLDS APART. ONE
DESTINY THAT WOULD
DEFINE THEM BOTH...

William Lowell Kane and Abel Rosnovski, one the son of a Boston millionaire, the other a penniless Polish immigrant—born on the same day near the turn of the century on opposite sides of the world—are brought together by fate and the quest of a dream.

Two men—ambitious, powerful, ruthless—are locked in a relentless struggle to build an empire, fueled by their all-consuming hatred. Over sixty years and three generations, through war, marriage, fortune, and disaster, Kane and Abel battle for the success and triumph that only one man can have. “Archer is a master entertainer.”—Time

Please allow me to introduce myself. I am a man, yet not a man. I

possess many things that would constitute wealth and taste. The truth of the matter is that these things are items from my past, an accumulation that matters only to me. I have been around for more years than I care to think of. It is my blessing and my curse that I cannot die, a fact of ultimate irony since I am being punished in this way for killing my brother, Abel. But this is not my story. That story will come another time. This is the story of two other brothers, their god and their conflict with Isis herself. I bring this journal forth once again to try to break the circle. Little is remembered of human history in very ancient times, but what has been recorded in the incomplete tomes you know as history has always told of religious struggle for

dominance-and that the dominating religion destroys all known evidence of any earlier religion in conflict with conquering belief system or ritual practice. Even with absolute control, is it possible to totally erase the existence of a proceeding civilization or religion? I have ensured with this tome that the story of where we came from and where we are going will be re-told in its entirety. Cain

Book of Nod Ken Branscum Delve deeper into the dark fantasy world of the Diablo universe as Deckard Cain shares history and lore in this fictional illustrated journal. In Blizzard Entertainment's Diablo® and Diablo II, the recurring character of Deckard Cain delivered quests, accompanied the brave adventurer, and, as the last

of the Horadrim, provided a link to the greater history of the world of Sanctuary. Ever mysterious during these appearances, Cain hinted at a larger story, providing snippets of it in his notebook. *Diablo III: Book of Cain* is Cain's formal record of this greater tale—a dissertation on the lore of the Diablo universe, told by one who has witnessed and participated in some of the epic events that make up the eternal conflict between the High Heavens and the Burning Hells. Designed as an “in-world” artifact from the Diablo universe, *Diablo III: Book of Cain* includes Cain's revealing meditations, as well as dozens of sketches and color artworks depicting the angelic and demonic beings who wage constant war with one another.

The Serpent's Shadow Simon and Schuster
The star and creative force behind Mr. Show and Arrested Development pens his "first and final book, chronicling his meteoric rise and abysmal fall in the literary world." After a decade spent in isolation in the Ugandan jungles thinking about stuff, David Cross has written his first book. Known for roles on the small screen such as "never-nude" Tobias Funke on Arrested Development and the role of "David" in Mr. Show With Bob And David, as well as a hugely successful stand-up routine full of sharp-tongued rants and rages, Cross has carved out his place in American comedy. Whether deflating the pomposity of religious figures, calling out the pathetic symbiosis of

pseudo-celebrity and its leaching fandom, or merely pushing the buttons of the way-too-easily offended P.C. left or the caustic, double-standard of the callous (but funnier) right, Cross has something to say about everyone, including his own ridiculous self. Now, for the first time, Cross is weaving his media mockery, celebrity denunciation, religious commentary and sheer madness into book form, revealing the true story behind his almost existential distaste of Jim Belushi ("The Belush"), disclosing the up-to-now unpublished minutes to a meeting of Fox television network executives, and offering up a brutally grotesque run-in with Bill O'Reilly. And as if this wasn't enough for your laughing pleasure in these troubled times, some of the

pieces splinter off with additional material being created online in exclusive video and animated web content created solely for the book—a historical first (presumably)! With a mix of personal essays, satirical fiction posing as truth, advice for rich people, information from America's least favorite Rabbi and a top-ten list of top-ten lists, *I Drink for a Reason* is as unique as the comedian himself, and cannot be missed.

Why screens in schools—from film screenings to instructional television to personal computers—did not bring about the educational revolution promised by reformers. Long before Chromebook giveaways and remote learning, screen media technologies were enthusiastically promoted by American education reformers. Again and again, as schools deployed film screenings, television programs, and computer games, screen-based learning was touted as a cure for all educational ills. But the transformation promised by advocates for screens in schools never happened. In this book, Victoria Cain chronicles important episodes in the history of educational technology, as reformers, technocrats, public television producers, and computer scientists tried to harness the power of screen-based media to shape successive

generations of students. Cain describes how, beginning in the 1930s, champions of educational technology saw screens in schools as essential tools for training citizens, and presented films to that end. (Among the films screened for educational purposes was the notoriously racist *Birth of a Nation*.) In the 1950s and 1960s, both technocrats and leftist educators turned to screens to prepare young Americans for Cold War citizenship, and from the 1970s through the 1990s, as commercial television and personal computers arrived in classrooms, screens in schools represented an increasingly privatized vision of schooling and civic engagement. Cain argues that the story of screens in schools is not simply about efforts to develop the right technological tools; rather, it reflects ongoing tensions over citizenship, racial politics, private funding, and distrust of teachers. Ultimately, she shows that the technologies that reformers had envisioned as improving education and training students in civic participation in fact

deepened educational inequities. *The Red Pyramid* Disney Electronic Content He's b-a-a-ack! Despite their best efforts, Carter and Sade Kane can't seem to keep Apophis, the chaos snake, down. #1 New York Times best-selling author Rick Riordan pays homage to Jules Verne in his exciting modern take on 20,000 Leagues Under the Sea. Ana Dakkar is a freshman at Harding-Pencroft Academy, a five-year high school that graduates the best marine scientists, naval warriors, navigators, and underwater explorers in the world. Ana's parents died while on a scientific expedition two years ago, and the only family's

she's got left is her older brother, Dev, also a student at HP. Ana's freshman year culminates with the class's weekend trial at sea, the details of which have been kept secret. She only hopes she has what it'll take to succeed. All her worries are blown out of the water when, on the bus ride to the ship, Ana and her schoolmates witness a terrible tragedy that will change the trajectory of their lives. But wait, there's more. The professor accompanying them informs Ana that their rival school, Land Institute, and Harding-Pencroft have been fighting a cold war for a hundred and fifty years. Now that cold war has been turned up to a full broil, and the freshman are in danger of becoming fish food. In a race against deadly enemies, Ana will make amazing friends and astounding discoveries about her heritage as she puts her leadership skills to the test for the first time. Rick Riordan's trademark humor, fast-paced action, and wide cast of characters are on full display in this undersea adventure that puts a new spin on Captain Nemo and the submarine Nautilus. Best-selling author Rick Riordan presents the sequel to Tehlor Kay Mejia's critically acclaimed own-voices novel about science-obsessed Paola Santiago. "Paola is a brilliant, furious girl who often trusts her brain but trips over her heart."--Sarah Gailey,

Hugo and Locus award-winning author of *River of Teeth* Six months after Paola Santiago confronted the legendary La Llorona, life is nothing like she'd expected it to be. She is barely speaking to her best friends, Dante and Emma, and what's worse, her mom has a totally annoying boyfriend. Even with her chupacabra puppy, Bruto, around, Pao can't escape the feeling that she's all alone in the world. Pao has no one to tell that she's having nightmares again, this time set in a terrifying forest. Even more troubling? At their center is her estranged father, an enigma of a man she barely remembers. And when Dante's abuela falls mysteriously ill, it seems that the dad Pao never knew just might be the key to healing the eccentric old woman. Pao's search for her father will send her far from home, where she will encounter new monsters and ghosts, a devastating betrayal, and finally, the forest of her nightmares. Will the truths her father has been hiding save the people Pao loves, or destroy them? Once again Tehlor Kay

Mejia draws on her Mexican heritage to tell a wild and wondrous story that combines creatures from folklore with modern-day challenges.
