Best-selling LDS author Joni Hilton brings us another heart-

warming novel, this time about Jana and Ethan Waterson, their family, and the spookiest house in town. Ethan is actually more terrified of his calling as bishop than of the "Witch House." He impulsively takes on the elderly residents and their dark mansion as a ward project. Jana holds guilt in her heart for an earlier decision, and they both have their hands full with three challenging

children. There's life-and-death drama, spiritual anguish, arcs of growth, and plenty of humor as well, in an inspiring story unlike any you've read before.

"A vital book for understanding the still-unfolding nightmare of nationalism and racism in the 21st century." – Francisco Cantu, author of *The Line Becomes a River* Stephen Miller is one of the most influential advisors in the White House. He has crafted Donald Trump's speeches, designed immigration policies that ban Muslims and separate families, and outlasted

such Trump stalwarts as Steve Bannon and Jeff Sessions. But he's remained an enigma. Until now. Emmy- and PEN-winning investigative journalist and author Jean Guerrero charts the thirty-four-year-old's astonishing rise to power, drawing from more than one hundred interviews with his family, friends, adversaries and government officials.

Radicalized as a teenager, Miller relished provocation at his high school in liberal Santa Monica, California. He clashed with administrators and antagonized dark-skinned classmates with invectives against bilingualism and multiculturalism. At Duke University, he cloaked racist and classist ideas in the language of patriotism and heritage to get them airtime amid controversies. On Capitol Hill, he served Tea Party congresswoman Michele Bachmann and nativist Alabama Senator Jeff Sessions. Recruited to Trump's campaign, Miller met his idol. Having dreamed of Trump's presidency before he even announced his decision to run, Miller became his senior policy advisor and speechwriter.

Together, they stoked dystopian fears about the Democrats, “ Deep State ” and “ American Carnage, ” painting migrants and their supporters as an existential threat to America.

Through backroom machinations and sheer force of will, Miller survived dozens of resignations and encouraged Trump ’ s harshest impulses, in conflict with the president ’ s own family. While Trump railed against illegal immigration, Miller crusaded against legal immigration. He targeted refugees, asylum seekers and their children, engineering an ethical crisis for a nation that once saw itself as the conscience of the world. Miller rallied support for this agenda, even as federal judges tried to stop it, by courting the white rage that found violent expression in tragedies from El Paso to Charlottesville.

“From an award-winning journalist, a provocative, deeply reported expose of the history and present crisis of anti-Semitism in France--and its dire consequences for the rest of Europe. Hate explores the alarming history and present predicament of anti-Semitism in France. By examining the issue at local, international, and personal levels--interviewing everyday French men and women as well as powerful leaders such as National Front

president Marine Le Pen--Weitzmann attempts to understand how nine Jews have been murdered by French citizens in the last eight years, and how France has become the number one country from which Western jihadists flee to join ISIS and other extremist Middle Eastern organizations. How do contemporary French Jews grapple with these troubling facts, and with the historical legacies of the French Revolution, the Holocaust, and the Gaullist "Arab-French policy"? While internationally minded consumers of the news may have some knowledge of the events Weitzmann

describes--including the 2013 "Day of Anger" and the rise of France's popular, and famously anti-Semitic, comedian Dieudonne M'bala M'bala--these controversies are largely unknown in the States, and utterly shocking in the unity Weitzmann gives them here. In his hands, these events are not just the story of French anti-Semitism, but that of the breakdown of a major Western power, of the dark side of our global age"--

The shattering novel of underground life the New York Times called "a cry of rapture and horror . . . the purest

lyrical genius.” Jean Genet’s debut novel *Our Lady of the Flowers*, which is often considered to be his masterpiece, was written entirely in the solitude of a prison cell. A semi-autobiographical account of one man’s journey through the Paris demi-monde, dubbed “the epic of masturbation” by no less a figure than Jean-Paul Sartre, the novel’s exceptional value lies in its exquisite ambiguity.

Few writers evoke the complexities of the heart and the gritty fascination of the American South as vividly as Donna Everhart, whose lyrical new novel, set against the background of the Great Depression, is a powerful story of courage, survival, and friendship . . . In the dense pine forests of North Carolina, turpentiners labor, hacking into tree trunks to draw out the sticky sap that gives the Tar Heel State its nickname, and hauling the resin to stills to be refined. Among them is Rae Lynn Cobb and her husband, Warren, who run a small turpentine farm together. Though the work is hard and often dangerous, Rae Lynn, who spent her childhood in an orphanage, is thankful for it—and for her kind if careless husband. When Warren falls victim to his own

negligence, Rae Lynn undertakes a desperate act of mercy. To keep herself from jail, she disguises herself as a man named “ Ray ” and heads to the only place she can think of that might offer anonymity—a turpentine camp in Georgia named Swallow Hill. Swallow Hill is no easy haven. The camp is isolated and squalid, and commissary owner Otis Riddle takes out his frustrations on his browbeaten wife, Cornelia. Although Rae Lynn works tirelessly, she becomes a target for Crow, the ever-watchful woods rider who checks each laborer ’ s tally. Delwood Reese, who ’ s come to Swallow Hill hoping for his own redemption, offers “ Ray ” a small measure of protection, and is determined to improve their conditions. As Rae Lynn forges a deeper friendship with both Del and Cornelia, she begins to envision a

path out of the camp. But she will have to come to terms with her past, with all its pain and beauty, before she can open herself to a new life and seize the chance to begin again.

Spain, 1936. Escalating violence between left- and right-wing political factions boils over. Military officers stage a coup against a democratically elected, Soviet-backed, government. The country is thrown into chaos as centuries-old tensions return to the forefront. Hundreds of thousands of Spaniards choose sides and engage in the most devastating combat since the First World War. For loyalists to the Republic, the fight is seen as one for equality and their idea of progress. For the rebels, the struggle is a preemptive strike by tradition against an attempted communist takeover. Thousands of foreigners, too, join the struggle. Most fight with the Soviet-sponsored

International Brigades or other militias aligned with the loyalist "Republicans". Only a few side with the rebel "Nationalists". One of these rare volunteers for the Nationalists was Peter Kemp, a young British law student. Kemp, despite having little training or command of the Spanish language, was moved by the Nationalist struggle against international Communism. Using forged documents, he sneaked into Spain and joined a traditionalist militia, the Requet é s, with which he saw intense fighting. Later, he volunteered to join the legendary and ruthless Spanish Foreign Legion, where he distinguished himself with heroism. Because of this bravery, he was one of the few foreign volunteers granted an private audience with Generalissimo Francisco Franco. Kemp published his story in 1957, one of the only English accounts of

the war from the Nationalist perspective, after a prestigious military career with the British Special Operations Executive during the Second World War. The book has been out-of-print for decades. Mystery Grove Publishing Company is proud to make this uncommon view on one of the 20th century's most significant conflicts available again.

A roman à clef about racism, identity, and bohemian living amidst the tensions and violence of Algerian War-era France, and one of the earliest published accounts of the Paris massacre of 1961. As a teenager, Simeon Brown lost an eye in a racist attack, and this young African

American journalist has lived in his native Philadelphia in a state of agonizing tension ever since. After a violent encounter with white sailors, Simeon makes up his mind to move to Paris, known as a safe haven for black artists and intellectuals, and before long he is under the spell of the City of Light, where he can do as he likes and go where he pleases without fear. Through Babe, another black American émigré, he makes new friends, and soon he has fallen in love with a Polish actress who is a concentration camp survivor. At the same time, however, Simeon begins to suspect that Paris is hardly the racial wonderland he imagined: The French government is struggling to suppress the revolution in Algeria, and Algerians are regularly stopped and searched, beaten, and arrested by the French police, while much worse is to come, it will turn out, in response to the protest march of October 1961. Through his friendship with Hossein, an Algerian radical, Simeon realizes that he can no longer remain a passive spectator to French injustice. He must decide where his true loyalties lie.

Making My Pitch tells the story of Ila Jane Borders, who despite formidable obstacles became a Little League prodigy, MVP of her otherwise all-male middle school and high school teams, the first woman awarded a college baseball scholarship, and the first to pitch and win a complete men ' s collegiate game. After Mike Veeck signed Borders in May 1997 to

pitch for his St. Paul Saints of the independent Northern League, she accomplished what no woman had done since the Negro Leagues era: play men's professional baseball. Borders played four professional seasons and in 1998 became the first woman in the modern era to win a professional ball game. Borders had to find ways to fit in with her teammates, reassure their wives and girlfriends, work with the media, and fend off groupies. But these weren't the toughest challenges. She had a troubled family life, a difficult adolescence as she struggled with her sexual orientation, and an emotionally fraught college experience as a closeted gay athlete at a Christian university.

Making My Pitch shows what it's like to be the only woman on the team bus, in the clubhouse, and on the field. Raw, open, and funny at times, her story encompasses the loneliness of a groundbreaking pioneer who experienced grave personal loss. Borders ultimately relates how she achieved self-acceptance and created a life as a firefighter and paramedic and as a coach and goodwill ambassador for the game of baseball. The Death of a Saint
Penguin
Originally published in 1920, *The Storm of Steel* is a first-hand account of World War I trench combat

lifted from the diaries of Ernst Jünger, a German infantryman who would become one of Europe's most talented writers. The book was first translated into English in 1929 by Basil Creighton, the acclaimed translator of many other classic works of German literature, and was widely hailed as a masterpiece. *The Storm of Steel* remains the definitive account of World War I, following Jünger through several major engagements as he develops from an eager young soldier into a battle-hardened officer. Subsequent revisions by the author removed many of the original editions' vivid descriptions of battle, along with his reflections on leadership, patriotism, and the nature of heroism, while later translations failed to compare to the original's compelling and readable prose. The original translation eventually fell out-of-print,

and is now being made available for the first time in decades to allow a new generation of readers to experience the classic that introduced millions to one of Europe's greatest voices.
